### REVIEW OF OPERATIONS

### REPUBLIC OF THE PHILIPPINES

#### **ROMBLON PROJECT, SIBUYAN ISLAND, ROMBLON PROVINCE (MPSA No. 3042009-IVB)**

Interest: MPSA 3042009-IVB

Since November 2004 the Romblon Project located on Sibuyan Island in the Romblon Province in the Philippines has been the main focus of the Company. Pelican through its wholly owned subsidiary, Sunshine Gold Pty Ltd in conjunction with its Philippine affiliate, Sunpacific Resources Phils Inc. and its Philippine venture partner All-Acacia Resources Inc. (AARI) jointly own Sibuyan Nickel Properties Development Corporation (SNPDC). SNPDC holds the rights to the granted Mineral Production Sharing Agreement 3042009-IVB (MPSA) over the project area. SNPDC has undertaken activities to evaluate the Romblon Project as a potential source of direct shipping lateritic nickel ore (DSO). Historically exploration activities undertaken by two Japanese nickel companies in 1972 led to the discovery of nickel mineralization within the project area covered by the MPSA.

The Romblon Project remains in the process of being transferred from Altai Resources Philippines Inc. (Altai), the original applicant of the MPSA, to SNPDC. Since September 2011 the project site has been on care and maintenance as a consequence of a Cease and Desist Order (CDO) issued by the Mines and Geosciences (MGB) of the Department of Environment and Natural Resources (DENR).

On 25 June 2015, Pelican announced that it had entered into a Memorandum of Understanding (MOU) with Dynamo Atlantic Limited (Dynamo), a BVI registered company, whereby Dynamo agreed to purchase 100% equity interest in SNPDC for a total cash purchase price of \$A4.70 million, payable in three instalments. Dynamo further agreed to grant a 2.5% royalty on net income generated by SNPDC from any operations undertaken on Sibuyan Island. To date Pelican has received two instalments totalling \$A1.41 million, with the final instalment of \$A3.29 million due on completion of sale and transfer of 100% ownership of SNPDC.

## **PELICAN RESOURCES LIMITED AND CONTROLLED ENTITIES**

### **DIRECTORS' REPORT**

Following protracted negotiations, in August 2016 Pelican announced that it had secured the support of its venture partner for the sale of SNPDC, advised Dynamo that it considered the MOU unconditional and the parties could proceed towards completion. Pelican further provided Dynamo with a draft Share Sale Agreement in accordance with the terms of the MOU.

On 7 September 2016 Pelican announced that Dynamo had written advising that it did not intend to proceed with the purchase of SNPDC and requested a full refund of the consideration paid to date under the MOU.

The Company considered the sale of SNPDC as a disposal of main undertaking pursuant to the Listing Rule 11.2, therefore the Company sought and received shareholder approval for the disposal at its annual general meeting held on 11 November 2016.

Following notice from Dynamo of its intention not to proceed with the acquisition of SNPDC, Pelican made several unsuccessful attempts to progress to completion. On 30 December 2016 Pelican issued Dynamo with a Notice of Default ("Notice"). Under the Notice, Dynamo was given 28 days to remedy the default by confirming that it was ready, willing and able to complete the sale of SNPDC in accordance with the terms of the MOU.

The Directors remain committed to the sale of SNPDC in accordance with the MOU and Pelican continues to engage in discussions with Dynamo Atlantic to complete the sale of SNPDC in a timely manner.

##### **COCKATOO ISLAND PROJECT (M04/235)**

Interest: 100%

Operator: Pluton Resources Limited (Receivers and Managers Appointed) (In Liquidation)

The Cockatoo Island project was purchased by Pluton Resources Limited (Pluton) and its joint venture partner Wise Energy from Cliffs Asia Pacific Iron Ore Pty Ltd in September 2012. Since September 2015, Bryan Hughes and Daniel Johannes Bredenkamp of Pitcher Partners have acted continuously as Receivers and Managers of Pluton with all project operations under their control.

A Deed of Company Arrangement (DOCA) proposal from World System Capital Investment Limited (BVI) ("WSC") was approved by creditors in January 2016, at which time Sam Marsden and Derrick Vickers were appointed Joint and Several Deed Administrators of Pluton.

WSC was unable to comply with the terms of the DOCA and at a subsequent meeting of creditors held on 23 May 2016, creditors approved a proposal to provide WSC with an extension of time to comply with the terms of the DOCA. The varied DOCA was subsequently executed on 20 July 2016.

## **PELICAN RESOURCES LIMITED AND CONTROLLED ENTITIES**

### **DIRECTORS' REPORT**

Legal proceedings were initiated by a creditor of Pluton to set aside the varied DOCA which resulted in the Supreme Court of Western Australia ordering the DOCA be terminated on 21 July 2016. On 3 August 2016, the Court ordered that Pluton be wound up and that Sam Marsden and Derrick Vickers be appointed Joint and Several Official Liquidators of Pluton.

The Receivers and Managers have been advertising for expressions of interest for Pluton's interests in the Cockatoo Island Project (held via a joint venture in that project).

During the period the Company applied to the Department of Mines and Petroleum for a miscellaneous license is for the purposes of construction of an infrastructure facility associated with mining as defined in Section 253 of the Native Title Act 1993 (Cth).

### **SUBSEQUENT EVENTS**

On 19 January 2017 the Company received an invitation letter from the Minister for Mines and Petroleum to make an application over an area of land referred to as S19/51 located within M04/235 exempted from the application provisions of the Mining Act. The Company subsequently applied to the Department of Mines and Petroleum for a miscellaneous license is for the purposes of aerodrome, communication facility, minesite accommodation facility, power line, power generation and transmission facility, road and water management facility.

In February 2017, press articles published in the Philippines reported the Secretary of the DENR had cancelled 75 MPSA's in an intensified government crackdown on mines deemed destructive to watershed forest reserves. The DENR published a list of MPSA's that it proposed to cancel, which included reference to Romblon, Altai Philippines Mining Corp ("Altai") – Sibuyan Island. As at the date of this report, SNPDC had not received any formal notification from the DENR of the proposed cancellation of the MPSA.

Since publication of the list of MPSA's by the DENR, SNPDC has been making enquiries to establish if Altai has received formal notification of the DENR's intention to cancel the MPSA. SNPDC is further seeking to clarify the location of the MPSA and its proximity to a proclaimed watershed forest reserve with the DENR.

### **CORPORATE**

The Company continued to investigate new business development opportunities with a focus on low entry cost projects. The Company's ability to acquire a new business development opportunity may be dependent on securing funds from the sale of SNPDC.

As and when acquisitions are completed, the Company will make announcements to the market at appropriate times.

### **RESULTS OF OPERATIONS**

The net loss after income tax for the period was \$234,087 (2015: \$481,875).

### CONDENSED NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2016

#### NOTE 1: BASIS OF PREPARATION

The half-year consolidated financial report is a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001* and Accounting Standard AASB 134: Interim Financial Reporting. Compliance with AASB 134 ensures that the financial report and notes also comply with International Financial Reporting Standards IAS 34: Interim Financial Reporting.

It is recommended that this consolidated financial report be read in conjunction with the annual financial report for the year ended 30 June 2016 and any public announcements made by Pelican Resources Limited and its controlled entities during the half-year in accordance with the continuous disclosure requirements arising under the *Corporations Act 2001*.

The half-year consolidated financial report does not include full disclosures of the type normally included in annual financial reports.

The half-year consolidated financial report has been prepared on an accruals basis and is based on historical costs, except for certain financial assets which are carried at fair value.

#### Going Concern

The half-year consolidated financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

The directors believe that there are reasonable grounds to believe that the Consolidated Entity will be able to pay its debts as and when they become due and payable and is a going concern because of the following factors:

- the ability to issue additional shares under the Corporations Act 2001; and /or
- the ability to complete the sale of SNPD.

Should the Consolidated Entity be unable to complete the sale of SNPD or source additional funds from debt and/or equity markets, there is a material uncertainty that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern and therefore it may be unable to realise its assets and discharge its liabilities in the normal course of business.

#### New and Revised Accounting Standards and Interpretations

The accounting policies have been consistently applied by the consolidated entity and are consistent with those in the June 2016 annual financial report, except in relation to the matters disclosed below:

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current half-year. The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the Group's accounting policies and has no effect on the amounts reported for the current or prior half-years.

In February 2017, press articles published in the Philippines reported the Secretary of the DENR had cancelled 75 MPSA's in an intensified government crackdown on mines deemed destructive to watershed forest reserves. The DENR published a list of MPSA's that it proposed to cancel, which included reference to Romblon, Altai Philippines Mining Corp ("Altai") – Sibuyan Island. As at the date of this report, SNPDC had not received any formal notification from the DENR of the proposed cancellation of the MPSA.

Since publication of the list of MPSA's by the DENR, SNPDC has been making enquiries to establish if Altai has received formal notification of the DENR's intention to cancel the MPSA. SNPDC is further seeking to clarify the location of the MPSA and its proximity to a proclaimed watershed forest reserve with the DENR.

**INDEPENDENT AUDITOR'S REVIEW REPORT**

To the members of Pelican Resources Limited

**Report on the Half-Year Financial Report**

We have reviewed the accompanying half-year financial report of Pelican Resources Limited ("the company") which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

*Directors' responsibility for the half-year financial report*

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

*Auditor's responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

*Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

*Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Pelican Resources Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

*Emphasis of Matter*

Without qualifying our conclusion, we draw attention to Note 1 to the half-year financial report which outlines conditions that indicate the existence of a material uncertainty that may cast significant doubt on the ability of the Group to continue as a going concern and, therefore, whether it will be able to realise its assets and extinguish its liabilities in the normal course of business.

- a) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
