Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

Principle 1 - Lay solid foundations for management and oversight

Recommendation 1.1 - Disclose roles and responsibilities of board and management

The Board seeks to identify the expectations of the shareholders, as well as other regulatory and ethical expectations and obligations. In addition, the Board is responsible for identifying areas of significant business risk and ensuring arrangements are in place to adequately manage those risks.

To ensure that the Board is well equipped to discharge its responsibilities it has established guidelines for the nomination and selection of directors and for the operation of the Board. The responsibility for the operation and administration of the Company is delegated, by the Board, to the CEO and the executive management team.

The Board is responsible for ensuring that management's objectives and activities are aligned with the expectations and risks identified by the Board. The Board has a number of mechanisms in place to ensure this is achieved including:

- Board approval of a strategic plan designed to meet stakeholders' needs and manage business risk
- Ongoing development of the strategic plan and approving initiatives and strategies designed to ensure the continued growth and success of the entity
- Implementation of budgets by management and monitoring progress against budget — via the establishment and reporting of both financial and non-financial key performance indicators

Other functions reserved to the Board include:

- Approval of the annual and half-yearly financial reports
- Approving and monitoring the progress of major capital expenditure, capital management, and acquisitions and divestitures
- Ensuring that any significant risks that arise are identified, assessed, appropriately managed and monitored
- Reporting to shareholders

Recommendation 1.2 - Undertake appropriate checks before appointing or electing a person as director

Reference checks are performed for each independent/non-executive director.

Recommendation 1.3 - Written agreement with each director and senior executive

Each director has received a letter of appointment which details the key terms of their appointment. This letter includes all of the recommended matters in the Principles. Each director also enters into required agreements regarding insurance, access to records and disclosure of any trading in Company securities as required under the Listing Rules.

The CEO, being a senior executive of the Company, has a formalised job description and letter of appointment as does the Company Secretary.

Recommendation 1.4 - Company Secretary accountable directly to Board

The Company Secretary has a direct reporting line to the Board in regard to all matters to do with the proper functioning of the Board.

Recommendation 1.5 - Diversity Policy disclosures reported

The Company recognises the value contributed to the organisation by employing people with varying skills, cultural backgrounds, ethnicity and experience and employs people based on their underlying skill sets in an environment where everyone is treated equally and fairly, and where discrimination, harassment and inequity are not tolerated.

The Company currently has 1 female employee being 33% of employees.

Recommendation 1.6 - Board performance evaluation undertaken

In view of the size of the operations of the Company and the number of directors, a formal performance evaluation process was not performed in the reporting period.

Recommendation 1.7 - Senior executive performance evaluation undertaken

In view of the size of the operations of the Company and the limited number of executives, a formal performance evaluation process was not performed in the reporting period.

Principle 2 – Structure the board to add value**Recommendation 2.1 - Nomination committee requirements met**

During the year ended 30 June 2019, the Company did not have a separately established nomination committee. However, the duties and responsibilities typically delegated to such committee are included in the responsibilities of the full Board.

Recommendation 2.2 - Board skills matrix disclosed

The directors possess a broad range of complimentary skill sets. The skills, experience and expertise relevant to the position of director held by each director in office at the date of the annual report are included in the Directors' report.

Recommendation 2.3 - Director Independence and tenure disclosed

Directors of the Company are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with — or could reasonably be perceived to materially interfere with — the exercise of their unfettered and independent judgement.

In the context of director independence, “materiality” is considered from both the Company and individual director perspective. The determination of materiality requires consideration of both quantitative and qualitative elements. An item is presumed to be quantitatively immaterial if it is equal to or less than 5% of the appropriate base amount. It is presumed to be material (unless there is qualitative evidence to the contrary) if it is equal to or greater than 10% of the appropriate base amount.

Qualitative factors considered include whether a relationship is strategically important, the competitive landscape, the nature of the relationship and the contractual or other arrangements governing it and other factors that point to the actual ability of the director in question to shape the direction of the Company's loyalty.

In accordance with the definition of independence above, and the materiality thresholds set, presently no directors of the Company are considered to be independent.

The term in office held by each director in office at the date of this report is as follows:

Name	Term in office
Mr Bruce Richardson	Appointed 30 April 2009, tenure 10 years 4 months
Mr Peter (Gregory) Knox	Appointed 23 September 2011, tenure 7 years 11 months
Mr Michael van Uffelen	Appointed 18 October 2018, tenure 10 months

The Company has three directors, none of whom are independent. The board believes each director is able to bring, and does bring quality independent judgement to all relevant issues falling within the scope of the role of that director and that the Company, as a whole benefit from the long-standing experience of that director.

Recommendation 2.5 - Chair of the board is an independent director and not the same person as the CEO

The Company's CEO is also the Chair of the board. The Board believes Mr Richardson is the most appropriate person to lead the Board as Executive Chairman and that he is able to bring, and does bring quality independent judgement to all relevant issues falling within the scope of the role of Chairman.

Recommendation 8.1 requires listed entities to establish a remuneration committee. During the year ended 30 June 2019, the Company did not have a separately established remuneration committee. However, the duties and responsibilities typically delegated to such committee are included in the responsibilities of the full Board.

Recommendation 8.2 - Remuneration practices disclosed and Recommendation 8.3 - Remuneration Policy disclosures regarding equity based remuneration

It is the Company's objective to provide maximum stakeholder benefit from the retention of a high quality board and executive team by remunerating directors and key executives fairly and appropriately with reference to relevant employment market conditions. To assist in achieving this objective, the Board has set remuneration by benchmarking to industry peers.

Details of the Company's policies on remuneration are set out in the "Remuneration Report" contained in each Annual Report published by the Company. This disclosure includes a summary of the Company's policies regarding remuneration of Non-Executive Directors and the Company's Chief Executive Officer.

For the purposes of assisting in incentivising the board and management, an employee share plan was introduced in 2013 under which loan funded shares and performance rights have been issued. Given the current structure of that plan, there exists a direct link between the creation of shareholder wealth performance and the financial rewards for Directors and key management personnel. It is the policy of the Board not to permit participants in the share plan to enter into transactions which limit the economic risk of participating in the plan.
