

## ASX Release

### NEWLY SALE AND HEALTHCARELINK INVESTMENT COMPLETION

The Directors of Novita Healthcare Limited, (“Novita” or the “Company”) wish to advise shareholders that the sale of Newly Pty Ltd and parallel investment in HealthcareLink Pty Ltd has been completed with effect 18<sup>th</sup> October 2018 on the terms previously advised.

This sale and share subscription as first advised on 20<sup>th</sup> July 2018 represents a successful transition for Newly and ongoing investment exposure for Novita shareholders to the healthcare sectors annual spend on recruitment of \$1.5B.

As a result of an ongoing assessment of the size of the global opportunity, in combination with promising traction to date, the focus of Novita is now on the core asset of TALI Health and the market development of the lead solution TALI Train. Further information on this strategy is available via this brief video update: <http://tinyurl.com/ycdkdlyb>.

The Company wishes to thank all those involved in the divestment of Newly and looks forward to working closely with the board and management of HealthcareLink as that Company drives towards its growth milestones.

### ABOUT NOVITA HEALTHCARE

Novita Healthcare is an emerging health sector technology company targeting ATTENTION in children through its breakthrough technology TALI. TALI Train uses proprietary algorithms inside a game-based learning application to improve core attention skills in early childhood ([www.talihealth.com](http://www.talihealth.com)).
