

Suspension Update

Sydney, Australia 13 August 2020

Property Connect Holdings Limited (ASX: PCH) provides an update in relation to its suspension.

As previously announced, the Company's securities were suspended from quotation on the Official List as the ASX determined that its operations were not sufficient to warrant the continued quotation of its securities.

Reinstatement to the Official List is at the discretion of the ASX and will require satisfaction of Chapters 1 and 2 of the Listing Rules. Whilst the Company continues to seek a transaction which will satisfy these requirements, there is no guarantee that the securities of the Company will be reinstated and if so, when.

This announcement has been authorised for release by Director, Mr David Nolan.
