ROYALTY -DEFLECTOR 1%

Gullewa received \$336,000 in royalties from the Deflector Gold Project in this quarter.

In the 30 April 2018 Quarterly Doray Minerals included the following comments.

DEFLECTOR

- Managing Director Mr Leigh Junk said Deflector had delivered another outstanding Quarter with record production of 18,551 ounces of gold and 966 tonnes of copper for an AISC of \$986 per ounce. "This quarterly production at Deflector represents an annualised rate in the order of 75,000 ounces of gold plus copper credits, which provide approximately 25% additional revenue. This overall performance is exceeding expectation on all metrics and is a significant improvement from what was contemplated in the Life of Mine model. These impressive results are further strengthened by our exploration success at Da Vinci and new discoveries within the Deflector mine."*

CORPORATE

The cash position at the end of March 2018 was \$2.7 million.
