**NO IMPACT TO OPERATIONS FROM CYCLONE IDAI**

---

Syrah Resources Limited (**ASX: SYR**) ("Syrah" or "Company") wishes to advise that the recent Cyclone Idai in Mozambique has not impacted the Balama Graphite Operation and logistic supply chain at this time. Syrah continues production ramp up with sales and shipping of graphite progressing as planned.

The cyclone made landfall near the city of Beira in the province of Sofala, which is over 1,000 kilometres by road to the south of Syrah's operations and port.

Shaun Verner, Managing Director and CEO stated: *"Whilst Syrah's operations have not been impacted by this cyclone, the destruction and death toll is significant in Mozambique, Zimbabwe and Malawi. The Syrah team extend their deepest sympathies to those impacted."*

**About Syrah Resources**

*Syrah Resources Limited (ASX code: SYR) is an Australian-based industrial minerals and technology company. Syrah owns and developed the Balama Graphite Project (Balama) in Mozambique. Balama transitioned to operations with sales and shipments to a global customer base including the battery anode producers, from the start of 2018. Balama will be the leading global producer of high purity graphite. Balama production is targeted to supply traditional industrial graphite markets and emerging technology markets. Syrah is also progressing its downstream Battery Anode Material strategy with first production of spherical graphite achieved in December 2018 from its plant in Louisiana, USA. Syrah has successfully completed extensive product certification test work with several major battery producers for the use of Balama spherical graphite in the anode of lithium-ion batteries.
