The Board (other than Dr Panaccio) unanimously recommends that shareholders vote **in favour** of the resolution in this item of business.

The Chairman of the Meeting intends to vote all available proxies **in favour** of the resolution in this item of business.

ITEM 3 – APPROVAL OF DORSAVI EMPLOYEE SHARE OWNERSHIP PROGRAM

Why is approval being sought?

Approval from shareholders for the issue of securities by the Company under the Employee Share Ownership Plan (**ESOP**) is being sought so that such issues continue to qualify as an exception to the placement capacity in ASX Listing Rule 7.1. Such approvals are required to be refreshed every 3 years otherwise any issues of securities under the ESOP will count towards the Company's 15% placement capacity.

The applicable exception is contained in ASX Listing Rule 7.2, exception 9. The effect of shareholder approval under this item of business is that any further issues of securities under the ESOP are treated as having been made with the approval of shareholders for the purposes of ASX Listing Rule 7.1 and do not reduce the Company's 15% annual placement ability. Shareholder approval in the form of the resolution proposed lasts for three years. The previous shareholder approval was obtained at the 2016 AGM hence the Company is required to refresh this approval at the 2019 AGM.

Securities issued under the ESOP

As at 25 October 2019, the Company had issued 8,976,778 securities under the ESOP since the issue of the Company's Prospectus in December 2013. This is comprised of 1,050,000 ordinary shares that were funded by non-recourse loans, 4,177,778 options over ordinary shares (of which 3,348,612 options have since lapsed) and 3,749,000 performance rights (of which 1,316,166 performance rights have since lapsed and 1,482,834 performance rights have been converted to ordinary shares following the achievement by employees of performance hurdles set by the Board).

The Directors of the Company believe that the ESOP is an appropriately designed equity-based employee incentive scheme, having regard to the role of the ESOP in the attraction, motivation and retention of relevant employees and in driving the improved performance of dorsaVi.

Summary of the ESOP

In accordance with ASX Listing Rule 7.2, exception 9, a summary of the key terms of the ESOP is provided in the Annexure attached to the Notice.

Board Recommendation and Chairman's voting intention for item 3:

The Board unanimously recommends that shareholders vote **in favour** of the resolution in this item of business.

The Chairman of the Meeting intends to vote all available proxies **in favour** of the resolution in this item of business.

Voting Exclusion for item 3

A voting exclusion applies to this item as set out in the Notice of Meeting.

ITEM 4 - OPTION GRANTS TO FOUR NON-EXECUTIVE DIRECTORS FOR APPROVAL

The Company announced on 15 March 2019 the results of an internal review following the release of its half year financial results. The review led to a range of initiatives to reduce operating costs, build revenue and sales capability, and optimise cash reserves. The initiatives to reduce cash outflows included a voluntary reduction in senior management salaries.

In support of the cost cutting initiatives, the Company's non-executive directors resolved, subject to shareholder approval, to accept options in lieu of directors' fees from 1 March 2019. The terms of the options to be issued to the Company's non-executive directors will, subject to shareholder approval, be as follows:

- other than in the case of the first two periods, options will be issued within 5 business days following the end of each relevant period referred to below (**Issue Dates**);
- the first relevant period will be from 1 March 2019 to 30 June 2019;
- the second relevant period will be from 1 July 2019 to 30 September 2019;
- the third relevant period will be from 1 October 2019 to 31 December 2019;
- the fourth relevant period will be from 1 January 2020 to 31 March 2020;
- the fifth relevant period will be from 1 April 2020 to 30 June 2020; and
- the final relevant period will be the period from 1 July 2020 to 30 September 2020.

- the number of options to be issued to each of the Company's non-executive directors on the relevant Issue Dates will be determined by dividing the fees owing to the particular director for that relevant period, by closing price of the Company's ordinary shares trading on ASX ending on the last trading day of that relevant period;
- the exercise price of the options issued will be at a 50% premium to the 10-day VWAP up to the last trading day of the relevant period for which they are issued. The exercise price shall be rounded to the nearest cent;
- upon exercise, each option will entitle the holder to one fully paid ordinary share in the Company;
- if unexercised, each option issued will terminate 5 years from date of issue;
- options shall not entitle their holder to participate in any issue of securities by dorsaVi unless the holder has exercised those options;
- in accordance with the ASX Listing Rules the holders will be entitled to receive an adjustment to the number of options, the exercise price of the options and/or the number of shares underlying the options in the event of a bonus issue, rights issue or reconstruction of the share capital of dorsaVi; and
- the options will not have any vesting conditions or performance hurdles.

Options for the relevant periods ending 30 June 2019 and 30 September 2019 will be issued within 5 business days following the date of the AGM (provided shareholder approval is granted).

Based on the foregoing characteristics, for each of the non-executive directors listed below the options for the period from 1 March 2019 to 30 June 2019 (4 months) have been determined as follows:

Director	Fees foregone (1 March 2019 to 30 June 2019)	Closing price on 30 June 2019	No. of options to be granted	10-day VWAP on 30 June 2019	Exercise price of options
Mr Greg Tweedly	\$20,024.32	\$0.050	400,486	\$0.057	\$0.086
Mr Ashraf Attiah	\$14,666.68	\$0.050	293,334	\$0.057	\$0.086
Ms Caroline Elliott	\$14,666.68	\$0.050	293,334	\$0.057	\$0.086
Dr Michael Panaccio*	\$14,666.68	\$0.050	293,334	\$0.057	\$0.086

*The options for each of the non-executive directors listed below for the period from 1 July 2019 to 30 September 2019 (3 months) have been determined as follows:

Director	Fees foregone (1 July 2019 to 30 September 2019)	Closing price on 30 September 2019	No. of options to be granted	10-day VWAP on 30 September 2019	Exercise price of options
Mr Greg Tweedly	\$15,018.24	\$0.043	349,261	\$0.048	\$0.072
Mr Ashraf Attiah	\$11,000.01	\$0.043	255,814	\$0.048	\$0.072
Ms Caroline Elliott	\$11,000.01	\$0.043	255,814	\$0.048	\$0.072
Dr Michael Panaccio	\$11,000.01	\$0.043	255,814	\$0.048	\$0.072

The Company has agreed that options to be issued in lieu of directors' fees to Dr Michael Panaccio may be issued to Starfish Ventures Pty Ltd or an entity related to or controlled by Starfish Ventures or Dr Panaccio.

Listing Rule waivers relating to future relevant periods

ASX Listing Rule 10.13.3 provides that securities granted approval to be issued under Listing Rule 10.11 must be issued within 1 month of receiving shareholder approval. Because the options proposed to be issued for the last 4 relevant periods referred to above will be issued more than 1 month following the AGM, the Company has applied for and obtained a waiver from ASX from the requirements in Listing Rule 10.13.3.

A standard condition to the grant of these waivers requires that the Notice disclose a worked example of the dilution that will occur to existing shareholders as a result of the issue of the options.

A worked example follows below:

DVL shares on issue as at 21 October 2019: 204,016,783	Dilution based on estimated closing price of a DVL share on the day options are issued		
	\$0.0215 50% decrease in closing price in all future relevant periods	\$0.0430* closing price	\$0.0860 100% increase in closing price in all future relevant periods
No. of options to be granted for the relevant periods from 1 March 2019 to 30 September 2020	11,330,819	6,864,003	4,630,599
Dilution impact (assuming all options are exercised)	5.55%	3.36%	2.27%

* assuming closing share price on 21 October 2019 of \$0.043 is the same for each relevant period, other than the periods from 1 March 2019 to 30 June 2019 and 1 July 2019 to 30 September 2019 which have already passed.

The terms of the options are:

Term	Detail
Exercise price	To be determined based on a 50% premium to the 10-day VWAP for the relevant period for which the options are issued
Expiry date	5 years from date of issue
Vesting conditions	Options have no vesting conditions and may be exercised at any time after their issue
No of shares each option exercisable over	1 fully paid ordinary share
Ranking of shares to be issued on option exercise	Shares issued upon exercise of the options will rank parri passu with all other ordinary shares on issue in the Company
Price	To be determined based on the closing price of ordinary shares in the Company on the final trading day of each relevant period, as described above
Adjustment	Holder of options will be entitled to an adjustment in the number of shares over which an option may be exercised, or an adjustment to the exercise price of the option, in the event of a pro rata issue of shares or a bonus issue, in accordance with ASX Listing Rule 6.22
Quotation	Options will not be quoted

ASX Listing Rule 10.13.5 provides that the notice of meeting to approve an issue of securities under Listing Rule 10.11 must include the issue price of the securities. The structure of the option issues above is designed such that the issue price of each option is the closing price of a Dorsavi share on the final trading day of the relevant period. Accordingly, because the issue price for the 4 future relevant periods is unable to be determined until the relevant period has expired the Company has applied for and obtained a waiver from ASX from the requirements in Listing Rule 10.13.5 with respect to having to state the actual issue price of the options for those future relevant periods.

The issue prices of options for the relevant periods ended 30 June 2019 and 30 September 2019 are the closing prices of Dorsavi's ordinary shares disclosed in the above tables, namely \$0.05 and \$0.043 respectively.

The maximum value of the options to be issued for each relevant period will be the directors fees owed for that relevant period. The fees due to each of the above non-executive directors for each future relevant 3 month period will be the same as those fees set out in the above table for the relevant 3 month period ended 30 September 2019.

The directors intend to re-assess the financial position of the Company prior to the 2020 AGM to determine whether the arrangement described above should continue. If the directors determine that it should, further shareholder approval will be sought at that time.

If approval is given under Listing Rule 10.11, approval for the issue of securities under item 4 is not required under Listing Rule 7.1.

No funds will be raised from the issue of options, however, if shareholder approval is not obtained the Company would be required to pay the directors their fees in cash. Any funds received by the Company as a result of the exercise of these options will be used by the Company for normal working capital purposes.

Board recommendation and chairman's voting intention for item 4

Noting that each non-executive director has a personal interest in this resolution, the board unanimously recommends that shareholders vote **in favour** of the resolution in this item of business.

The chairman of the meeting intends to vote all undirected proxies **in favour** of the resolution in this item of business.

Voting exclusion for item 4

A voting exclusion applies to this item 4 as set out in the notice of meeting.

ITEM 5 - ADOPTION OF REMUNERATION REPORT

The remuneration report for the financial year ended 30 June 2019 is set out in pages 17 to 25 of the Company's 2019 annual report. The report describes the Company's remuneration policy and the remuneration arrangements in place during the 2018/2019 financial year for each executive director, the non-executive directors and certain senior executives whose remuneration arrangements are required to be disclosed.

A reasonable opportunity will be provided for shareholders to ask questions about and make comments on the remuneration report at the meeting.

Section 250R (2) of the Corporations Act requires a resolution that the remuneration report be adopted to be put to a vote at the Company's annual general meeting. However, the vote on item 5 is advisory only and does not bind the directors or the Company. Nevertheless, the outcome of the vote and discussion at the meeting will be taken into consideration by the directors when considering the remuneration arrangements of the Company.

The Corporations Act also contains a 'two strikes' rule in relation to remuneration reports. Briefly, if at two consecutive annual general meetings of the Company 25% or more votes are cast against the resolution that the Company's remuneration report be adopted, a 'spill resolution' must be put to the vote at the second meeting. The spill resolution is that another meeting of the Company's members be held within 90 days to consider the appointment of new directors in place of those directors (other than the managing director) who were directors at the time the resolution was passed to approve the directors' report (including the remuneration report).

At the Company's 2018 annual general meeting, less than 25% of votes were cast against the resolution that the remuneration report be adopted. Accordingly, there is no requirement to allow for a possible spill resolution at this year's annual general meeting.

Board recommendation and chairman's voting intention for item 5

Noting that each director has a personal interest in their own remuneration from the Company, as described in the remuneration report, the board unanimously recommends that shareholders vote **in favour** of the resolution in this item of business.

The chairman of the meeting intends to vote all undirected proxies **in favour** of the resolution in this item of business.

Voting exclusion for item 5

A voting exclusion applies to this item 5 as set out in the notice of meeting.

Special Business

ITEM 6 - APPROVAL OF 10% PLACEMENT FACILITY

Background

ASX listing rule 7.1A enables eligible entities to issue equity securities up to 10% of its issued share capital through placements over a 12-month period after the annual general meeting at which such a placement facility is approved by a special resolution of shareholders (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX listing rule 7.1.

An eligible entity for the purposes of ASX listing rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is currently such an eligible entity (and is expected to remain so by the time of the 2019 annual general meeting).

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue “equity securities” under the 10% Placement Facility. “Equity securities” include a share, a unit, a right to a share or unit or option, an option over an issued or unissued security, and a convertible security (each an **Equity Security**).

The exact number of Equity Securities which the Company will have the capacity to issue under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX listing rule 7.1A.2 (described below).

The Company may use the funds raised from the issue of Equity Securities under the 10% Placement Facility for working capital requirements and ongoing business development activities and/or for acquisitions of new assets or investments (including expenses associated with such acquisitions or investments).

Description of Listing Rule ASX 7.1A

(a) **Shareholder approval**

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting.

(b) **Equity Securities**

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company. Currently, the Company’s only existing quoted class of Equity Securities is ordinary shares.

(c) **Formula for calculating 10% Placement Facility**

ASX listing rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the period of up to 12 months (see ‘10% Placement Period’ below) after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

(A x D) – E

where:

A is the number of fully paid ordinary shares on issue in the Company 12 months before the date of issue or agreement to issue:

- (A) plus the number of fully paid ordinary shares issued in the 12 months under an exception in ASX listing rule 7.2;
- (B) plus the number of partly paid ordinary shares that became fully paid in the 12 months;
- (C) plus the number of fully paid ordinary shares issued in the 12 months with approval of holders of ordinary shares under ASX listing rules 7.1 or 7.4;
- (D) less the number of fully paid ordinary shares cancelled in the 12 months.

Note that A has the same meaning in ASX listing rule 7.1 when calculating an entity’s 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under ASX listing rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under ASX listing rules 7.1 or 7.4.

(d) **ASX listing rules 7.1 and 7.1A**

If passed, the resolution in item 6 will allow the board of directors to issue up to an additional 10% of the Company’s issued capital during period of up to 12 months (see ‘10% Placement Period’ below) following the date of the Company’s 2019 annual general meeting without requiring further shareholder approval. This is in addition to the Company’s 15% annual placement capacity provided for in ASX listing rule 7.1.

The actual number of Equity Securities that the Company will have capacity to issue under ASX listing rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in ASX listing rule 7.1A.2 (refer to ‘Formula for calculating 10% Placement Facility’ above).

(e) **Minimum issue price**

The issue price of any Equity Securities issued under ASX listing rule 7.1A must be no less than 75% of the volume

weighted average price (**VWAP**) of Equity Securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(f) **10% Placement Period**

Shareholder approval of the 10% Placement Facility under ASX listing rule 7.1A is valid for the period (**10% Placement Period**) from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained; and
- (ii) the date of the approval by shareholders of a transaction under ASX listing rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

If the resolution in item 6 is passed and shareholder approval is not sought for a transaction under ASX listing rules 11.1.2 or 11.2, the 10% Placement Period will end on 28 November 2020.

ASX listing rule 7.1A

If the resolution in item 6 is passed, the directors will have the capacity to issue Equity Securities under ASX listing rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under ASX listing rule 7.1.

Item 6 is a special resolution. Therefore, to be passed it requires at least 75% of the votes cast by shareholders entitled to vote to be in favour of the resolution.

Other specific information required by ASX listing rule 7.3A

Pursuant to and in accordance with ASX listing rule 7.3A, the following additional information is provided in relation to the approval of the 10% Placement Facility:

- (a) If the resolution in item 6 is approved by shareholders and the Company issues Equity Securities under the 10% Placement Facility, there is a risk of economic and voting dilution to the existing ordinary security holders of the Company. This includes the risk that:
 - (i) the market price for the Company's Equity Securities (e.g. ordinary shares) may be significantly lower on the date of the issue of the Equity Securities than on the date of the 2019 annual general meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date (or the Equity Securities may be issued as part of the consideration for the acquisition of a new asset),

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing shareholders on the basis of the current market price of ordinary shares in the Company and the current number of ordinary shares for variable 'A' calculated in accordance with the formula in ASX listing rule 7.1A.2 as at the date of this notice of meeting.

The table also shows:

- (i) two examples where variable 'A' has increased, by 50% and 100%. Variable 'A' is based on the number of ordinary shares the Company has on issue. The number of ordinary shares on issue may increase as a result of issues of ordinary shares that do not require shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under ASX listing rule 7.1 that are approved at a future general meeting; and
- (ii) two examples of where the issue price of ordinary shares changed, either by decreasing by 50% or by increasing by 100% as against a recent market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.0215 50% decrease in Issue Price	\$0.0430 Issue Price	\$0.0860 100% increase in Issue Price

	Funds Raised	\$657,954	\$1,315,908	\$2,631,817
100% increase in current Variable A 408,035,566	10% Voting dilution	40,803,357	40,803,357	40,803,357
	Funds Raised	\$877,272	\$1,754,544	\$3,509,089

The table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
 - (ii) No options on issue are exercised into shares before the date of the issue of the Equity Securities.
 - (iii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 - (iv) The table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Facility, based on that shareholder's holding at the date of the 2019 annual general meeting.
 - (v) The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1 (i.e. it assumes the Company does not issue any Equity Securities under the 15% placement capacity).
 - (vi) The Equity Securities issued under the 10% Placement Facility consist only of ordinary shares, and not any other Equity Securities such as options.
 - (vii) The issue price is \$0.043 per share, being the closing price of the Company's shares on ASX on 30 September 2019.
- (b) The Company may seek to issue Equity Securities under the 10% Placement Facility for the following purposes:
- (i) Non-cash consideration for the acquisition of new assets and investments: in such circumstances, the Company will provide to ASX, for release to the market, a valuation of the non-cash consideration as required by Listing Rule 7.1A.3 to demonstrate compliance with the minimum issue price requirement described above.
 - (ii) Cash consideration: in such circumstances, the Company intends to use the funds raised towards working capital requirements and ongoing business development activities and/or for acquisitions of new assets or investments (including expenses associated with such acquisitions or investments).

The Company will comply with the disclosure obligations under Listing Rules 7.1A.4 and 3.10.5A upon the issue of any Equity Securities.

- (c) The Company's allocation policy for identifying to whom any Equity Securities will be issued under the 10% Placement Facility will be dependent on the prevailing market conditions at the time of any such proposed issue. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to various factors, including but not limited to the following:
- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
 - (ii) the effect of the issue of the Equity Securities on the control of the Company;
 - (iii) the financial situation and solvency of the Company; and
 - (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this notice of meeting but may include existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company. The Company would only issue Equity Securities to directors or other related parties of the Company under the 10% Placement Facility if shareholder approval is obtained (or an exception under ASX listing rule 10.12 applies).

Further, if the Company acquires new assets or investments, the allottees under the 10% Placement Facility may include the vendors of those new assets or investments.

- (d) The Company previously obtained shareholder approval under ASX listing rule 7.1A at the Company's annual general meeting held on 21 November 2018.

During the 12 months preceding the 2019 annual general meeting (i.e. since 28 November 2018), the Company issued 36,010,620 ordinary shares on 21 December 2018 representing 21.4% of the total number of shares on issue at the commencement of that period. Details are set out in the table below.

The Company raised approximately \$2.1m before costs and expenses, under a 1 for 3 non-renounceable pro rata rights offer (**Offer**) announced on 21 November 2018. The funds raised from the Offer were used for general working capital and business development purposes. The Company reported that at 31 December 2018, following receipt of the funds raised from the Offer, that it had cash and cash equivalents of approximately \$4.9m. The Company reported that at 30 June 2019 it had cash and cash equivalents of approximately \$2.8m. Therefore as at 30 June 2019, the Company's cash and cash equivalents had decreased by approximately \$2.1m.

The Company did not issue any performance rights or options over this period.

Date of issue	Allottees	Number and class of Equity Securities	Price (and any discount to market on date of issue)	Key terms
21 December 2018	Existing shareholders who participated in the <i>dorsaVi</i> the 1 for 3 non-renounceable pro rata rights offer (Offer) announced on 21 November 2018 (including applications received for additional shares under the shortfall facility and via the underwriting).	36,010,620 ordinary shares	\$0.058 per ordinary share (a 14.0% discount to the closing market price (\$0.674) on ASX on 21 November 2018)	The shares ranked equally with the existing class of ordinary shares

Board recommendation and chairman's voting intention for item 6

The board unanimously recommends that shareholders vote **in favour** of the resolution in this item 6.

The chairman of the meeting intends to vote all undirected proxies **in favour** of the resolution in this item 6.

Voting exclusion for item 6

A voting exclusion applies to this item 6 as set out in the notice of meeting.

At the date of this notice of meeting, the Company has not identified or approached any particular persons (including any

existing security holder or an identifiable class of existing security holders) to participate in an issue of Equity Securities under the 10% Placement Facility. No security holder's votes will therefore be excluded under the voting exclusion for this item 6. Shareholders should consider this resolution on the basis that they may or may not get a benefit from the 10% Placement Facility and that it is possible that their shareholding in the Company will be diluted.

ANNEXURE TO NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

SUMMARY OF THE DORSAVI EMPLOYEE SHARE OWNERSHIP PLAN

The Board established an employee share ownership plan (**ESOP**) in September 2013 to provide the opportunity for employees to acquire Shares (or options over Shares and other securities), in order to incentivise employees and align their interests with those of the shareholders. The Company may offer employees non-recourse and interest-free loans to acquire fully paid Shares. On 20 September 2013, the Company's shareholders approved the giving of such financial assistance. A copy of the ESOP is available at http://dorsavi.com/wp-content/uploads/2015/05/dorsaVi_esop.pdf

The following is a summary of the key terms of the ESOP:

Objectives

The objectives of the ESOP are to:

- motivate and retain employees and Directors of the Company;
- attract quality employees and Directors to the Company;
- create commonality of purpose between the employees and Directors and the Company; and
- add wealth for all shareholders of the Company through the motivation of the Company's employees and Directors, by allowing employees and Directors to share the rewards of the success of the Company as holders of securities in the Company.

Participation

Any person who is:

- an employee of the Company or a subsidiary of the Company; or
- a Director of the Company or a subsidiary of the Company who holds a salaried employment or office in the Company or a subsidiary of the Company;

(each an **Eligible Person**) is eligible to participate in the ESOP. However, participation by an Eligible Person who is a Director may require shareholder approval under the ASX Listing Rules. Participation is by invitation of the Board only.

Acquisition Of Securities

The ESOP provides for the acquisition by, or for the benefit of, Eligible Persons of Shares in the Company, options over Shares and/or rights to or interests in such Shares or options (**Securities**). The acquisition may be made directly by the Eligible Person (or his or her approved nominee) or the Company may arrange for a trust to be established for the benefit of Eligible Persons and for the trustee to acquire and hold the Securities on trust for the Eligible Persons.

Acquisition Price

Securities may be offered for acquisition by, or for the benefit of, an Eligible Person under the ESOP at any price determined by the Board, including for nil consideration. This provides the Company with flexibility to reward Eligible Persons, including allowing the Company to provide Shares to Eligible Persons for no consideration as a bonus.

Payment for the acquisition of Securities may be provided by the Company through the provision of loans (see below), by Eligible Persons or by a combination of both. An Eligible Person may also elect to fund the acquisition of Securities by way of salary sacrifice or sacrifice of cash bonuses and other equivalent entitlements.

Restrictions

The Directors may impose restrictions on dealing in Securities which are acquired under the ESOP, e.g. by prohibiting them from being sold, transferred, mortgaged, charged or otherwise disposed of or encumbered for a period of time.

Control of Securities

Where an Eligible Person participates in the ESOP and Securities are acquired by, or for the benefit of, the Eligible Person, the terms of participation may authorise the Company to do all that is necessary or appropriate for the Company to ensure the Securities are not disposed of or encumbered prior to the cessation of any restrictions on dealing, including by applying a holding lock in respect of the Securities (if they are uncertificated) or by retaining the certificates in respect of the Securities (if they are certificated).

Nomination

If approved by the Company, an Eligible Person may nominate an associate to take up or apply for any Securities or loan that the Eligible Person is offered, allocated or invited to apply for under the ESOP.

Maximum Limit on Issues

There is no maximum limit on the number of Securities that may be acquired by Eligible Persons under the ESOP. However, the Board has previously advised in 2013 that it intended to restrict further issues of Securities under the ESOP to no more than 5% of the Company's issued share capital (unless shareholder approval is subsequently sought to increase this level). Since 2013 the Company has not sought shareholder approval to increase this level.

Ranking of Shares

Unless the Board otherwise provides, all new Shares issued to, or for the benefit of, Eligible Persons under the ESOP (including on the exercise of options) will rank from the date of issue equally with the other Shares in the Company then on issue (although they will not participate in any dividends the record date for which occurred before the date of issue). The

Company will apply to ASX for the quotation of any Shares issued under the ESOP, in accordance with the requirements of the ASX Listing Rules.

Nature of Options

Each option acquired under the ESOP will, when the option becomes exercisable, entitle the holder, on payment of the exercise price, to have issued to the holder one Share in the Company (subject to adjustment in accordance with the ASX Listing Rules for any bonus issue, rights offer or reconstruction of the share capital of the Company that occurs after the option was granted).

Terms of Options

The number of options to be issued, any consideration for the issue of options, the exercise period and the exercise price will be determined by the Directors. The Directors may also specify vesting conditions which must be satisfied before options can be exercised. Except as set out in the terms of the options, options shall not entitle their holder to participate in any issue of Securities in or in respect of the Company other than the Shares issued to them upon exercise of the options in accordance with the terms of the options.

Variation to the Number and Exercise Price of Options

A holder of options under the ESOP will, in accordance with the ASX Listing Rules, be entitled to have the number of options, the exercise price of the options and/or the number of Shares underlying the options varied in the event of a bonus issue, rights offer or reconstruction of the share capital of the Company.

Termination of Options

Options which are not exercised by their expiry date will terminate. Options the subject of a vesting condition will also terminate if the vesting condition is not met (or cannot be met).

Amendments to The Rules of the ESOP

The Company may amend the rules of the ESOP, subject to any requirements of the Corporations Act and the ASX Listing Rules.

Suspension or Termination of the ESOP

The Company may suspend the operation of the ESOP or terminate it at any time. Suspension or termination will not prejudice the existing rights of any person who acquired Securities under the plan prior to the time it is suspended or terminated.

Provision of Loans

The Company may provide loans to Eligible Persons to fund:

- the subscription for, or other acquisition of, Securities offered or allocated to, or for the benefit of, Eligible Persons; and/or
- the exercise of options or other rights issued to, or for the benefit of, Eligible Persons.

Term of Loans

The loans that may be provided to Eligible Persons to fund the acquisition of Securities or exercise of options or other rights that are Securities will be on such terms as are determined by the Directors. Further, the ESOP specifically provides that a loan provided to an Eligible Person may be:

- interest free;
- non-recourse or limited recourse;
- satisfied by payment to the Company of the proceeds of the sale of the Eligible Person's Securities or by the transfer of those Securities to the Company or its nominee; and
- secured (including by the Company taking security over the Shares in the Company acquired by the Eligible Person under the ESOP) or unsecured. Further, where a loan is provided to fund the acquisition of Securities, subject to the terms of the relevant loan agreement, the Securities may not, without the prior written consent of the Company, be sold, transferred, mortgaged, charged or otherwise disposed of or encumbered prior to repayment of the loan.
