2 How to apply

2.1 Before making a decision

This Information Booklet (including the ASX Announcements and Investor Presentation set out in section 3 and the Additional Information set out in section 5) should be read carefully and in its entirety before making any decision about your Entitlement. You should be aware that an investment in Patrys involves risks. The key risks identified by Patrys are set out in the "Key Risks" section of the Investor Presentation included in Section 3 of this Information Booklet.

2.2 Entitlement Offer

Patrys intends to raise approximately \$2.4 million through the Entitlement Offer. The proceeds of the Entitlement Offer will be used to fund research and development, intellectual property and working capital requirements and pay offer costs.

Eligible shareholders are invited to apply for 2 New Shares for every 11 existing Shares held as at 7.00pm (Melbourne time) on 18 January 2018 (**Record Date**), at the Offer Price of \$0.017 per New Share. New Shares issued under the Entitlement Offer will be fully paid and rank equally in all respects with existing Shares.

Eligible Shareholders have the opportunity to take up all or part of their Entitlements under the Entitlement Offer. Eligible Shareholders who take up their full Entitlement may also participate in the Top Up Facility by applying for additional New Shares in excess of their Entitlement.

The Entitlement Offer is non-renounceable. This means Entitlements do not trade on the ASX and cannot be dealt with, sold or transferred.

The Entitlement Offer opens at 9.00am (Melbourne time) on 22 January 2018 and will close at 5.00pm (Melbourne time) on 9 February 2018.

2.3 Your Entitlement

Your Entitlement is set out on the accompanying personalised Entitlement and Acceptance Form and has been calculated as 2 New Shares for every 11 existing Shares you held as at the Record Date. If the result is not a whole number, your Entitlement will be rounded up to the nearest whole number of New Shares.

If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have a separate Entitlement for each separate holding.

If you take up your Entitlement in full, you may also apply for additional New Shares under the Top Up Facility. Any New Shares not taken up by the Closing Date may be made available under the Top Up Facility to those Eligible Shareholders who have taken up their Entitlement in full and applied for additional New Shares. There is no guarantee that you will receive the number of New Shares applied for, or any New Shares, under the Top Up Facility. New Shares will only be allocated under the Top Up Facility if available and if Patrys so determines, in its absolute discretion.

2.4 Consider the Entitlement Offer carefully in light of your particular investment objectives and circumstances

The Entitlement Offer is being made pursuant to provisions of the Corporations Act which allow rights issues to be made without a prospectus. This Information Booklet does not contain all of the information which may be required in order to make an informed decision regarding an application for New Shares offered under the Entitlement Offer. As a result, it is important for you to read carefully and understand the information on Patrys and the Entitlement Offer made publicly available, prior to making any decision in respect

of your Entitlement. In particular, you should refer to this Information Booklet and other announcements made available at www.patrys.com (including announcements which may be made by Patrys after publication of this Information Booklet).

You should consult with your stockbroker, accountant or other professional adviser if you have any queries or are uncertain about any aspect of the Entitlement Offer. You should also refer to the "Key Risks" section of the Patrys Investor Presentation included in Section 3 of this Information Booklet.

2.5 Options available to you

If you are an Eligible Shareholder, you may:

- take up all your Entitlement in full and, if you do so, you may also apply for additional New Shares under the Top Up Facility (see Section 2.6); or
- take up part of your Entitlement and the rest of your Entitlement will lapse (see Section 2.7); or
- do nothing and allow your Entitlement to lapse (see Section 2.8).

2.6 If you wish to take up all your Entitlement or take up all your Entitlement and participate in the Top Up Facility

If you wish to take up all of your Entitlement, you must:

- (a) pay your Application Money via BPAY® by following the instructions set out on the personalised Entitlement and Acceptance Form; or
- (b) or, if you are unable to pay via BPAY® (for example, because you are a New Zealand Shareholder who does not have an Australian bank account), complete and return the personalised Entitlement and Acceptance Form with the requisite Application Money,

in each case, by no later than 5.00pm (Melbourne time) on Friday, 9 February 2018.

If you apply to take up all of your Entitlement, you may also apply for additional New Shares under the Top Up Facility. Patrys may treat amounts it receives in excess of the Offer Price multiplied by your Entitlement as an Application to apply for as many additional New Shares in the Top Up Facility as will be paid in full from the excess amounts.

If your Application for New Shares under the Top Up Facility is accepted in whole or in part, your New Shares will be issued to you at the same time that other New Shares are issued under the Entitlement Offer. There is no guarantee that you will be allocated any additional New Shares.

Patrys will pay any refund amounts in Australian dollars to you either by direct credit to your nominated bank account, or by cheque sent by ordinary post to your address, as noted in the share register as at the Closing Date. No interest will be paid on any Application Money received or refunded.

2.7 If you wish to take up part of your Entitlement and let the balance lapse

If you wish to take up part of your Entitlement, you must:

- (a) pay your Application Money for the relevant part via BPAY® by following the instructions set out on the personalised Entitlement and Acceptance Form; or
- (b) or, if you are unable to pay via BPAY® (for example, because you are a New Zealand Shareholder who does not have an Australian bank account), complete and return the personalised Entitlement and Acceptance Form with the requisite Application Money,

in each case, by no later than 5.00pm (Melbourne time) on Friday, 9 February 2018.

Any of your Entitlement which you do not take up will lapse. Your percentage shareholding in Patrys will be diluted accordingly.

If Patrys receives an amount that is less than the Offer Price multiplied by your Entitlement, Patrys may treat your payment as an Application for as many New Shares as your Application Money will pay in full and the balance of your Entitlement will lapse.

2.8 If you wish to do nothing and allow your Entitlement to lapse

If you do not wish to take up all or any part of your Entitlement, you do not need to take any further action. Your Entitlement will lapse and your percentage shareholding in Patrys will be diluted accordingly.

2.9 Consequences when an Entitlement lapses

If you do not accept all or part of your Entitlement in accordance with the relevant instructions and all or part of your Entitlement lapses, the New Shares to which you would otherwise have been entitled under the Entitlement Offer may be acquired by the Underwriter or any sub-underwriters or by other Eligible Shareholders under the Top Up Facility.

By allowing all or part of your Entitlement to lapse, you will forego any exposure to increases or decreases in the value of New Shares you would have received had you taken up your Entitlement and you will not receive any value for your Entitlement. Your percentage shareholding in Patrys will be diluted accordingly.

2.10 Payment

You can pay in the following ways:

- by BPAY®; or
- if you are unable to pay by BPAY® (for example, because you are a New Zealand Shareholder who does not have an Australian bank account), by cheque.

Cash payments will not be accepted. Receipts for payment will not be issued.

Patrys will treat you as applying for as many New Shares or additional New Shares as your payment will pay for in full up to your Entitlement plus additional New Shares under the Top Up Facility.

Any Application Money received for more than your final allocation of New Shares will be refunded as soon as practicable after the close of the Entitlement Offer. No interest will be paid to applicants on any Application Money received or refunded.

(a) Payment by BPAY®

To pay by BPAY®, follow the instructions on the personalised Entitlement and Acceptance Form. You can only pay via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

If you are paying by BPAY®, you must use the specific Biller Code and your unique Customer Reference Number (**CRN**) on your personalised Entitlement and Acceptance Form. If you have multiple holdings and consequently receive more than one personalised Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those holdings only use the CRN specific to that holding. If you do not use the correct CRN specific to that holding your application will not be recognised as valid.

If you pay by BPAY®:

- you do not need to submit your personalised Entitlement and Acceptance Form but are taken to make the declarations, representations and warranties on that Entitlement and Acceptance Form and in Section 2.11; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Money.

It is your responsibility to ensure that your BPAY® payment is received by the Patrys Share Registry by no later than 5.00pm (Melbourne time) on Friday, 9 February 2018. You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration in the timing of when you make payment.

(b) Payment by cheque

To pay by cheque, complete your personalised Entitlement and Acceptance Form in accordance with the instructions on the form and return it accompanied by a cheque in Australian currency for the amount of the Application Money, payable to 'Patrys Limited' and crossed 'Not Negotiable'.

Your cheque must be:

- for an amount equal to \$0.017 multiplied by the number of New Shares that you are applying for; and
- in Australian currency drawn on an Australian branch of a financial institution. Payment cannot be made in New Zealand dollars

You should ensure that sufficient funds are held in the relevant account to cover the Application Money as your cheque will be processed on the day of receipt. If the amount of your cheque for Application Money (or the amount for which the cheque clears in time for allocation) is insufficient to pay in full for the number of New Shares you have applied for in your personalised Entitlement and Acceptance Form, you will be taken to have applied for such lower whole number of New Shares as your cleared Application Money will pay for (and to have specified that number of New Shares on your personalised Entitlement and Acceptance Form). Alternatively, your application will not be accepted.

If you make payment via cheque, your completed personalised Entitlement and Acceptance Form together with Application Money must be received at Patrys' Share Registry no later than the close of the Entitlement Offer, being 5.00pm (Melbourne time) on Friday, 9 February 2018.

2.11 Representations by acceptance

By making a payment by BPAY® or completing and returning your personalised Entitlement and Acceptance Form, you will be deemed to have represented to Patrys that you are an Eligible Shareholder and:

ASX & Media Release

\$2.4 Million Fully Underwritten Rights Issue

- Fully underwritten non-renounceable 2:11 Rights Issue at 1.7 cents per share to raise approximately \$2.4 million before costs
- Funds raised to be applied to accelerate development of Deoxymab platform, Patrys' novel cell penetrating anti-DNA antibody for treatment of cancer
- Major shareholder and entity associated with non-executive director Michael Stork priority sub-underwriting \$200,000 of Rights Issue

Melbourne, Australia; January 15, 2018: Patrys Limited (ASX: PAB), a therapeutic antibody development company, is pleased to announce a fully underwritten, non-renounceable 2:11 rights issue (Rights Issue) to Eligible Shareholders (defined below) to raise approximately \$2.4 million (before costs). New shares are priced at 1.7 cents per share, which is a 19% discount to the last traded price on 10 January 2018 of 2.1 cents per share, and a 23% discount to the 30 day VWAP of 2.21 cents per share. The Rights Issue is fully underwritten by Somers and Partners Pty Ltd.

Patrys is also offering Eligible Shareholders the right to increase their shareholding in the Company (Share Top Up Facility) should there be any shortfall under the Rights Issue.

The proceeds raised pursuant to the Rights Issue and Share Top Up Facility will be used to accelerate development of the Deoxymab platform, further business development of the IgM platform, ancillary other developments, operations, insurance claim prosecution, corporate activities and working capital.

The structure of the Rights Issue with a Share Top Up Facility has been designed to provide the maximum opportunity for existing Patrys shareholders to subscribe for further shares in the Company, while at the same time ensuring that a sufficient amount of capital will be raised. In part, the quantum of this issue has been determined having regard to the Company's stated initiative of pursuing non-dilutive funding. The Directors believe a Rights Issue is the correct structure for this capital raising as it treats all shareholders equally and is non-dilutive to the extent that all shareholders are given the opportunity to participate.

Eligible Shareholders are those shareholders whose registered addresses are within Australia or New Zealand as at 7.00 p.m. (AEDT) on Thursday 18 January 2018 (Record Date). Shareholders with a registered address outside Australia or New Zealand at the Record Date will not be eligible to participate in either the Rights Issue or the Share Top Up Facility.

Fractional entitlements will be rounded up to the nearest whole number and the shares issued under the Rights Issue and the Share Top Up Facility will rank equally with the Company's fully paid ordinary shares on issue.

Patrys' Australian resident directors have indicated their intention to take up their full entitlements, and non-executive director Michael Stork, who is Patrys' largest shareholder has committed \$200,000 of priority sub-underwriting of the Rights Issue through an associated entity.

The Rights Issue and Share Top Up Facility is being undertaken without a prospectus in accordance with section 708AA of the *Corporations Act 2001* (Cth) (Act).

Commenting on the Rights Issue, Patrys Chief Executive Officer Dr James Campbell said:

"Patrys made significant progress with its Deoxymab assets in 2017 and was able to report on anti-cancer activity in a range of pre-clinical cancer models, selective targeting of tumours and synergy with a leading class of novel therapeutics, the PARP inhibitors. The fully underwritten Rights Issue will enable the Company to accelerate development of its Deoxymab assets which Patrys believes may have application across a wide range of malignancies such as gliomas, melanomas, prostate, breast, pancreatic and ovarian cancers."

"Patrys has a busy 2018 ahead with further pre-clinical studies underway that will guide the selection of the cancer indication for initial human development. Several mechanism of action studies will also be pursued. As the Company prepares for an eventual clinical trial for PAT-DX1 it will need to establish a stable cell line and purification methodology, and these activities along with Patrys' business development activities will be key value drivers in 2018."

"The Company welcomes the support of Somers and Partners as underwriter and encourages existing Eligible Shareholders to consider this investment opportunity."

Key Risks

Investment in the Company involves risks that may be higher than the risks associated with an investment in other companies. The shares to be issued under the Rights Issue and the Share Top Up Facility carry no guarantee with respect to the payment of dividends, returns of capital or the market value of the shares.

Before deciding to participate in any of the offers detailed in this Offer Document, you should refer to announcements made by the Company to the ASX to ensure you understand the operations of the Company and appreciate the risks involved with investing in the Company. Further, you should consider the investment in the context of your individual risk profile for speculative investments, investment objectives and individual financial circumstances.

Nothing in this presentation is financial product advice and this document has been prepared without taking into account your investment objectives or personal circumstances.

The business, assets and operations of the Company are subject to certain risk factors that have the potential to influence the operating and financial performance of the Company in the future. These risks can impact on the value of an investment in the securities of the Company.

Accordingly, an investment in the Company should be regarded as speculative and investors should be in a position to bear the loss of their entire investment. Before deciding whether to invest in the Company potential investors should seek professional advice from their accountant, stockbroker, lawyer or other professional advisor.

Set out on the following pages are some Specific and General risks that the Company is exposed to.

Specific Risks - i

Innovative technological development	The Company's product range includes candidates that are in pre-clinical development and need to be further tested before they can progress to human clinical trials. Pre-clinical and clinical development of the Company's product candidates could take several years to complete, and might fail for a number of reasons including but not limited to lack of efficacy, failure to obtain regulatory approval, difficulty or failure to manufacture the Company's products on a large scale, or toxicity. There is no guarantee that Patrys' products will be commercially successful.
Regulatory risks	The research, development, manufacture and sale of products deploying the Company's technology is subject to a number of regulations prescribed by government authorities in Australia and overseas. Generally, there is a high rate of failure for drug candidates proceeding through pre-clinical and clinical trials. Further, even if the Company views the results of a trial to be positive, the FDA or other regulatory authorities may disagree with the Company's interpretation of the data. Thus, any product deploying Patrys' technology may be shown to be unsafe, non-efficacious, difficult or impossible to manufacture on a large scale, uneconomical to market, compete with superior products marketed by third parties, fail to secure meaningful reimbursement approval, or not be as attractive as alternative treatments.
Dependence on service providers and third party collaborators	The Company relies upon independent third party service providers and third party collaborators including academic institutions to complete the development and commercialisation of its products. The Company therefore is exposed to the risk that any of these parties can experience problems related to operations, financial strength or other issues, which in turn could negatively impact the progress or success of the Company's product development efforts.

Specific Risks - ii

Reliance on key personnel	The responsibility of overseeing the day-to-day operations and the strategic management of the Company depends substantially on its senior management and its key personnel. There can be no assurance given that there will be no detrimental impact on the Company if one or more of these employees cease their employment.
Intellectual Property	The Company's ability to leverage its innovation and expertise depends upon its ability to protect its intellectual property including maintaining patent protection for its product candidates and their respective targets. The Company owns, or has licensed issued and pending patent applications covering a range of antibodies, cell lines, molecular targets, potential drug candidates and platform technologies. The prospect of attaining patent protection for products such as those Patrys proposes to develop is highly uncertain and involves complex and continually evolving factual and legal questions. The Company may incur significant costs in prosecuting, or defending its intellectual property rights.
Competition risk	The biotechnology and bio-pharmaceutical sectors are highly competitive and subject to rapid and significant technology change. The development of therapeutics is very difficult and demanding; even more so if this competition is against competitors who may have larger resources than the Company. A number of companies, both in Australia and overseas, may be developing products that target similar markets that Patrys is targeting. Patrys may face competition from companies with superior technologies or greater resources. As a result, there is the risk that the Company may be beaten to the market by one or more competitors.

Specific Risks - iii

Currency risk	Revenue and expenditure in overseas jurisdictions are subject to the risk of fluctuations in foreign exchange markets. The Company carries on part of its business outside of Australia and intends to continue to do so. Accordingly, revenues and payments will be made in those countries' currencies and may deviate from budgeted expectations if there are adverse currency fluctuations against the Australian dollar.
Requirement to raise additional funding	The Company may be required to raise additional funds in the future. There is no guarantee that Patrys will be able to raise such additional capital when it is required, or on terms satisfactory to the Company. If the Company is unsuccessful in obtaining funding when required, Patrys may need to delay, scale down or cease its operations.
Risk of delay and continuity of operations	Patrys may experience delays in achieving some or all of its milestones, including but not limited to product development, completion of trials, obtaining regulatory approvals manufacturing delays, or delays in sales or out licensing. The Company is also dependent on amongst other things its technology, key personnel and IT systems. Any disruption or delay to any key inputs could impact adversely on the Company.

General Risks - i

Securities investment	<p>Applicants should be aware that there are risks associated with any securities investment. The prices at which the Company's securities trade may be above or below the issue price, and may fluctuate in response to a number of factors. There can be no assurance that an active market may exist for the Company's shares.</p> <p>Furthermore, the stock market, and in particular the market for biotech companies, has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of such companies. These factors may materially affect the market price of the securities, regardless of the Company's operational performance.</p>
Share market conditions	The market price of the securities may fall as well as rise and may be subject to varied and unpredictable influences on the market for securities in general and biotech stocks in particular. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.
General economic climate and share market conditions	Factors such as global credit risks, inflation, government policies, currency fluctuation, interest rates and supply and demand have an impact on operating performance and stock market prices. The Company's future performance and the market price for its listed securities may be affected by these factors that are beyond the Company's control.

General Risks - ii

Underwriting risk	The Company has entered into an Underwriting Agreement under which the underwriters have agreed to fully underwrite the Rights Issue, subject to the terms and conditions of the Underwriting Agreement. If certain conditions are not satisfied or certain events occur, the underwriters may terminate the Underwriting Agreement. Termination of the Underwriting Agreement may have a material adverse impact on the proceeds raised under the Rights Issue. Termination of the Underwriting Agreement could materially adversely affect the Company's business, cash flow, financial condition and results.
Litigation risk	There is a risk that Patrys may in the future be the subject of or require to commence litigation, mediation or arbitration. The impact of such actions may have a material adverse impact on the Company.
Taxation and Accounting Standards Risks	<p>Changes to the rate of taxes imposed on Patrys or changes in tax legislation or changing interpretations enforced by taxation authorities, whether in Australia or such other foreign jurisdiction in which the Company may operate, may lead to an increase in Patrys' taxation obligations and a reduction in potential shareholder returns.</p> <p>Personal taxation liabilities are the responsibility of each individual shareholder, Patrys is not responsible either for taxation or tax penalties incurred by investors. Australian accounting standards are set by the Australian Accounting Standards Board (AAS Board) and are outside the directors and Patrys' control. Changes to accounting standards issued by the AAS Board may have a material adverse impact on the financial performance and position of Patrys as reported in its financial statements.</p>

4 Australian Tax considerations

This section summarises certain Australian income tax, capital gains tax (**CGT**), goods and services tax (**GST**) and stamp duty implications of the Entitlement Offer for Eligible Shareholders who hold their New Shares on capital account.

This section does not take account of the individual circumstances of particular Eligible Shareholders and does not constitute tax advice. For instance, this section does not consider the position of Eligible Shareholders who:

- are not resident solely in Australia for Australian income tax purposes;
- are in the business of security trading, or who hold their existing shares on revenue account or as trading stock (including shareholders such as banks, insurance companies and shareholders carrying on a business of security trading);
- are exempt from Australian income tax;
- acquired their existing shares under an employee share or option plan, or in return for services provided; or
- are subject, or have elected to become subject, to the Taxation of Financial Arrangements (**TOFA**) provisions of the Australian income tax law.

This section does not purport to be a complete analysis of the potential tax consequences of the Entitlement Offer and is intended only to provide a general guide to the Australian tax implications. Eligible Shareholders should seek advice from an appropriate professional advisor in relation to the tax implications of the Entitlement Offer based on their own individual circumstances.

The comments below are based on the Australian tax law as it applies as at 9:00am (Melbourne time) on 15 January 2018. Other than as expressly discussed, the comments do not take into account or anticipate changes in Australian tax law or future judicial interpretations of law after this time unless otherwise specified.

4.1 Issue of Entitlement

The issue of the Entitlement should not in itself result in any amount being included in the assessable income of an Eligible Shareholder.

4.2 Exercise of Entitlement and applying for additional New Shares

New Shares will be acquired where the Eligible Shareholder exercises (i.e. takes up) all or part of their Entitlement under the Entitlement Offer. Additional New Shares will be acquired where the Eligible Shareholder elects to acquire additional New Shares under the Top Up Facility.

An Eligible Shareholder will not derive any assessable income, or make any capital gain or capital loss, at the time of exercising their Entitlement under the Entitlement Offer or acquiring additional New Shares under the Top Up Facility.

For Australian CGT purposes, New Shares will be taken to have been acquired on the day that an Eligible Shareholder exercises their Entitlement and additional New Shares will be taken to have been acquired on the date the additional New Shares were issued to the Eligible Shareholder. Each of the additional New Shares will constitute a separate asset for CGT purposes.

The cost base of each New Share and additional New Share will be equal to the Offer Price payable for each New Share and additional New Share respectively (plus any

non-deductible incidental costs the Eligible Shareholder incurs in acquiring the New Shares and additional New Shares). For CGT purposes, the Eligible Shareholder will need to apportion the cost of each New Share and additional New Share over the separate assets that comprise the Entitlement Offer on a reasonable basis.

4.3 Lapse of Entitlement

If an Eligible Shareholder does not accept all or part of their Entitlement in accordance with the instructions, that Entitlement will lapse and the Eligible Shareholder will not receive any consideration for their Entitlement that is not taken up. There should be no tax implications for an Eligible Shareholder from the lapse of the Entitlement.

4.4 Taxation in respect of Dividends on New Shares

Where dividends on a New Share are paid by Patrys, those dividends will constitute assessable income of the relevant Australian resident Eligible Shareholder.

An Australian tax resident Eligible Shareholder who is an individual or complying superannuation entity should include the dividend in their assessable income in the year the dividend is paid, together with any franking credit attached to that dividend. Such Eligible Shareholder should be entitled to a tax offset equal to the franking credit attached to the dividend subject to being a "qualified person" (refer to comments below). The tax offset can be applied to reduce the tax payable on the Eligible Shareholder's taxable income. Where the tax offset exceeds the tax payable on the Eligible Shareholder's taxable income, such Eligible Shareholder should be entitled to a refund of the excess franking offsets.

A corporate Eligible Shareholder is also required to include both the dividend and the associated franking credit as assessable income arising from their holdings of New Shares or additional New Shares. A tax offset is then available up to the amount of the franking credit on the dividend. Excess franking credits received cannot give rise to a refund, but may be converted into carried forward tax losses. Any future dividends or distributions made in respect to the New Shares and the additional New Shares will generally be subject to the same taxation treatment as dividends or distributions made on existing shares held under the same conditions.

Where a dividend paid by Patrys is unfranked, the Eligible Shareholder will be required to include the unfranked amount in their assessable income and there will be no offset entitlement.

4.5 New Shares and additional New Shares held at risk

The benefit of franking credits can be denied where an Eligible Shareholder is not a "qualified person", in which case the Eligible Shareholder will not be able to include an amount for the franking credits in their assessable income and will not be entitled to a tax offset. There are special rules for working out whether a trust can be a "qualified person" and Eligible Shareholders that are trustees should obtain their own tax advice to determine if these rules have been satisfied.

Broadly, to be a qualified person, an Eligible Shareholder must satisfy the holding period rule and, if necessary, the related payment rule. The holding period rule requires an Eligible Shareholder to hold the New Shares and additional New Shares "at risk" for more than 45 days continuously, measured as the period commencing the day after the Eligible Shareholder acquires the New Shares and additional New Shares (respectively) and ending on the 45th day after the New Share and additional New Shares (respectively) become ex-dividend. The dates the New Shares and additional New Shares are acquired and disposed of are ignored for the purposes of determining the 45 day period. Any day on which an Eligible Shareholder has a materially diminished risk of loss or opportunity for gain and respect of the New Shares or additional New Shares (e.g. entering into a contract to sell the New Shares or additional New Shares) will not be counted as a day on which the Eligible Shareholder held the New Shares or additional

New Shares "at risk". This holding period rule is subject to certain exceptions, including where the total franking offsets of an individual in a year of income do not exceed AU\$5,000.

Under the related payment rule, a different testing period applies where the Eligible Shareholder has made, or is under an obligation to make, a related payment in relation to a dividend paid by Patrys. The related payment rule requires the Eligible Shareholder to have held the New Shares and additional New Shares at risk for a period commencing on the 45th day before, and ending on the 45th day after, the day the New Shares and additional New Shares become ex-dividend. Practically, this should not impact an Eligible Shareholder who continues to hold New Shares and additional New Shares and does not pass the benefit of the dividend to another person. Eligible Shareholders should obtain their own tax advice to determine if these requirements have been satisfied.

Specific integrity rules prevent taxpayers from obtaining a tax benefit from additional franking credits where dividends are received as a result of dividend washing. Eligible Shareholders should consider the impact of this measure given their own person circumstances.

4.6 Disposal of New Shares or additional New Shares

As each share comprising the Entitlement Offer is a separate CGT asset, the disposal of New Shares or additional New Shares will constitute a disposal for CGT purposes. Accordingly, the capital proceeds referable to the disposal of each individual share will need to be determined by apportioning the total capital proceeds received from the disposal of the New Shares or additional New Shares on a reasonable basis.

On disposal of a New Share or an additional New Shares, an Eligible Shareholder will make a net capital gain if the capital proceeds received on disposal exceed the total costs base of the New Share or additional New Share. An Eligible Shareholder will make a net capital loss if the capital proceeds are less than the total reduced cost base of the New Share or additional New Share.

Eligible Shareholders that are individuals or complying superannuation entities and that have held their New Shares or additional New Shares for 12 months or more (excluding the date of acquisition and the date of disposal) at the time of disposal should be entitled to apply the applicable CGT discount factor to reduce the capital gain (after offsetting capital losses). The CGT discount factor is 50% for individuals and trustees and 33.33% for complying superannuation entities. The CGT discount is not available to companies that are not trustees.

For the purpose of determining whether the New Shares have been held for 12 months or more (excluding the date of acquisition and the date of disposal), Eligible Shareholders will be taken to have acquired them when they exercise their Entitlement under the Entitlement Offer. For the purpose of determining whether the additional New Shares acquired under the Top Up Facility have been held for 12 months or more (excluding the date of acquisition and the date of disposal), Eligible Shareholders will be taken to have acquired them at the date the additional New Shares were issued.

Eligible Shareholders that make a capital loss can only use that loss to offset other capital gains from other sources (i.e. the capital loss cannot be used against taxable income on revenue account). However, if the capital loss cannot be used in a particular income year it may be carried forward for use in future income years, provided certain loss utilisation tests are satisfied and applicable.

4.7 Taxation of Financial Arrangements

The application of the TOFA provisions depends on the specific facts and circumstances of the Eligible Shareholder. Eligible Shareholders should seek advice from an appropriate professional advisor in relation to the implications of the TOFA provisions.

4.8 Tax File Number

If an Eligible Shareholder has quoted their Australian Business Number (**ABN**), Tax File Number (**TFN**) or an exemption from quoting their TFN exists, this quotation or exemption will also apply in respect to any New Shares or additional New Shares acquired by that Eligible Shareholder.

4.9 GST

The taking up of the New Shares and additional New Shares will be classified as a "financial supply" for Australian GST purposes. Accordingly, Australian GST will not be payable in respect of amounts paid for the acquisition of the New Shares or additional New Shares. Subject to certain requirements, there may be a restriction on the entitlement of Eligible Shareholders to claim an input tax credit for any GST incurred on costs associated with the acquisition of New Shares or additional New Shares acquired under the Top Up Facility.

4.10 Stamp duty

Stamp duty will not be payable in respect of the taking up of New Shares or additional New Shares.

5 Important information

This Information Booklet (including the ASX announcements in Section 3) and enclosed personalised Entitlement and Acceptance Form (**Information**) have been prepared by Patrys.

This Information Booklet is dated 15 January 2018 (including the Patrys Investor Presentation and the Offer Launch Announcement published on the ASX website on 15 January 2018). This Information remains subject to change without notice and Patrys is not responsible for updating this Information.

There may be additional announcements made by Patrys after the date of this Information Booklet and throughout the Entitlement Offer Period that may be relevant to your consideration of whether to take up or do nothing in respect of your Entitlement. Therefore, you should check whether any further announcements have been made by Patrys (by visiting the ASX website at www.asx.com.au) before submitting your application to take up your Entitlement.

No party other than Patrys has authorised or caused the issue of this Information, or takes any responsibility for, or makes, any statements, representations or undertakings in this Information.

This Information is important and requires your immediate attention.

You should read this Information carefully and in its entirety before deciding how to deal with your Entitlement. In particular, you should consider the risk factors outlined in the "Key Risks" section of the Patrys Investor Presentation included in Section 3 of this Information Booklet, any of which could affect the operating and financial performance of Patrys or the value of an investment in Patrys.

You should consult your stockbroker, accountant or other professional adviser to evaluate whether or not to participate in the Entitlement Offer.

5.1 Trading of New Shares

It is the responsibility of each applicant to confirm their holding before trading in New Shares. Any applicant who sells New Shares before receiving written confirmation of their holding will do so at their own risk.

Patrys and the Underwriter disclaim all liability whether in negligence or otherwise (to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statement, whether on the basis of confirmation of the allocation provided by Patrys, the Registry or the Underwriter.

If you are in any doubt as to these matters, you should first consult with your stockbroker, accountant or other independent professional adviser.

5.2 Eligible Shareholders

This Information contains an offer of New Shares to Eligible Shareholders in Australia, and has been prepared in accordance with section 708AA of the Corporations Act as modified by ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84. Accordingly, neither this Information Booklet nor the Entitlement and Acceptance Form are required to be lodged or registered with ASIC and no prospectus for the Entitlement Offer will be prepared. These documents do not contain, or purport to contain, all of the information that a prospective investor may require in evaluating a possible investment in Patrys. They do not and are not required to contain all of the information which would be required to be disclosed in a prospectus.

Shareholders who are not Eligible Shareholders are Ineligible Shareholders. Patrys reserves the right to determine whether a shareholder is an Eligible Shareholder or an Ineligible Shareholder.

5.3 Ineligible Shareholders

Patrys has decided that it is unreasonable to make offers under the Entitlement Offer to shareholders who have registered addresses outside Australia and New Zealand. Patrys has had regard to the number of such holders in those places and the number and value of the New Shares that they would be offered, and the cost of complying with the relevant legal and regulatory requirements in those places.

Ineligible Shareholders are not eligible to participate in the Entitlement Offer due to securities laws restrictions on the offer of New Shares in certain jurisdictions.

5.4 Ranking of New Shares

New Shares issued under the Entitlement Offer will be fully paid and rank equally in all respects with existing Shares. The rights and liabilities attaching to the New Shares are set out in Patrys' constitution, a copy of which is available online at Patrys' website: www.patrys.com.

5.5 Risks

The Investor Presentation details important factors and risks that could affect the financial and operating performance of Patrys. You should refer to the "Key Risks" section of the Investor Presentation which is included in Section 3 of this Information Booklet. You should consider these factors in light of your personal circumstances, including financial and taxation issues, before making a decision in relation to your Entitlement.

5.6 Reconciliation, Top-Up Shares and the rights of Patrys and the Underwriter

The Entitlement Offer is a complex process and in some instances investors may believe that they will own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more New Shares than initially offered to them. These matters may result in a need for reconciliation. If reconciliation is required, it is possible that Patrys may need to issue additional New Shares to ensure that the relevant investors receive their appropriate allocation of New Shares. These additional New Shares would be issued, if required, at the Offer Price.

Patrys also reserves the right to reduce the size of an Entitlement or number of New Shares allocated to Eligible Shareholders, or persons claiming to be Eligible Shareholders or other applicable investors, if Patrys believes in its complete discretion that their claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, Patrys may, in its discretion, require the relevant shareholder to transfer excess New Shares to the Underwriter at the Offer Price per New Share. If necessary, the relevant shareholder may need to transfer existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The relevant shareholder will bear any and all losses caused by subscribing for New Shares in excess of their Entitlement and any actions they are required to take in this regard.

By applying under the Entitlement Offer or Top Up Facility, those doing so irrevocably acknowledge and agree to do the above as required by Patrys in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of Patrys nor the Underwriter to require any of the actions set out above.

5.7 No cooling off rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your application once it has been accepted.

5.8 Rounding of Entitlements

Where fractions arise in the calculation of an Entitlement, they will be rounded up to the nearest whole number of New Shares.

5.9 Notice to nominees and custodians

If Patrys believes you hold Shares as a nominee or custodian you will have received, or will shortly receive, a letter in respect of the Entitlement Offer. Nominees and custodians should consider carefully the contents of that letter.

Persons acting as nominees for other persons must not take up any Entitlements on behalf of, or send any documents related to the Entitlement Offer to, any person in the United States or any person that is acting for the account or benefit of a person in the United States. Persons in the United States and persons acting for the account or benefit of persons in the United States will not be able to take up any of their Entitlements and may receive no value for any such Entitlements held.

Nominees and custodians may not distribute any part of this Information Booklet, or take up Entitlements on behalf of persons, in the United States or in any other country outside Australia and New Zealand except to beneficial shareholders who are professional or institutional shareholders in other countries (other than the United States) where Patrys may determine it is lawful and practical to make the Entitlement Offer.

Patrys is not required to determine whether or not any registered holder or investor is acting as a nominee or custodian or the identity or residence of any beneficial owners of existing Shares or Entitlements.

5.10 Not investment advice

This Information Booklet is not a prospectus under the Corporations Act and has not been lodged with ASIC. It is also not financial product advice and has been prepared without taking into account your investment objectives, financial circumstances or particular needs. Patrys is not licensed to provide financial product advice in respect of the New Shares. This Information does not purport to contain all the information that you may require to evaluate a possible application for New Shares, nor does it purport to contain all the information which would be required in a prospectus prepared in accordance with the requirements of the Corporations Act. It should be read in conjunction with Patrys' other periodic statements and continuous disclosure announcements lodged with ASX, which are available at www.patrys.com.

Prospective investors should conduct their own independent investigation and assessment of the Entitlement Offer and the information contained in, or referred to in, this Information Booklet. An investment in Patrys is subject to investment risk including possible loss of income and principal invested. Before deciding whether to apply for New Shares, you should consider all materials sent to you in relation to the Entitlement Offer and any relevant materials lodged with ASX, and whether the New Shares are a suitable investment for you in light of your own investment objectives, financial circumstances and investment needs (including financial and taxation issues) and having regard to the merits or risks involved (including the "Key Risks" set out in the Investor Presentation). If, after reading the Information, you have any questions about the Entitlement Offer, you should contact your stockbroker, accountant or other professional adviser or call the Patrys Offer Information Line on 1300 850 505 (within Australia) or +613 9415 4000 (from outside Australia) between 9.00am and 5.00pm (Melbourne time) on Monday to Friday during the Entitlement Offer Period.

5.11 Quotation and trading

Patrys has applied to the ASX for official quotation of the New Shares in accordance with the ASX Listing Rule requirements. If ASX does not grant quotation of the New Shares, Patrys will repay all Application Money (without interest).

Subject to approval being granted, it is expected that normal trading of New Shares allotted under the Entitlement Offer will commence at 10.00am (Melbourne time) on 19 February 2018.

5.12 Continuous disclosure

Patrys is a "disclosing entity" under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules, including the preparation of annual reports and half yearly reports.

Patrys is required to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the stock markets conducted by ASX. In particular, Patrys has an obligation under the ASX Listing Rules (subject to certain exceptions) to notify ASX immediately of any information of which it is or becomes aware which a reasonable person would expect to have a material effect on the price or value of Patrys shares. That information is available to the public from ASX.

Some documents are required to be lodged with ASIC in relation to Patrys. These documents may be obtained from, or inspected at, an ASIC office.

5.13 Information availability

If you are in Australia, you can obtain a copy of this Information Booklet during the Entitlement Offer Period on Patrys' Entitlement Offer website at www.patrys.com or you can call the Patrys Offer Information Line on 1300 850 505 (within Australia) or +613 9415 4000 (from outside Australia) between 9.00am and 5.00pm (Melbourne time) on Monday to Friday during the Entitlement Offer Period.

A replacement Entitlement and Acceptance Form can also be requested by calling the Patrys Offer Information Line.

If you access the electronic version of this Information Booklet, you should ensure that you download and read the entire Information Booklet. The electronic version of this Information Booklet on the Patrys Entitlement Offer website will not include an Entitlement and Acceptance Form.

5.14 Foreign jurisdictions

This Information has been prepared to comply with the requirements of the securities laws of Australia. To the extent that you hold Shares or Entitlements on behalf of another person resident outside Australia, it is your responsibility to ensure that any participation (including for your own account or when you hold Shares or Entitlements beneficially for another person) complies with all applicable foreign laws and that each beneficial owner on whose behalf you are submitting the personalised Entitlement and Acceptance Form is not in the United States and not acting for the account or benefit of a person in the United States.

The New Shares are not being offered or sold to the public within New Zealand other than to existing Shareholders of Patrys with registered addresses in New Zealand to whom the offer of New Shares is being made in reliance on the Securities Act (Overseas Companies) Exemption Notice 2013 (New Zealand).

This document has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority. This document is not an investment statement or prospectus under New Zealand law and is not required to, and may not, contain all the information that an investment statement or prospectus under New Zealand law is required to contain.

Patrys has determined that it is unreasonable to extend the Entitlement Offer to Ineligible Shareholders because of the small number of such Shareholders, the number and value of Shares that they hold and the cost of complying with the applicable regulations in jurisdictions outside Australia and New Zealand.

This Information Booklet does not constitute an offer in any jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer. No action has been taken to register or qualify the Entitlement Offer, the Entitlements or the New Shares, or otherwise permit the public offering of the New Shares, in any jurisdiction other than Australia.

The distribution of this Information (including an electronic copy) outside Australia is restricted by law. If you come into possession of this Information, you should observe such restrictions. Any non-compliance with these restrictions may contravene applicable securities laws.

5.15 Underwriting of Entitlement Offer

Patrys has entered into an underwriting agreement (**Underwriting Agreement**) with Somers and Partners Pty Limited (the **Underwriter**) who has agreed to manage and fully underwrite the Entitlement Offer. As is customary with these types of arrangements:

Stork Holdings 2010 Ltd will not take up its Entitlement under the Entitlement Offer. However, if Stork Holdings 2010 Ltd's sub-underwriting commitment is called in full, Stork Holdings 2010 Ltd's holding will decrease from 12.25% to 11.64% of the shares on issue in Patrys.

Stork Holdings 2010 Ltd's obligations to partially sub-underwrite the Entitlement Offer will terminate if the Underwriter's obligations to underwrite the Entitlement Offer terminate.
