## NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2018

The financial statements and notes represent those of Caprice Resources Limited, which is a company limited by shares, incorporated and domiciled in Australia.

The financial statements were authorised for issue on 13<sup>th</sup> March 2019 by the Directors of Caprice Resources Limited.

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Preparation

The general purpose financial statements for the interim half year reporting period ended 31 December 2018 have been prepared in accordance with Australian Accounting Standard 134 *Interim Financial Reporting* and the *Corporations Act 2001*, as appropriate for 'for-profit' orientated entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

This interim financial report does not include all notes of the type normally included in an annual financial report and therefore cannot be expected to provide a full understanding of the financial performance, financial position and financing and investing activities of the entity as the full financial report.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

The financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded off to the nearest dollar unless stated otherwise.

#### Accounting Policies

##### a. Accounting Principles

The financial statements incorporate all of the assets, liabilities and results of the Caprice Resources Limited. The Company has no subsidiaries.

##### b. Comparative Figures

The Company was incorporated on 20 March 2018 and, therefore, the comparative information for the statement of profit or loss and other comprehensive income, statement of changes in equity and the statement of cash flow are not available for the half year ended 31 December 2017.

##### c. Exploration and Evaluation Expenditure Assets

Exploration and evaluation expenditure in relation to separate areas of interest for which rights of tenure are current is carried forward as an asset in the statement of financial position where it is expected that the expenditure will be recovered through the successful development and exploitation of an area of interest, or by its sale; or exploration activities are continuing in an area and activities have not reached a stage which permits a reasonable estimate of the existence or otherwise of economically recoverable reserves. Where a project or an area of interest has been abandoned, the expenditure incurred thereon is written off in the period in which the decision is made.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE HALF YEAR ENDED 31 DECEMBER 2018**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)**

**d. Share based payments**

The fair value of options granted is recognised as an expense with a corresponding increase in equity. The fair value is measured at grant date and recognised over the period during which the option holder becomes unconditionally entitled to the options.

The fair value of the options at grant date is independently determined using the Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the option.

The fair value of the options granted is adjusted to reflect market vesting conditions, but excludes the impact of any non-market vesting conditions (for example, profitability and sales growth targets). Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. At each reporting date, the entity revises its estimate of the number of options that are expected to become exercisable. The employee benefit expense recognised each period takes into account the most recent estimate. The impact of the revision to original estimates, if any, is recognised in the statement of comprehensive income with a corresponding adjustment to equity.

The fair value of these equity instruments does not necessarily relate to the actual value that may be received in future by the recipients.

**e. Critical Accounting Estimates and Judgements**

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

**Key estimates**

**(i) Impairment – general**

The Company assesses impairment at the end of each reporting period by evaluation of conditions and events specific to the Company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations, which incorporate various key assumptions.

**(ii) Options value**

The options issued by the Company during the half year (refer Note 7) have been valued by the Directors using the Black-Scholes option pricing model based on the underlying share issue price at the time of 20 cent (being the issue price at the time of the initial public offering of the seed capital) and an estimated share price volatility of 116%.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2018

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)

#### f. Segment Reporting

Operating segments are now reported in a manner that is consistent with the internal reporting to the Chief Operating Decision Maker, which has been identified by the Company as the Managing Director and other members of the board of directors.

The Company has identified its operating segments based on the internal reports that are reviewed and used by the board of directors in assessing performance and determining the allocation of resources. Reportable segments disclosed are based on aggregating operating segments, where the segments have similar characteristics. For the current reporting period, the Company's sole activity was mineral exploration and resource development wholly within Australia, which is its only reportable segment.

The reportable segment is represented by the financial statements forming this financial report. The Company operates in a single business segment, in one geographical location. The operations of the consolidated entity consist of mineral exploration and development, within Australia. Accordingly, no segment information is presented in this half-year financial report.

#### g. New Standards and Interpretations

In the half year ended 31 December 2018, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Company's operations and effective for annual reporting periods commencing on or after 1 July 2018. It has been determined by the Directors that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on the Company and, therefore, no change is necessary to accounting policies.

The adoption of AASB 9 Financial Instruments from 1 July 2018 has not affected balances of the Company because no financial instrument held by the Company is recognised or measured differently by this standard. Future effects of the implementation of this standard will mostly depend on any form of hedging by the Company.

The adoption of AASB 15 Revenue from Contracts with Customers from 1 July 2018 has not affected balances of the Company because no revenue or potential revenue of the Company is recognised or measured differently by this standard. Future effects of the implementation of this standard will mostly depend on the wording and effect of relevant contracts.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted by the Company.

**INDEPENDENT AUDITOR'S REVIEW REPORT  
TO THE DIRECTORS OF  
CAPRICE RESOURCES LTD**

We have reviewed the accompanying half-year financial report of Caprice Resources Ltd which comprises the statement of financial position as at 31 December 2018, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

*Directors' Responsibility for the Half-Year Financial Report*

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the entity's financial position as at 31 December 2018 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Caprice Resources Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations act 2001*, which has been given to the directors of Caprice Resources Ltd, would be in the same terms if given to the directors as at the time of this auditor's report.

### *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Caprice Resources Ltd is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the entity's financial position as at 31 December 2018 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
