Capital Raising

Dart Mining NL ("Dart Mining" or "the Company") is pleased to advise that the Company has successfully raised \$300,000 (before costs) through a strongly supported placement of 33,333,333 shares at an issue price of 0.9 cents each to professional and sophisticated investors.

This Placement, which was undertaken in accordance to Section 708 of the Corporations Act and Listing Rule 7.1A of the ASX Listing Rules, ensures Dart Mining continues to have sufficient capital to fund its regional exploration program which began in December 2016.

Activities undertaken through the exploration program include rock chip sampling and pegmatite dyke target identification. Dart expects the program to extend through to the end of calendar year 2017.
