

## QUARTERLY REPORT TO 30 SEPTEMBER 2018

### ACTIVITY UPDATE

The company undertook no exploration activities in the quarter. In keeping with previous announcements to the market, the Board is currently assessing several direct and indirect project opportunities with the aim of getting the company back actively engaged in its stated core activities.

During the quarter the Company received correspondence from the ASX reminding it of its obligations under the ASX Listing Rules, with specific reference to Listing Rule 12.1.

The Board have now accelerated discussions focused on suitable projects and improving the company's capital position.

The Company is confident it will be in a position to furnish further details on both funding and future projects during the current quarter.
