Australian Vanadium Limited Launches Underwritten Share Purchase Plan

Australian Vanadium Limited (ASX: AVL) (“AVL” or the “Company”) is pleased to announce an underwritten Share Purchase Plan (“SPP”) to raise a minimum of A\$3.5 million (before costs) to advance the development of the Australian Vanadium Project and for general working capital.

The SPP will be underwritten to A\$3.5 million by Patersons Securities Limited (“Patersons”) which is acting as Lead Manager and Underwriter to the offer. The New Shares (as defined below) will be issued at 1.15 cents per share, equivalent to an 18.8% discount to the volume weighted average price (“VWAP”) over the 5 trading days before the date the SPP is announced. The SPP will be offered to Eligible Shareholders (as defined below) free of brokerage and fees.

AVL’s Managing Director Mr Vincent Algar said: “AVL is at an exciting time in the development of the Australian Vanadium Project, with the upcoming completion of pilot scale testwork and the Definitive Feasibility Study. The additional funds delivered through the SPP will enable the Company to complete the DFS, commence the Front End Engineering & Design process, update the Resource and Reserve with a view to extending the defined minelife as well as continuing the negotiation of off-take agreements and other key project licences and approvals. The Board wanted to ensure that all shareholders were offered the opportunity to participate in the capital raising process, as the Company enters an active period ahead.”

Details of the SPP
