VOLUNTARY SUSPENSION

Invictus Energy Limited ("Invictus" or "the Company") requests a voluntary suspension in the trading of its securities following on from its request for a trading halt on 30 October 2018.

In accordance with Listing Rule 17.2, the Company provides the following information:

- A Trading Halt was granted on Tuesday 30 October 2018, pending the completion of its Maiden Prospective Resource Estimate;
- The details of the Maiden Prospective Resource Estimate shall be the subject of an announcement that the Company expects to make within the next 24 hours;
- The Company requests that the voluntary suspension remains in place until an announcement is made by the Company in relation to the Maiden Prospective Resource Estimate; and
- The Company is not aware of any reason why the voluntary suspension should not be granted.

- Ends -

About the Cabora Bassa Project

The Cabora Bassa Project encompasses the Mzarabani Prospect, a TCF+ conventional gas-condensate target which is the largest, undrilled seismically defined structure onshore Africa. The prospect is defined by a robust dataset acquired by Mobil in the early 1990s that includes seismic, gravity, aeromagnetic and geochemical data.
