Dear Mrs Harris

Extension of Voluntary Suspension

Canyon Resources Limited (the **Company**) refers to the request dated 6 August 2018 for the immediate voluntary suspension of trading in its securities.

The request sought suspension whilst the Company finalised an Announcement. The Company hoped to be in a position to request the lifting of the suspension at the commencement of trade on Wednesday, 8 August 2018.

The Company is still in progress with finalising the Announcement and the Company have confirmed that it will be in a position to request the lifting of the suspension for the commencement of trading on **Thursday, 9 August 2018**.

The Company is not aware of any reason which would prevent the suspension extension from being granted.
