

FOR IMMEDIATE RELEASE

Clarification of Speedcast role in US Government Contract

SYDNEY, Australia, July 5, 2019 - [Speedcast International Limited](#) (ASX: SDA)

It has come to our attention that an article appeared in yesterday's Australian Financial Review implying that Speedcast has been awarded a US Department of Homeland Security (DHS) contract with a total ceiling value of US\$3 billion over its five year term (the Article'). The Article is based on Speedcast's press release dated 3 July 2019 (<https://www.speedcast.com/newsroom/press-releases/2019/speedcast-government-named-awardee-on-3-billion-taccom-ii-multi-agency-contract>).

Speedcast wishes to note that, as stated in its original press release, while it is one of the awardees on the TacCom II contract vehicle, Speedcast is not the sole awardee and the award does not guarantee any particular level of revenue to Speedcast.

Speedcast is honored to have been selected under the award and looks forward to support the DHS under this prestigious programme.

About Speedcast International Limited

Speedcast International Ltd (ASX: SDA) is the largest provider of remote communications and IT services in the world. Speedcast's fully-managed service is delivered via a leading global, multi-access technology, multi-band and multi-orbit network of 70+ satellites and an interconnecting global terrestrial network, bolstered by extensive on-the-ground local support from 40+ countries.
