

ASX RELEASE

18 March 2020

## Silicon Valley COVID-19 Order

4DS Memory Limited (ASX:4DS) (**4DS**) (the **Company**) advises that the San Francisco Bay Area counties, which includes Silicon Valley, has announced a “shelter in place” order aimed at slowing transmission of COVID-19.

The announcement involves a legal order from the health officers of those counties directing their respective residents to shelter at home for three weeks beginning at midnight on March 17 (West Coast time USA). The order limits activity, travel and business functions to only the most essential needs.

As a consequence of this legal order, 4DS’ technical team will not be able to access the Company’s facilities and equipment in Fremont, and thus 4DS will not meet the previous estimated timing for analysis of imec wafers as set out in the Company’s Quarterly Activities Update released to ASX on 30 January 2020.

The Company will keep the market fully informed once a new timetable is apparent.

### About 4DS

4DS Memory Limited (ASX: 4DS), with facilities located in Silicon Valley, is a semiconductor development company of non-volatile memory technology, pioneering Interface Switching ReRAM for next generation gigabyte storage in mobile and cloud. Established in 2007, 4DS owns a patented IP portfolio, comprising 22 USA patents granted and 11 patent applications pending and or filed, which has been developed in-house to create high-density Storage Class Memory. 4DS has a joint development agreement with Western Digital subsidiary HGST, a global storage leader, which accelerates the evolution of 4DS’ technology. 4DS also collaborates with imec, a world-leading research and innovation hub in nanoelectronics and digital technologies. The combination of imec’s widely acclaimed leadership in microchip technology and profound software and information and communication technology expertise makes them unique.
