Pacifco Minerals Limited (ASX: PMY) ('Pacifco' or the 'Company') is pleased to announce the appointment of Mr Aaron King as Project Manager for the Company's Sorby Hills Lead-Silver-Zinc Project ('Project') in Western Australia. Aaron comes to Pacifco highly recommended and will be a valuable addition to the team.

Mr King is a qualified metallurgist with 25 years' experience and proven track record in technology and process development in the mining and resources sector both in Australia and overseas. He has significant experience in study management, detailed engineering design and Project life cycle management and has executed brownfield projects across a diverse range of commodities.

Mr King's experience spans across consulting (EP, EPC, EPCM) and Owner's team at executive management. Having previously held the positions of Process Manager at Western Minerals Technology, Proteus EPC Engineers and Ausenco, Expansion Study Director and General Manager Capital Projects at Karara Mining, Engineering Manager for the Gruyere Gold Project and more recently Study Manager for the Bawdwin Lead Silver Zinc project.

Aaron will work closely with management and the existing Project team and will play a critical role in the development of the Sorby Hills Project.

ABOUT PACIFICO MINERALS LIMITED

Pacifco Minerals Limited ("Pacifco") (ASX: PMY) is a Western Australian based development and exploration company. The company is currently focused on advancing the Sorby Hills Lead-Silver-Zinc Joint Venture project in WA. Pacifco owns a 75% interest in the Joint Venture with the remaining 25% (contributing) interest held by Henan Yuguang Gold & Lead Co. Ltd.

ABOUT HENAN YUGUANG GOLD AND LEAD CO LTD

Henan Yuguang Gold and Lead Co., Ltd was established in 1957 by the government of Jiyuan City which is in Henan Province in North China. In July 2002, HYG (exchange code: 600531) was listed on the Shanghai Stock Exchange (SSX). Current ownership is approximately 29.61% by Jiyuan City. HYG is the largest lead smelting company and silver producer in China and has been among the Top 500 Chinese enterprises and Top 500 China manufacturing enterprises for the last five consecutive years. The main products produced by HYG are electrolytic lead, gold, silver and copper which are all registered at LME and LBMA respectively. In 2017, HYG produced 415,100 tonnes of electrolytic lead, 110,000 tonnes of copper, 958 tonnes of silver, 7,383 kg of gold and achieved sales of about US\$2,684 million. HYG's plants are largely modern, focussed on development of industrial technology and are environmentally friendly. Its recently refurbished lead smelting plant has achieved full automation. More information can be found on the HYG website; <http://www.yggf.com.cn/en/>.
