

## COLDry Project Update: Local Council Approvals

### Highlights:

- Local Council Works Permit application lodged for COLDry Commercialisation Project
- Application covers works to deliver agricultural soil health products
- Approval expected Q3CY24

Environmental Clean Technologies Limited (ASX: ECT) (“ECT” or “Company”) is pleased to provide an update on the progress of its COLDry commercialisation project (the “Project”).

### Local Council Works Permit Application Lodged

The Company has submitted its application for a Works Permit following multiple meetings with the local council over recent months. These meetings informed the application requirements, and approval is expected in the next financial quarter.

The works permit covers the necessary approvals for the construction activities related to the COLDry project to produce agricultural products, as outlined in the Company’s Memorandum of Understanding (“MoU”) with ESG Agriculture, announced on 4 April 2024. It also supports the recently announced (5 June 2024) EPA application lodgement.

The Project will produce up to 30,000 tonnes of lignite-urea blended product per annum, designed to reduce urea requirements while maintaining fertilisation efficacy and enhancing soil health.

The Company looks forward to providing further updates as the Project advances.

## **Forward-looking Statement**

This announcement may contain forward-looking statements regarding future events or performance, including but not limited to projections of financial results, anticipated growth, and business strategies. These forward-looking statements are based on current expectations, assumptions, and projections that involve inherent risks and uncertainties. Actual results may differ materially from those anticipated due to various factors, including market conditions, regulatory changes, technological advancements, and economic conditions.

Investors are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date of this announcement. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by applicable securities laws.

Investors should carefully consider the risks and uncertainties disclosed in the Company's periodic reports filed with the Australian Securities Exchange (ASX) and other regulatory authorities. Forward-looking statements are provided as of the date of this announcement, and the Company disclaims any obligation to update them, except as required by law.
