

## RotoGro Secures \$2.3M Order from Miracle Valley

- RotoGro secures \$2.3M order from Miracle Valley Medical Alternatives M.V.M.A. Ltd., a Health Canada Licensed Producer
- The Miracle Valley facility comprises approximately 10,000 sq. ft. of grow rooms outfitted with RotoGro Garden Systems
- The Miracle Valley order is the result of the Company's front-end technical support and facility design solutions
- Miracle Valley will be the Company's first large-scale facility licensed by Health Canada acting as a flagship to promote further large-scale orders
- RotoGro will provide onsite assembly, installation, testing, certification, training and growing management support

RotoGro World Wide (Canada) Inc., a wholly-owned subsidiary of RotoGro International Limited ("ASX:RGI", "RotoGro" or the "Company"), secures a \$2.3M order (the "Purchase Order" or "Order") from Miracle Valley Medical Alternatives M.V.M.A. Ltd. ("Miracle Valley"), a Health Canada Licensed Producer.

Miracle Valley is currently building a 29,000 sq. ft. 'state of the art' cultivation and manufacturing facility in British Columbia, Canada (the "Facility"). Phase one of the Facility is comprised of approximately 10,000 sq. ft. of grow rooms which will be outfitted with RotoGro Hydroponic Garden Systems (to be stacked two units high and in four-unit pods) complete with the RotoGro's propriety iGrow™ software grow management system. Miracle Valley projects that the Facility will produce up to 12,000 lbs. (5,400 kgs.) of lawful cannabis per annum, harnessing RotoGro's leading-edge patented and patent-pending designs which provide the lowest cost per gram and the highest yield per square foot (square meter) in the industry.

The Order is a result of several months of collaboration during which RotoGro provided Miracle Valley with front-end technical support and facility design solutions across the spectrum of building selection, electrical and mechanical design, liaison with local municipalities, installation specifications, and building layout and optimisation. Included in the Order, RotoGro will provide onsite assembly, installation, testing, certification, training and growing management support.

Managing Director, Michael Carli states, "The successful award of the Miracle Valley Order is a major milestone in RotoGro's quest to becoming the world leader in hydroponic agricultural technology. The Order provides the Company with its first large-scale Health Canada Licensed Producer which will be a flagship to promote further large-scale orders of our RotoGro Hydroponic Garden Systems. Currently, there are ninety-three (93) Health Canada Licensed Producers in Canada with a further two hundred and eight (208) applicants in the final stage of the Health Canada licensing process.

Our RotoGro team has been working diligently with numerous prospective clients and the award of the Miracle Valley Order is a testament to their ongoing efforts from initial enquiry to securing the Order. We will continue targeting and working with lawful cannabis cultivators and perishables growers to nurture our sales pipeline for future orders. Each inquiry brings unique technical support and design needs which require our team to remain solution and outcome oriented in order to provide the most suitable solution for our customers."
