## Entitlement Issue Bpay Details

Sky and Space Global Ltd (ASX: **SAS**, “**Sky and Space Global**” or the “**Company**”) confirms Computershare have advised there is currently a technical issue with the Bpay Biller Code on the Entitlement and Acceptance Forms provided to shareholders and this is currently being rectified with Bpay.

While this issue is being addressed and corrected by Computershare, the Company would like to provide shareholders with an alternative Bpay Biller Code to use as follows in the meantime:

**BPAY Biller Code: 309278**

Shareholders should still **use the same Customer Reference Number (CRN)** that is already included on their form, and the above Biller Code will show as Computershare.

Computershare expects that the Bpay Biller Code included on the Entitlement and Acceptance Forms will be re-activated by no later than Thursday morning, 19 December however the above Biller Code will remain active until the close of the offer on Friday 20 December.

### About Sky and Space Global Ltd

Sky and Space Global Ltd is an ASX listed (SAS) satellite company with European and Israeli centres of Aerospace, Satellite and Software Industry Experts.

The Company's core business is to operate a communications infrastructure based on nanosatellite technology and develop highly sophisticated software systems that will deploy, maintain orbit control and handle the communication network in space to provide a global coverage. The Company successfully launched its first three nanosatellites, the '3 Diamonds', into space in June 2017 and is preparing for the launch of a constellation of 200 more nanosatellites by 2021.

The Company's vision is to provide affordable communication coverage and services to anyone, anywhere, anytime with relatively low maintenance costs. This will enable Sky and Space Global to deliver cost-effective communications infrastructure and services to those who need it most and to disrupt the telecommunications and international transport industries. Sky and Space Global Ltd owns 100% of Sky and Space Global (UK) Limited.
