EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions which are the subject of the business of the Meeting.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial period ended 31 December 2016 together with the declaration of the directors, the directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.orinocogold.com.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company. The Remuneration Report is part of the Directors' report contained in the annual financial report of the Company for the financial period ending 31 December 2016.

A reasonable opportunity will be provided for the shareholders to ask questions or make comments on the remuneration report at the Annual General Meeting.

2.2 Voting consequences

Under the Corporations Act a company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this annual general meeting.

2.4 Proxy Restrictions

Shareholders appointing a proxy for Resolution 1 should note the following:

Proxy	Directions given	No directions given
Key Management Personnel ¹	Voted as directed	Unable to vote ³
Chair ²	Voted as directed	Able to vote at discretion of Proxy ⁴
Other	Voted as directed	Able to vote at discretion of Proxy

Notes:

¹ Refers to Key Management Personnel (other than the Chair) whose remuneration details are included in the Remuneration Report, or a Closely Related Party of such a member.

² Refers to the Chair (where he/she is also a member of the Key Management Personnel whose remuneration details are included in the Remuneration Report), or a Closely Related Party of such a member).

³ Undirected proxies granted to these persons will not be voted and will not be counted in calculating the required majority if a poll is called on this Resolution.

⁴ The Proxy Form notes it is the Chair's intention to vote all undirected proxies in favour of all Resolutions.

3. RESOLUTION 2 – RE-ELECTION OF DIRECTOR – JONATHAN CHALLIS

ASX Listing Rule 14.4 provides that, other than a managing director, a director of an entity must not hold office (without re-election) past the third AGM following the director's appointment or 3 years, whichever is the longer.

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Clause 13.2 of the Constitution requires that at the Company's annual general meeting in every year, one-third of the Directors for the time being, or, if their number is not a multiple of 3, then the number nearest one-third (rounded upwards in case of doubt), shall retire from office, provided always that no Director (except a Managing Director) shall hold office for a period in excess of 3 years, or until the third annual general meeting following his or her appointment, whichever is the longer, without submitting himself or herself for re-election.

The Directors to retire at an annual general meeting are those who have been longest in office since their last election, but, as between persons who became Directors on the same day, those to retire shall (unless they otherwise agree among themselves) be determined by drawing lots.

A Director who retires by rotation under clause 13.2 of the Constitution is eligible for re-election.

In determining the number of Directors to retire, no account is to be taken of a Director who only holds office until the next annual general meeting pursuant to clause 13.4 of the Constitution.

Jonathan Challis, who has served as a director since 10 June 2015 and was last re-elected on 30 May 2016, retires by rotation and seeks re-election.

In 1997, he joined Ivanhoe Capital Corporation and was involved in several Canadian resources companies in the roles of CEO, President and Director.

3.2 Independence

4. RESOLUTION 3 – ELECTION OF DIRECTOR – NICHOLAS REVELL

4.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and ASX Listing Rule 14.4, any Director so appointed holds office only until the next following annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

5. RESOLUTION 4 – ELECTION OF DIRECTOR – TERRY TOPPING

5.1 General

7.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval at its annual general meeting to allow it to issue Equity Securities up to 10% of its issued capital over a period up to 12 months after the annual general meeting (**10% Placement Capacity**).

The Company is an Eligible Entity.

If Shareholders approve Resolution 6, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out in Section 3.2 below).

The effect of Resolution 6 will be to allow the Directors to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under Listing Rule 7.1.

Resolution 6 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 6 for it to be passed.

7.2 ASX Listing Rule 7.1A

ASX Listing Rule 7.1A enables an Eligible Entity to seek shareholder approval at its annual general meeting to issue Equity Securities in addition to those under the Eligible Entity's 15% annual placement capacity.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

As at the date of this Notice, the Company currently has 489,455,333 Shares on issue, not including the 80,000,000 Shares which the Company is seeking approval for under Resolution 8, and the last recorded closing price of the Shares on 19 April 2017 was 5 cents. The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$24,472,767.

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities.

As at the date of this Notice, the Company currently has the following classes of Equity Securities on issue;

1. Ordinary Shares (ASX Code: OGX);
2. Listed options exercisable on or before 31 January 2018 at \$0.25 (ASX Code: OGXOC);

12. Unlisted options exercisable on or before 30 April 2018 at \$0.07; and
13. Unlisted options exercisable on or before 30 June 2018 at \$0.07.

The exact number of Equity Securities that the Company may issue under an approval under Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

- A** is the number of Shares on issue 12 months before the date of issue or agreement to issue:
- (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
 - (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
 - (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under Listing Rules 7.1 and 7.4; and
 - (iv) less the number of Shares cancelled in the previous 12 months.
- D** is 10%.
- E** is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of Ordinary Securities under ASX Listing Rule 7.1 or 7.4.

7.3 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 6:

(a) Minimum Price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in Section 8.3(a)(i), the date on which the Equity Securities are issued.

(b) Date of Issue

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(10% Placement Capacity Period)

(c) Risk of voting dilution

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 6 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the current number of Equity Securities on issue as at the date of this Notice.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue	Dilution			
	Issue Price (per Share)	2.5 cents 50% decrease in Issue Price	5 cents Issue Price	7.5 cents 50% increase in Issue Price
569,455,333 (Current)	Shares issued	56,945,533	56,945,533	56,945,533
	Funds raised	\$1,423,638	\$2,847,277	\$4,270,915
854,183,000 (50% increase in current)	Shares issued	85,418,300	85,418,300	85,418,300
	Funds raised	\$2,135,458	\$4,270,915	\$6,406,373
1,138,910,666 (100% increase in current)	Shares issued	113,891,067	113,891,067	113,891,067
	Funds raised	\$2,847,277	\$5,694,553	\$8,541,830

*The number of Shares on issue could increase if the Directors issue Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 569,455,333 Shares on issue comprising:
 - a. 489,455,333 Shares as at the date of this Notice of Meeting; and
 - b. 80,000,000 Shares which will be issued if Resolution 8 is passed at this Meeting.
2. The issue price set out above is the closing price of the Shares on the ASX 19 April 2017.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercisable into Shares before the date of issue of the Equity Securities.
5. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.

6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown
9. in each example at 10%.
10. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) **Purpose of Issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use any funds raised towards the continued exploration, mine development and mining activities of the Company's current mineral tenements located on the Faina Greenstone Belt in central Brazil, South America; or
- (ii) as non-cash consideration for the acquisition of new resources assets and investments, in such circumstances the Company will provide a valuation of the non-cash consideration as required by listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under Listing Rule 7.1A.4 and 3.10.5A upon issue of any Equity Securities.

(e) **Allocation under the 10% Placement Capacity**

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity. The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;

- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(f) **Previous Approval under ASX Listing Rule 7.1A**

The Company previously obtained shareholder approval from its shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 30 May 2016 (**Previous Approval**).

During the 12 month period preceding the date of this Meeting, being from 30 May 2016 to 31 May 2017, the Company otherwise issued a total of 222,807,523 Shares and 214,184,575 Options which represents approximately 58.04% of the total diluted number of Equity Securities on issue in the Company on 19 April 2017, which was 752,851,649.

Further details of the issues of Equity Securities by the Company during the 12 month period preceding the date of the Meeting are set out in Schedule 1.

7.4 Voting Exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 6.

8. RESOLUTION 7 – INCREASE IN AGGREGATE NON-EXECUTIVE DIRECTOR REMUNERATION POOL

ASX Listing Rule 10.17 provides that an entity must not increase the total aggregate amount of directors' fees payable to all of its non-executive directors without the approval of holders of its ordinary securities.

Clause 13.7 of the Constitution also requires that remuneration payable to the non-executive Directors will not exceed the sum initially set by the Constitution and subsequently increase by ordinary resolution of Shareholders in general meeting.

The Board seeks approval for an increase of \$100,000 in the total annual remuneration pool for non-executive directors to \$450,000 (inclusive of statutory entitlements) with effect from 31 May 2017. Fees paid to non-executive directors are currently subject to a maximum pool of \$350,000 (inclusive of statutory entitlements), which was approved by shareholders at the Annual General Meeting held on 30 May 2016. It does not include reimbursement of genuine out of pocket expenses, genuine "special exertion" fees paid in accordance with the Constitution, or securities issued to a non-executive Director under ASX Listing Rule 10.11 or 10.14 with approval of Shareholders.

In accordance with the ASX Listing Rules and the Company's Constitution, a proposed increase in the total remuneration pool for non-executive directors requires shareholder approval. Fees for non-executive directors are set at a level to attract and retain directors with the necessary skills and experience to allow the Board to have a proper understanding of, and competence to deal with, current and emerging issues for the Company's business.

The Board also seeks to attract directors with different skills, experience and abilities that allow it to oversee and challenge the performance of management. Additionally, when setting fee rates, the Board takes into account factors such as external market data on fees and the size and complexity of the Company's operations.

Based on the current fee rates and the Board's composition (with six non-executive directors including the Chairman), the Board will utilise \$357,343 of the total fee pool (including superannuation) in the financial year ending 31 December 2017. In the past 3 years, the Company has issued non-executive Directors an aggregate of 4,000,000 securities with prior Shareholder approval under ASX Listing Rules 10.11 and 10.14.

The Board does not propose any further increases in the non-executive remuneration pool for the next financial year. An increased remuneration pool will allow the Board to continue to retain and attract appropriately qualified directors and provide the Board with flexibility to manage any future changes in its membership and composition, as appropriate.

Given the interest of the non-executive Directors in this Resolution, the Board makes no recommendation to Shareholders regarding this Resolution.

9. RESOLUTION 8 – PLACEMENT OF SECURITIES

9.1 General

Resolution 8 seeks Shareholder approval for the issue of up to 80,000,000 Shares at an issue price of \$0.07 per Share to raise up to \$5,600,000 and the issue of up to 80,000,000 free attaching Options exercisable at \$0.11 on or before 31 January 2020 (the **Placement**).

Shareholder approval for the Placement is required under Listing Rule 7.1. A summary of Listing Rule 7.1 is set out in Section 7.1 above.

The effect of this Resolution will be to allow the Company to issue the Securities pursuant to the Placement during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to the Placement:

- (a) a maximum of 80,000,000 Shares and 80,000,000 Options will be issued;
- (b) the Shares and Options will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the ASX Listing Rules) and it is intended that issue of the Shares will occur on the same date;

- (c) the issue price will be \$0.07 per Share and nil per Option as the Options will be issued free attaching with the Shares on a 1:1 basis;

- (g) the Company intends to use the funds raised from the Placement towards expansion further development of the Company's assets in Brazil, including expansion of the Cascavel Gold Mine and exploration activities surrounding the mine and within the surrounding Faina goldfields, and for general working capital purposes.

10. RESOLUTION 9 – APPROVAL OF EMPLOYEE SHARE OPTION PLAN (ESOP)

Resolution 9 seeks Shareholder approval to re-adopt the ESOP, first adopted by Shareholders on 12 November 2014, to provide ongoing incentives to key employees and officers of the Company.

If Resolution 9 is passed, the ESOP will continue to enable the Company to issue Options to employees and executive and non-executive Directors of the Company (**ESOP Options**) and to issue Shares to those persons if they choose to exercise their ESOP Options, without using the Company's placement capacity under ASX Listing Rule 7.1. In the case of a Director, no ESOP Options may be issued to the Director without express Shareholder approval of the number and terms of the ESOP Options.

10.1 ASX Listing Rule 7.1

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period.

An exception to ASX Listing Rule 7.1 is set out in ASX Listing Rule 7.2 (Exception 9(b)) which provides that Listing Rule 7.1 does not apply to an issue under an employee incentive scheme if, within the three years before the date of issue, shareholders have approved the issue as an exception to Listing Rule 7.1.

Shareholder approval is sought to re-adopt the ESOP in accordance with Exception 9(b) of ASX Listing Rule 7.2 and to enable the Company to subsequently issue the ESOP Options under the ESOP for 3 years after the Meeting, without having to obtain Shareholder approval each time the Company wishes to issue such securities which exceed the 15% limit contained in Listing Rule 7.1 and do not otherwise fall within one of the nominated Listing Rule exemptions.

The maximum number of Options that can be issued under the ESOP is not to be in excess of 5% of the total number of Shares on issue.

10.2 Information required by ASX Listing Rule 7.2 (Exception 9(b))

Since 12 November 2014 (the date on which the ESOP was first approved by Shareholders), the Company has issued 4,300,000 Options in reliance on Listing Rule 7.2 Exception 9(b).

The full terms and conditions of the ESOP may be obtained free of charge by contacting the Company. A summary of the terms and conditions of the ESOP is set out in Schedule 3.
