

# 1Q'21 Trading Update provided at Morgans Conference

---

## Highlights:

- Continued recovery post COVID-19 lockdown with ProRes RAW partnerships delivering material increase in Ninja V sales
- Sales in the month of September were up 100%+ against the average monthly revenue for 2H'20, whilst July was up 50%+ and August up 60%+
- New streaming and live video products, which are anticipated to be released in 2Q'21, are expected to generate significant additional demand and help company get back to pre-COVID revenue numbers by early in 2H'21
- Cost control in line with previous guidance
- Strong cash position of \$18.8m at 30 June and access to \$5m undrawn working capital facility

---

Atomos Limited (**ASX:AMS**, '**Atomos**' or the '**Company**') is pleased to advise it will present at Morgans Queensland Conference remotely from 6 - 8 October 2020.

## About Atomos:

Atomos is a global video technology company delivering award-winning, simple to use monitor-recorder content creation products. These products give content creators across the rapidly growing social, pro-video and entertainment markets a faster, higher quality and more affordable production system.

Atomos' range of products take images directly from the sensor of all major camera manufacturers, then enhance, record and distribute them in high-quality formats for content creation using the

major video editing software programs. Since being founded in 2010, Atomos has established strategic relationships with key technology providers within the ecosystem including Apple, Adobe, Sony, Canon, Panasonic, Nikon and JVC Kenwood.

Atomos is based in Australia with offices in the USA, Japan, China, UK and Germany and has a worldwide distribution partner network.

October 2020

**Atomos unlocks creativity and profit for video content creators**

# Inventing and delivering ground-breaking and disruptive technologies that enhance, simplify & ultimately democratise video content creation

## Presenters

Chris Tait, Executive Chairman

Jeromy Young, Chief Executive Officer

James Cody, Chief Financial Officer

# Q1 FY21 demonstrating strong rebound

## Q1 FY21 – Strong signs of Recovery

- Continued recovery post COVID-19 lockdown with ProRes RAW partnerships delivering material increase in Ninja V sales
- Sales in the month of September were up 100%+ against the average monthly revenue for 2H'20 whilst July was up 50%+ and August up 60%+
- Cost control in line with previous guidance

## Future & Strategy

Well-funded with \$19m cash on hand as at 30 June 2020 and access to a \$5m undrawn working capital facility

New streaming and live video products, which are anticipated to be released in 2Q'21, are expected to generate significant additional demand and help company get back to pre-COVID revenue numbers by early in 2H'21

Expect to be a larger (existing + new products), more cost-effective business. The Company expects to return to pre-COVID-19 levels of revenue at the start of CY21

# Atomos – Snapshot

Global video technology company that enhances video content creation with products that connect the imaging and computer worlds together

Strategic relationships with leading tech companies such as: Apple, Adobe & camera makers: Sony, Canon, Panasonic, RED & JVC Kenwood

Allows video content creators to improve recording quality, save time and maintain greater flexibility and control over the content creation process

Advanced proprietary technologies underpin the current product suite and will be used to drive future growth into new markets

## Key market segments

### Entertainment

Production companies producing high-quality content for TV and cinema usually viewed on subscription streaming platforms

### Pro Video

Advertising, events, corporate, broadcast and education

### Social

Consumers / prosumers who create and share on free, advertisement driven platforms

# Target Markets – Current & Future

Atomos' growing product portfolio addresses a US\$10B camera equipment market<sup>1</sup>

<sup>1</sup> CIPA Report, 2017

# Live Video – the new frontier

## Real-time ‘Live’ Video is Booming

### Largely, one camera, single user streaming

- One camera streaming using: Zoom, YouTube Live, Vimeo, Facebook Live
- Simple content created with minimal (or zero) preparation time and made with consumer equipment
- Limited freedom of movement, limited locations
- No reliance on people in the same location

### Atomos can democratise

#### *Creating low cost ‘professional solutions’*

- **Leveraging the Ninja Platform** to create all in one simple, powerful product set – already includes multicamera features
- **Record high quality formats at same time as streaming** formats for ultimate flexibility for live & curated production

Daily Zoom users  
has grown from  
**10 million** to  
**300 million**

December 2019  
to April 2020

# Atomos' streaming product provides a solution to a massive market

AMS has the technology platforms, partners and relationships to democratise the new live streaming market

## Market Challenges

- Switching from people to product to presentations, along with inserting graphics and edits in real time is complex and usually requires a computer
- Record in high-quality and Live Stream is expensive and complex – users compromise today
- Produced and edited live content after streaming is currently low quality
- Professional live set ups are difficult for 'normal' customers

## Atomos All-In-One Solutions

- AMS have dynamic touch switching technology included in the current Sumo and Shogun products
- AMS' product pricing allows a wider customer base to utilise professional live production techniques
- Accelerate Roadmap on existing Ninja Platform
  - Add High quality internet streaming formats in HD or 4K
  - Add Internet connectivity – 5G/4G Mobile, WiFi, Ethernet
- AMS' ability to record/process 4x HD processing & 1x HD live streaming simultaneously is the same as 4K RAW processing
- Ease of use and low cost allows AMS to target our core professionals, in our core market segments as they change their production techniques to live – then democratise lower
- Same sales and marketing channels AMS have today

# Full solution to existing and new markets

## New Live individual broadcast/streaming, Market Strategy

### AI CLOUD

### LIVE INTERNET

4G/5G Mobile, Wi-Fi & Ethernet

**Image Capture**

**Image Processing**  
Direct Streaming,  
Broadcast Switching

**Editing & Finishing**  
Direct Streaming,  
Broadcast Switching

**Storage, Analysis & Encryption**

**Search, Distribution & Collaboration**  
*Including live streaming*

### ATOMOS CURRENT

### EXPANDING ATOMOS' FUTURE

# Partnerships with global leaders in the camera and editing industries

## Continuing to build a global ecosystem of partners

- Atomos released a new global recording format with Apple, ProRes RAW, in 2018
- ProRes RAW is firmly established as the new standard for RAW video capture with 7 major video companies having announced support for RAW over HDMI:

- Atomos is the only company with monitor/recorders that can record to Apple ProRes RAW, positioning it to benefit from a larger addressable market.
- Sony Alpha A7S III (ProRes RAW enabled), is expected to generate material sales of Ninja V following launch in September 2020
- ProRes RAW partnerships have helped deliver strong recovery in sales throughout Q1 FY21 with Ninja V's the main beneficiary
- **Atomos has a significant roadmap of new partnerships on ProRes RAW which is expected to be a material driver of sales in FY21**
