

FOR IMMEDIATE RELEASE

Edward Sippel to Depart Speedcast Board of Directors

SYDNEY, December 31, 2018 – [Speedcast International Limited](#) (ASX: SDA), the world's most trusted provider of remote communication and IT solutions, today announced that Edward Sippel has resigned as a Director of Speedcast International Limited after serving on the Board for five years. Sippel's resignation is effective as of December 31, 2018. Sippel is a Managing Director of TA Associates and his departure follows TA Associates divestment of Speedcast shares in March 2018 following a nearly five-year strategic partnership.

"I want to extend my thanks to Ed for his five years of service as a member of the Speedcast Board of Directors," says PJ Beylier, Speedcast CEO. "From the spin out from AsiaSat in 2012 to the initial public offering in 2014 to having become the leading remote communications service provider in our industry, Ed and TA Associates have been invaluable partners and advisors on our journey."

"As I said following our divestment earlier in the year, TA Associates is proud to have helped Speedcast build a world-class team and company through our partnership. Speedcast is well positioned for future growth opportunities and I wish the company all the best for a successful future," says Edward Sippel, Managing Director, TA Associates.

About Speedcast International Limited

Speedcast International Ltd (ASX: SDA) is the largest provider of remote communications and IT services in the world. Speedcast's fully managed service is delivered via a leading global, multi-access-technology, multi-band and multi-orbit network of 70+ satellites and an interconnecting global terrestrial network, bolstered by extensive on the ground local support from 40+ countries. This global "network of networks" allows customers to fully rely on the most robust, integrated infrastructure available in the market for their mission critical applications. Speedcast is uniquely positioned as a strategic business partner, tailoring communications, IT and digital solutions to meet unique customer needs and enable business transformation. Speedcast extends its managed services through differentiated technology offerings including cyber-security, crew welfare, content solutions, data and voice applications and network systems integration services. With a passionate customer focus and a strong safety culture, Speedcast serves more than 2,000 customers in over 140 countries in sectors such as Maritime, Energy, Mining, Enterprise, Media, Cruise, NGOs and Government.
