Notes to the Condensed Consolidated Financial Statements
For the half-year ended 31 December 2017

Note 1 Basis of preparation of half-year report

These general purpose financial statements for the half-year reporting period ended 31 December 2017 have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Act 2001. Compliance with AASB 134 ensures that the financial statements comply with International Financial Reporting Standard IAS 134: Interim Financial Reporting.

The financial report has been prepared on the historical cost basis.

These half-year financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial statements. Accordingly, these half-year financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2017 and any public announcements made by GBM Resources Limited during the half-year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The same accounting policies, accounting judgements, key estimates and methods of computation have been followed in these half-year financial statements as compared with the most recent annual financial statements. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

For the purpose of preparing the half-year report, the half-year has been treated as a discrete reporting period.

The Group has adopted all of the new and revised standards and interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current half-year. The Group has also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the half-year ended 31 December 2017. As a result of this review the Directors have determined that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and, therefore, no change necessary to Group accounting policies

The consolidated half-year financial statements were approved by the Board of Directors on 12th March 2018.

Going Concern Basis for Preparation of Financial Statements

The financial statements have been prepared on the going concern basis which contemplates the continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business. The ability of the Group to continue to adopt the going concern assumption will depend on future successful capital raisings, the successful exploration and subsequent exploitation of the Group's tenements and/or sale of non-core assets.

The Group will be required to raise additional funds in order to meet its budgeted expenditure. The Group has the ability to scale back discretionary expenditure pending the timing of raising of additional funds. Should these measures not be achieved there is a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

As at 31 December 2017 the Group has cash assets of \$936,196, and total current liabilities at that date amounting to \$402,984. The loss for the six months to 31 December 2017 was \$1,185,497 of which \$57,944 related to the expensing of exploration costs and \$766,784 related to realised and unrealised losses in respect of the Company's investment in Anchor Resources Limited. Operating cash outflows for the six months to 31 December 2017 were \$327,113.

As at 31 December 2017 the fair value of the investment in Anchor Resources Limited was \$261,896. These shares were disposed of in January 2018 for net proceeds of \$282,201.

Notes to the Condensed Consolidated Financial Statements
For the half-year ended 31 December 2017

Note 1 Basis of preparation of half-year report (Continued)

In addition, the Group holds an investment in 13,500,000 shares in Kingston Resources Limited, a Company listed on ASX, amounting to a fair value of \$270,000 as at 31 December 2017. These shares were disposed of in February 2018 for net proceeds of \$294,550.

Note 2 Segment information

Operating segments are identified and segment information disclosed, where appropriate, on the basis of internal reports reviewed by the Company's Board of Directors, being the Group's Chief Operating Decision Maker, as defined by AASB 8.

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors in assessing performance and determining the allocation of resources. Reportable segments disclosed are based on aggregating operating segments, where the segments have similar characteristics. The Group's activity is mineral exploration and resource development within Australia, and in addition in the comparative period, mineral exploration and resource development in Malaysia (via an investment).

The reportable segments (stated in Australian \$), are represented as follows:

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of GBM Resources Limited

Report on the Condensed Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of GBM Resources Limited ("the company") which comprises the condensed consolidated statement of financial position as at 31 December 2017, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of GBM Resources Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2017 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Material uncertainty related to going concern

We draw attention to Note 1 in the half-year financial report, which indicates the existence of material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

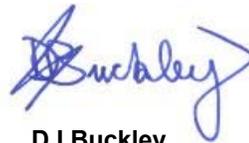

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
