Yojee Limited (Yojee or the Company) (ASX: YOJ) is a pioneering platform technology company delivering powerful logistics and supply-chain management capabilities via its Artificial Intelligence (Ai) and blockchain backed software to South East Asia and Australia. The company is pleased to announce it has signed a three

year contract with Indonesian logistics company Lion Parcel to License Yojee's proprietary logistics software and gain benefits from the Yojee Platform. Lion Parcel was established on February 14, 2013 and engages in the courier services serving domestic and international area, supported by the Lion Group network infrastructure of over 240 aircraft, the largest in South East Asia.

As part of the Lion Group, Lion Parcel' mission is to develop logistics in Indonesia with a philosophy to help accelerate economic growth in all domestic areas through the concept of "Just In Time Air Distribution".

Lion Parcels operating network is powered by the high flight frequency air logistics of the Lion Group to almost all airports in Indonesia. Lion Parcel provides goods and document delivery services with many outlets across the archipelago. The focus of the partnership is to establish a modernised logistics solution that can provide the Indonesian E-Commerce market customers with some of the most progressive and intelligent customer service (digital tracking, customer notifications, and multiple payment options) and delivery options for all products.

"Lion Parcel is quickly becoming a leader in Indonesian Logistics, so it's great to see our software stand up to the rigors of testing and be selected to power Lion Parcel into the future. Our software as a service solution is excellent for businesses of all size and we expect to see many more of these come through in coming months. This partnership is not only significant for Indonesia, the fastest growing market in the region, but it opens up new markets and opportunities for all regional participants. The model is just so scalable and dynamic in its ability to support and enhance industry, across such a huge range of different participants." said Yojee Managing Director Ed Clarke.
