

Tembang Operations and Corporate Update

Mine Production

Sumatra Copper & Gold plc (“the Company”) is pleased to announce that production for the quarter was the within its target range of 11,250 – 13,740 AuEq oz per quarter throughout 2018. Final production levels will be confirmed following completion of reconciliations for the quarter. The target was achieved despite a 3 day shutdown to replace the load cells in the SAG mill and significant rainfall during the quarter.

Merdeka Strategic Alliance

The diamond drilling program which commenced in February as part of the strategic alliance with Merdeka Copper Gold (Merdeka) is progressing well. The drilling is currently testing depth extensions at Buluh. A second man portable rig is expected to commence drilling at Belinau in early April. The program is targeting near mine extensions that can be quickly exploited to feed the Tembang processing facility.

Financial Statements

Due to an unexpected delay in co-ordinating a site visit by the Company’s auditors the release of the Company’s annual Financial Statements will be delayed until later this week. The Company’s shares will be suspended until these financial statements are lodged.

Hedging

The Company confirms that it is currently unhedged.
