K2fly SaaS BUSINESS POSITIONED FOR SIGNIFICANT GROWTH

- K2fly is currently experiencing rapid global sales growth in its SaaS business with Tier 1&2 Miners across all commodities with dominant market share in Gold and Iron Ore
- Annual Recurring Revenue (ARR) is >180% CAGR and Total Contract Value (TCV) is 740% *
- 75% of current contracts are in USD
- RCubed is the clear leader in its space (Resource Governance) because it is the only COTS software available today. Regulatory and Technology changes are creating a perfect storm of demand - now.
- Exploration Land Access, and Land Management are similar blue ocean offerings that are in high demand due to Corporate ESG risk mitigations
- X100-additional opportunity exists in leveraging growing international customer base and our own Infoscope and other IP to address rapidly evolving land access and ESG (Environmental, Social and Governance) reporting requirements.
- As these solutions are adopted there are likely to be other significant opportunities for K2fly in improved procedural, governance and market reporting opportunities including:
 - Tailings
 - Environmental and Sustainability Reporting
 - Reconciliation
 - Mineral Endowment
 - 5X opportunity in Oil and Gas market
