

ASX ANNOUNCEMENT
Quarterly update and cashflow

Highlights:

- **First sale in China with further sales expected in Q1 2021**
- **Rebranding completed and digital marketing commencing in Q1 2021**
- **Strong cash position of \$4.4M**

31 July 2020 – IoT solutions company, Constellations Technologies Limited (ASX: CT1) (the “Company” or “Group”) is pleased to provide a summary update on its activities for the quarter ended 30 June 2020.

Notable points to assist in reading the Appendix 4C

Cash receipts for the quarter were \$285k, an increase of 94% on the previous quarter. As flagged in the previous quarterly commentary, a material increase in revenue was anticipated in this quarter as the Company moves into the growth phase with its Strategic Partners, complemented by other positive developments across the business. The increase in revenue was primarily driven by the signing of the Company’s first contract in China and receipt of the first instalment. Quarterly revenues are expected to continue to increase in subsequent periods as the Company executes on its growth plans and existing sales pipeline.

The June quarter is the first to include additional costs associated with the Company’s expansion into China and a strengthening of the Australian and Indian teams to support the Company’s growing sales pipeline.

In regard to investing activities, the Company received \$204k from the proceeds of option conversions and a further \$866k from the second tranche of the placement announced 11 December 2019 that was approved by shareholders at the General Meeting held 27 May 2020 (General Meeting).

At present, a total of 526,070,847 options with varying exercise prices expiring up to 18 June 2023 are considered “in the money” and capable of being exercised to raise up to \$7.9mil for the Company. In excess of 205 million options are held by members of the board or management, the Company’s Strategic Partners or individuals connected through business relationships to the aforementioned.

Related party cash payments for the quarter of \$98k included directors fees and CEO remuneration, together with rental and legal fees to entities associated with the Chairman. In accordance with ASX LR 4.7C.3 the Company also notes the non-cash payments made in lieu of cash for previous amounts owed to the Directors in the form of shares and options that were approved at the General Meeting. The accounting value of the non-cash items is still being determined and will be disclosed in the 2020 Annual Report expected to be released in the last week of August 2020.

Business Operations

The team has performed exceptionally well in China to date in establishing and executing on the Company's first project in that market. The project as announced to the market on 17 June 2020, is well advanced with hardware installation complete.

The Company is also very pleased to be receiving an increase in enquiries for its temperature monitoring product from both existing customers and resellers as well as new prospects in the food and health sectors.

With the rebranding to Constellation Technologies now complete, the Company is preparing to launch a set of digital sales and marketing initiatives to drive local business in Australia and internationally.

COVID-19 impact

The team have continued to work closely using technology and have adapted where necessary to accommodate COVID-19 restrictions in their locality. During the quarter the Company assessed its general effectiveness, productivity and staff morale and consequently offered permanent remote arrangements to certain staff members. As a result the Company has been able make a significant permanent reduction in rental and travel costs while increasing productive capacity.

The board thanks all shareholders for their continued support and interest in the Company.

Authorised for release by the Board of Constellation Technologies Limited.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
