

An elderly couple is shown in a warm, rustic kitchen. The man, with a white beard and hair, is wearing a green sweater and looking towards the right. The woman, with short white hair and red glasses, is wearing a brown knitted sweater and has her arm around the man's shoulder, smiling broadly. They are both holding dark blue mugs. The background features a wooden wall with a window showing greenery outside, and a rack of mugs on the wall.

# Who is SelfWealth?

SelfWealth is the solution to a problem Australian investors have been frustrated with for years: how to access to some of the world's most cutting edge investment insights, without breaking the bank. Our inquisitive company and its leadership continue to innovate and surprise the industry with new solutions to an age-old problem: how to trade smarter.

Australia's cheapest and fastest growing flat-fee ASX trading platform.

Actionable insights from over 60,000+ real investor portfolios that assist members in outperforming the market.

SelfWealth SMSF Leaders Fund.  
World-first ETF driven by community data to be launched 2019.

SelfWealth Adviser Platform. Introducing an industry-changing Adviser Platform for share trading.
