

ASX Announcement

23 July 2020

Quarterly Activities Report – Quarter Ended 30 June 2020

Caeneus Minerals Ltd (“Caeneus” or “the Company”) is pleased to provide the following report on its activities for the quarter ended 30 June 2020.

Exploration Projects

YULE RIVER PROJECT (E47/3857)

On 6 April 2020, the Company advised that during the recent quarter of operations, a soil sampling program was successfully completed at its Yule River Project, near Port Hedland, in the Pilbara region of Western Australia.

The Company’s Yule River Exploration Licence is comprised of two separate blocks totaling 125 square kilometres in area.

The Yule River project, which is considered prospective for gold, platinum group metals (PGM’s) and base metals, is situated some 40 kilometres southwest of Port Hedland with several all-weather tracks cross cutting the Licence. The tenement comprises sediments and volcanics of the Loudon Volcanic member, as well as the Constantine Sandstone. However, lithologies associated with the Boodarie Greenstone sequence and mylonitic rocks associated with the Sholl Shear Zone were the main focus of the Company’s recent soil sampling program. All lithologies detailed above are buried under river wash and sand plain and were extrapolated from historical 1:250,000 government geological mapping.

285 soil samples were collected from 200 metre spaced grid lines positioned across the Sholl Shear Zone, perpendicular to its north-easterly trend. Limited outcrop was observed in the field reconnaissance activities, however, three float samples of brecciated mylonitic rock-types were collected for further petrological studies.

All soil samples were submitted for precious and base metal analysis. On 30 April 2020, the Company advised that it received all analyses from the soil sampling survey completed at its Yule River Project. All samples were analysed for gold, platinum, palladium, silver, copper, cobalt, nickel, lead and zinc at Nagrom Laboratories, Perth, with the precious metals analysed at parts per billion (ppb) level and the base metals at parts per million (ppm) level.

Analyses for all metals generally returned background with no anomalous readings except for a 60ppm copper value (against a background of 2 ppm Cu) reported from one sample.

The anomalous copper sample will be further investigated; however, it is considered low to moderate priority. In addition, further soil sampling and ground-borne magnetometry will be

reviewed for the remaining portions of E47/3857 that have not yet been investigated or sampled.

PARDOO PROJECT (E45/4585 AND E45/4671)

The Company was unable to mobilise its exploration team to the Pardoo Project due to the Western Australian State Government travel restrictions introduced in response to COVID-19.

Field reconnaissance and soil sampling activities were planned to commence in March for the Pardoo Project, after completion of the Yule River exploration activities. However, because of the impact of COVID-19 within Australia, and in particular the Western Australian State Government regional access and isolation restrictions, the Pardoo fieldwork was postponed.

The Company is aware that there is a high level of uncertainty around access into regional areas of Western Australia due to the health impacts associated with the COVID-19 pandemic. Caeneus will monitor the prevailing circumstances with a view to recommencing operational activities at Pardoo as soon as practicable.

OTHER WESTERN AUSTRALIAN PROJECTS

The Company's other Western Australian projects comprise two Exploration Licenses (E47/3846 and E45/5041) that remain at the application stage. During the June quarter, in relation to both of these applications the Company was in advanced discussions with third parties to put in place access agreements to enable the grant of these tenements to proceed.

NEVADA LITHIUM PROJECTS

The Company continues to maintain its claims in Nevada USA, noting the promise of the Columbus Marsh Project.

Corporate

GENERAL MEETING

The Company held a General Meeting on 7 April 2020. All resolutions were passed by poll initiated by the chair of the meeting by way of teleconference / videoconference facility.

Details of proxies in respect of each resolution and the poll results are set out in the Proxy Summary and Poll Results attached to the 7 April 2020 announcement.

PAYMENT TO RELATED PARTIES

As prescribed by ASX, the Company advises the amount of \$132,550 paid to related parties in section 6.1 of the Appendix 5B was comprised of \$35,750 director fees and \$96,800 of outstanding accounting and company secretary fees for invoices dated May 2019 to April 2020.

For and on behalf of the board

Johnathon Busing

Non-Executive Director and Company Secretary

Caeneus Minerals Limited

Competent Persons Statement

The information contained in this report to exploration results relates to information compiled or reviewed by Mr. Robert Mosig MSc, FAICD. Mr. Mosig is a Fellow of the Australasian Institute of Mining and Metallurgy (FAusIMM) and is a technical advisor to the company. Mr. Mosig has sufficient experience of relevance to the styles of mineralization and the types of deposits under investigation, and to the activities undertaken to qualify as a Competent Person as defined in the 2012 edition of the Joint Ore Reserve Committee (JORC) "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr. Mosig consents to the inclusion in this report of the matters based on information in the form and context in which it appears.

Forward Looking Statements Disclaimer

This announcement contains forward-looking statements that involve a number of risks and uncertainties. These forward-looking statements are expressed in good faith and believed to have a reasonable basis. These statements reflect current expectations, intentions or strategies regarding the future and assumptions based on currently available information. Should one or more of the risks or uncertainties materialise, or should underlying assumptions prove incorrect, actual results may vary from the expectations, intentions and strategies described in this announcement. No obligation is assumed to update forward looking statements if these beliefs, opinions and estimates should change or to reflect other future developments.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
