Corporate and Financial Overview

Novatti's cash holding as at 31 December 2017 of \$4.4 M puts the Company in a good position to build on the progress that has been achieved in 2017.

Novatti is focussed on further building its business development pipeline and to strongly increase the proportion of recurring and transaction revenues within the revenue mix.

Subsequent event

On 11 October 2017, the Company announced an investment of \$3.5 million by a Chinese technology investor, Mr Xiadi Chen, by the issue of 25 million shares at 14 cents per share, that contemplated a further investment by Mr Chen of up to \$6.5 million at 19.217 cents per share. By mutual agreement, the Company has released Mr Chen from this commitment in lieu of a separate raising capped at \$3.5 million from other Chinese technology investors at the same issue price.

The non-associated investors are Madam Qing Li and Mr Qiang (Peter) Wei. Madam Li will subscribe for 10,407,452 shares (for \$2 million), taking her total shareholding in the Company to 22,907,452 shares, representing approximately 14.71% of the Company's issued share capital. Mr Wei will subscribe for 7,805,589 shares (for \$1.5 million), representing approximately 5.01% of the Company's issued share capital.

As announced on the ASX 28 February 2018, a total of 18,213,041 fully paid ordinary shares will be issued under the Company's current capacity per ASX listing rule 7.1. No options will be issued under this capital raising.

The Company has evaluated events up to the filing date of these interim financial statements and determined that no additional subsequent event activity requires disclosure.

General information

These financial statements cover Novatti Group Limited as a consolidated entity consisting of Novatti Group Limited and the entities it controlled at the end of, or during, the half-year. The financial statements are presented in Australian dollars, which is Novatti Group Limited's functional and presentation currency.

Novatti Group Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business are:

Registered office

Level 1,
Legacy House
293 Swanston Street
Melbourne Vic 3000

Principal place of business

Level 1,
Legacy House
293 Swanston Street
Melbourne Vic 3000

A description of the nature of the consolidated entity's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 28 February 2018.

Directors' Report

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Novatti Group Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2017.

Directors

The following persons were directors of Novatti Group Limited during the whole of the financial half-year, or part year per the respective appointment dates, and up to the date of this report, unless otherwise stated:

Name	Office
Peter Pawlowitsch	Non-Executive Chairman
Peter Samuel Cook	Managing Director and Chief Executive Officer
Brandon Munro	Non-Executive Director
Kenneth Lai	Non-Executive Director
Paul Burton	Non-Executive Director
Steven Zhou	Non-Executive Director (Appointment Date: 12.10.2017)

Principal activities

The principal continuing activities of the consolidated entity consisted of:

The provision of financial technology (FinTech) solutions for financial services enterprises and the processing of financial transactions.

Financial transaction processing incorporates compliance capabilities including AFSL and FCA (UK) licencing and Austrac reporting.

Review of operations

The loss for the consolidated entity after providing for income tax amounted to \$1,595,110. Prior year loss for the same period was \$1,895,046. The reduction in losses reflect the increase in sales from the Flexepin business and management's efforts in reducing the labour cost of the Group. In addition, the contribution of sales from the acquisition of basis2 business in May 2017 also strengthened the performance of the group for the half-year ended 31 December 2017, compared with the same period of half-year ended 31 December 2016.

The loss of \$1,895,046 for 31 December 2016 included the receipt and recognition of the Group's FY16 research and development \$1.3M rebate. The Group has, as at the date of this report, yet to submit its FY17 research and development rebate claim and anticipates that it will be lodged in March 2018.

Notwithstanding that the FY17 research and development claim is yet to be submitted, the Group's total revenue for the six months to 31 December 2017 was \$2.3M compared to \$1.1M on a like for like basis for the same period last year. In addition, total expenses have decreased from \$4.3M to \$3.9M in the six months ended December 2017, compared with the same period in FY 16.

Operating overview

During the half year ended 31 December 2017, Novatti continues to increase its business development activities in the primary functional areas of:

- Financial technology sales
- Compliance services
- Transaction processing

This focus on business development has led to increased business in all areas and a much stronger sales pipeline.

Financial technology sales

The Company has commenced projects for two new Software as a Service (SaaS) clients for its technology platforms. Clients are using the Novatti Platform for a number of financial applications including Loyalty, Fundraising, Digital Wallet, Remittances and Vouchers.

Transaction processing – Flexepin & TransferBridge

The Company's financial transaction processing services have all shown strong growth in the half year. This includes processing of China payment services in Australia, Flexepin sales, remittance services and allied compliance services revenues.

As new Chinese payment methods such as Alipay and Wechat Pay have been offered in the Australian market, Novatti has provided commercial compliance and settlement services that have seen strong uptake and growth.

Flexepin services have seen continued strong growth in Canada and Australia, along with initial sales into Europe.

Novatti relaunched its Remittance service in mid-July 2017 and has seen a healthy uptake in these services. The remittance industry has undergone a dramatic change recently as the need for greater compliance is pushed down from the banks. Novatti's compliance team is well equipped and structured to accommodate the growing compliance regime in this market place. The Company is also providing inbound remittance services by working with overseas foreign exchange and remittance companies to support their compliant settlement of transactions into Australia.

The Company announced in November 2017 that it had signed a Memorandum of Understanding to progress the integration of the Novatti platform into the Stellar Network, which is supported by US-based Lightyear.io. The aim of the platform will be to build a global money transfer solution to provide cross border, cross currency and cross asset payments.

Billing services

The Company completed the earnings accretive acquisition of basis2 in May 2017 and since then, it has deployed a major update in the software, relocated basis2 operating office and hired two new staff members. The operating results from the acquisition are largely falling in line with management's expectations.

Banking

The Company is progressing well with its application to obtain an authorised deposit taking institutions licence (ADI) as part of the proposals by the Australian Prudential Regulation Authority

Corporate and Financial Overview

The consolidated entity's cash holding as at 31 December 2017 of \$4,408,785 puts the consolidated entity in a good position to build on what has been achieved in 2017.

The consolidated entity is focussed on further building its business development pipeline and to strongly increase the proportion of recurring and transaction revenues within the revenue mix.

The consolidated entity has no debt.

Significant changes in the state of affairs

On 11 October 2017, the Company announced an investment of \$3.5 million by a Chinese technology investor, Mr Xiadi Chen, by the issue of 25 million shares at 14 cents per share, that contemplated a further investment by Mr Chen of up to \$6.5 million at 19.217 cents per share. By mutual agreement, the Company has released Mr Chen from this commitment in lieu of a separate raising capped at \$3.5 million from other Chinese technology investors at the same issue price.

The non-associated investors are Madam Qing Li and Mr Qiang (Peter) Wei. Madam Li will subscribe for 10,407,452 shares (for \$2 million), taking her total shareholding in the Company to 22,907,452 shares, representing approximately 14.71% of the Company's issued share capital. Mr Wei will subscribe for 7,805,589 shares (for \$1.5 million), representing approximately 5.01% of the Company's issued share capital.

As announced on the ASX 28 February 2018, a total of 18,213,041 fully paid ordinary shares will be issued under the Company's current capacity per ASX listing rule 7.1. No options will be issued under this capital raising.

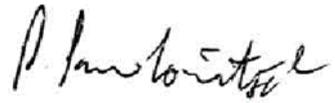

Other than discussed, there were no other significant changes in the state of affairs of the consolidated entity during the financial half-year ended 31 December 2017.

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on the following page.

Notes to the appendix 4D Financial Statements

Note 1. Significant accounting policies

The half-year financial report is a general purpose financial report that covers the consolidated position of Novatti Group Limited (the 'legal parent') and controlled entities for the period ended 31 December 2017.

This half year financial report does not include all the notes of the type usually included in the annual financial report. It is recommended that this financial report be read in conjunction with the financial report for the year ended 30 June 2017 and any public announcements made by Novatti Group Ltd during the half year in accordance with any continuous disclosure obligations arising under the Corporations Act 2001.

The financial report for this half-year is prepared in accordance with the same accounting policies, methods and computations as those used in the financial report for the year ended 30 June 2017.

The following is a summary of the material accounting policies adopted by the Group in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

New, revised or amending accounting standards and interpretations adopted

The consolidated entity has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current interim reporting period.

Disclosures required by these standards that are deemed material have been included in this financial report on the basis that they represent a significant change in the information from that previously made available.

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Group for the interim reporting period ended 31 December 2017.

The Group's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the Group, are set out below:

AASB 9 financial instruments

Based on the Group's preliminary assessment of AASB 9, there will be no material impact on the transactions and balances recognised in the financial statements when this standard is first adopted for the year ended 30 June 2019.

AASB 15 revenue from contracts with customers

The Group has undertaken a preliminary assessment of the impact of AASB 15. However, based on the Group's preliminary assessment, this standard is not expected to have a material impact on the transactions and balances in the financial statements when it is first adopted for the year ended 30 June 2019. The Group has adopted the 'Modified Retrospective' method of transition under AASB 15 Revenue from Contracts with Customers.

AASB 16 leases

The consolidated entity will adopt AASB16 for the year ended 30 June 2020. Whilst the Group has yet to prepare a detailed analysis of its impact, it does note that the financial statements will be reflective of a "right of use" asset for capitalization in the statement of financial position. A liability corresponding to the capitalized lease will also be recognized. In the earlier periods of the lease, the expenses associated with the lease under AASB16 will be higher when compared to the lease expenses under AASB117. However EBITDA (Earnings before interested, tax and depreciation)

results will be improved as the operating expense is replaced by depreciation in the profit and loss under AASB16.

Basis of preparation

This condensed financial report has been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

Revenue recognition

Revenue is recognised when it is probable that the economic benefit will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

The consolidated entity derived the following revenue for the provisions of its services:

Platform Sales

Deployment and the support of specialist mobile and alternative payment technology. There are three primary components, the recognition of revenue on the completion and delivery of agreed milestones, the revenue recognised for ongoing maintenance and support and fees for software as a service.

Transaction Sales

Included within transaction sales are:

- Fees for the facilitation of top up vouchers
- Fees for remittance and settlement and
- Compliance services

Interest

Interest revenue is recognised on a time proportional basis that takes into account the effective yield on the financial asset.

Unearned revenue

Unearned revenue includes revenue from clients whereby services are billed in advance of their anniversary dates and have outstanding services owing at the interim reporting date of 31 December 2017.

Accrued revenue

Accrued revenue includes revenue from the sales of services unbilled as at the interim reporting date of 31 December 2017.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

Government grants

Government grants, including Research and Development revenues, are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be fulfilled.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short- term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash and cash equivalents also include cash held in trust for top up voucher services. Receipts from top up voucher distributors are recognised as (cash) “Receipts from Customers” whilst payments to merchants for top up vouchers are recognised as (cash) “Payments to suppliers (and employees)”.

Financial Instruments

The Group's financial instruments recognised in the statement of financial position consists of cash held in trust for remittance and settlement services.

Recognition and Measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Group commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted). Financial instruments are initially measured at fair value plus transaction costs.

Classification and subsequent measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest method, or cost depending on their classification. Classification is determined based on the purpose of the acquisition and subsequent reclassification to other categories is restricted. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in the statement of profit or loss and other comprehensive income through the amortisation process and when the financial asset is derecognised.

Financial liabilities

Non-derivative financial liabilities other than financial guarantees are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial liability is derecognised.

Issued capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to the owners of Novatti Group Limited, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

Note 2. Operating segments

Identification of reportable operating segments

The Group is organised into four operating business segments: (A) Novatti Platform, incorporating enterprise sales and Maintenance & Support via the Novatti Platform, (B) Advanced Billing Solutions, incorporating Basis2 operating under Novatti Inc (C) Payment Processing Services incorporating Flexewallet Pty Ltd, Flexepayments (South Africa) Pty Ltd, Flexe Payments Ltd, Flexewallet (NZ) Limited and Flexe Payments (MLT) Ltd and (D) Novatti Group Limited is the legal parent that holds the financial assets for the Group. These operating business segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources.

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements. The information reported to the CODM is on at least a monthly basis.

Types of products and services

The principal products and services of each of these operating segments are as follows:

Novatti Platform

Develops, deploys and supports specialised mobile and alternate payment technology, primarily through the deployment of the Novatti Platform.

Advanced Billing Solutions

basis2 trading under Novatti Inc.: Provides a technologically advanced billing and CIS solution to service providers in the utilities industry.

Payment Processing Services

TransferBridge: Provides a comprehensive global network that interconnects emerging payment platforms, remittance operators, financial institutions, retailers, utilities and all types of telecommunication operators.

Flexewallet and Flexe Payments: Offers customers an alternative payment method in the form of a prepaid cash voucher and settlement services offering. Vouchers can be used for a multitude of payment methods such as prepaid account top-ups and for secure online payment of goods and services. Vouchers are available in a variety of currencies and locations globally.

Intersegment transactions

Intersegment transactions were made at cost. Intersegment transactions are eliminated on consolidation.

Intersegment receivables, payables and loans

Intersegment loans are initially recognised at the consideration received. Intersegment loans are eliminated on consolidation.

Independent auditor's review report to members

Report on the Review of the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Novatti Group Limited (the company) and the entities it controlled at the half-year's end or from time to time during the half year (the consolidated entity), which comprises the consolidated statement of financial position as at 31 December 2017, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Novatti Group Limited is not in accordance with the Corporations Act 2001 including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2017 and of its performance for the half year ended on that date; and
- b) complying with Australian Accounting Standard 134 Interim Financial Reporting and the Corporations Regulations 2001.

Responsibilities of the Directors for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including:

- giving a true and fair view of the consolidated entity's financial position as at 31 December 2017 and its performance for the half-year ended on that date; and
- complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

As the auditor of Novatti Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.
