

30 July 2024

JUNE 2024 QUARTERLY ACTIVITIES REPORT

Zuleika Gold Limited (**Zuleika Gold or Company**) (**ASX:ZAG**) is pleased to report the results related to its exploration activities for the June 2024 quarter.

HIGHLIGHTS

- On the 16th May, the Court of Appeal handed down its judgement dismissing Vango and DPPL's appeal and ordering that Vango and DPPL pay Zuleika's costs of the appeal. Vango and DPPL did not appeal the primary trial judge's finding in 2022 that they engaged in multiple repudiatory breaches of contract which entitled Zuleika to terminate the BTS and sue for damages, they appealed Zuleika had earned a "Joint Venture Interest" of a 4.1% interest in tenement ML 52/183 pursuant to a Binding Term Sheet. Following a negotiation between the parties' solicitors, Vango and DPPL agreed to pay \$47,500 to Zuleika in full and final satisfaction of the Costs Orders.
- Now that the appeal proceedings are finalised, Zuleika intends to vigorously pursue the next stage of litigation to determine the quantum of damages payable by Vango and DPPL on account of their breaches of the BTS.
- Following highly prospective anomalies being defined from soil programs completed during 2023, a full targeting review of all projects continued during the quarter to assess the results and prioritise targets for drill testing, now planned to commence during the second half of 2024.

ZULEIKA GOLD

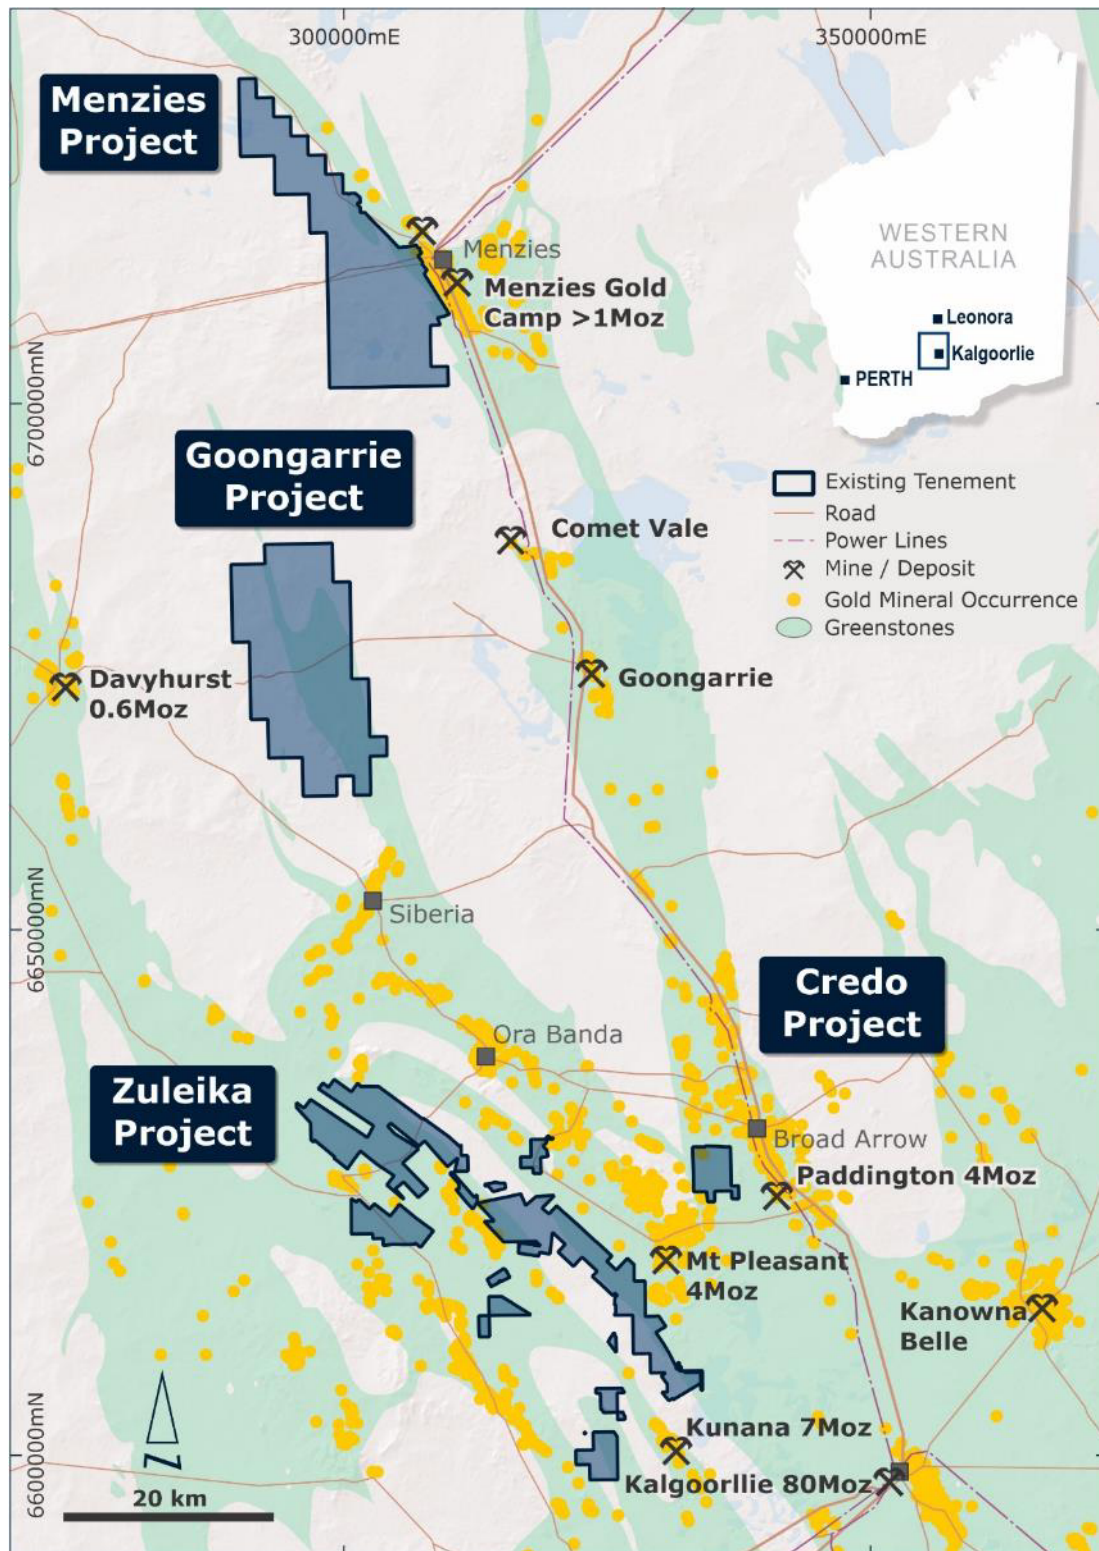

Figure 1 – Zuleika Project Locations

OVERVIEW

Zuleika Gold continued its systematic and methodical exploration of its 220km² flagship Zuleika Project that sits within the prolific gold rich Kundana - Ora Banda district of the Kalgoorlie Goldfield (Figures 1 & 2). The Project is positioned along significant regional structures within highly prospective stratigraphy which has been the host to more than 20 million ounces of gold production over the last 30 years. Transported cover overlies much of the area, that has limited the effectiveness of previous exploration and hence potential remains for significant discoveries.

Extensive soil sampling programmes completed during 2022 and 2023 have produced a number of significant gold targets both at the Zuleika, Menzies and Goongarrie projects (Figures 2 & 3). Field validation is being undertaken and drilling and heritage approvals are now either in place or pending. Drilling is planned to commence in the second half of 2024.

The Company's exploration strategy is to effectively test drill targets defined through the combination of new and highly sensitive soil geochemical surveys, along with existing geological and geophysical data. Following the extensive geochemical surveys, a full targeting review commenced during the quarter to assess the results and prioritise targets for drill testing. Zuleika Gold continues to assess new projects as opportunities present.

ZULEIKA GOLD

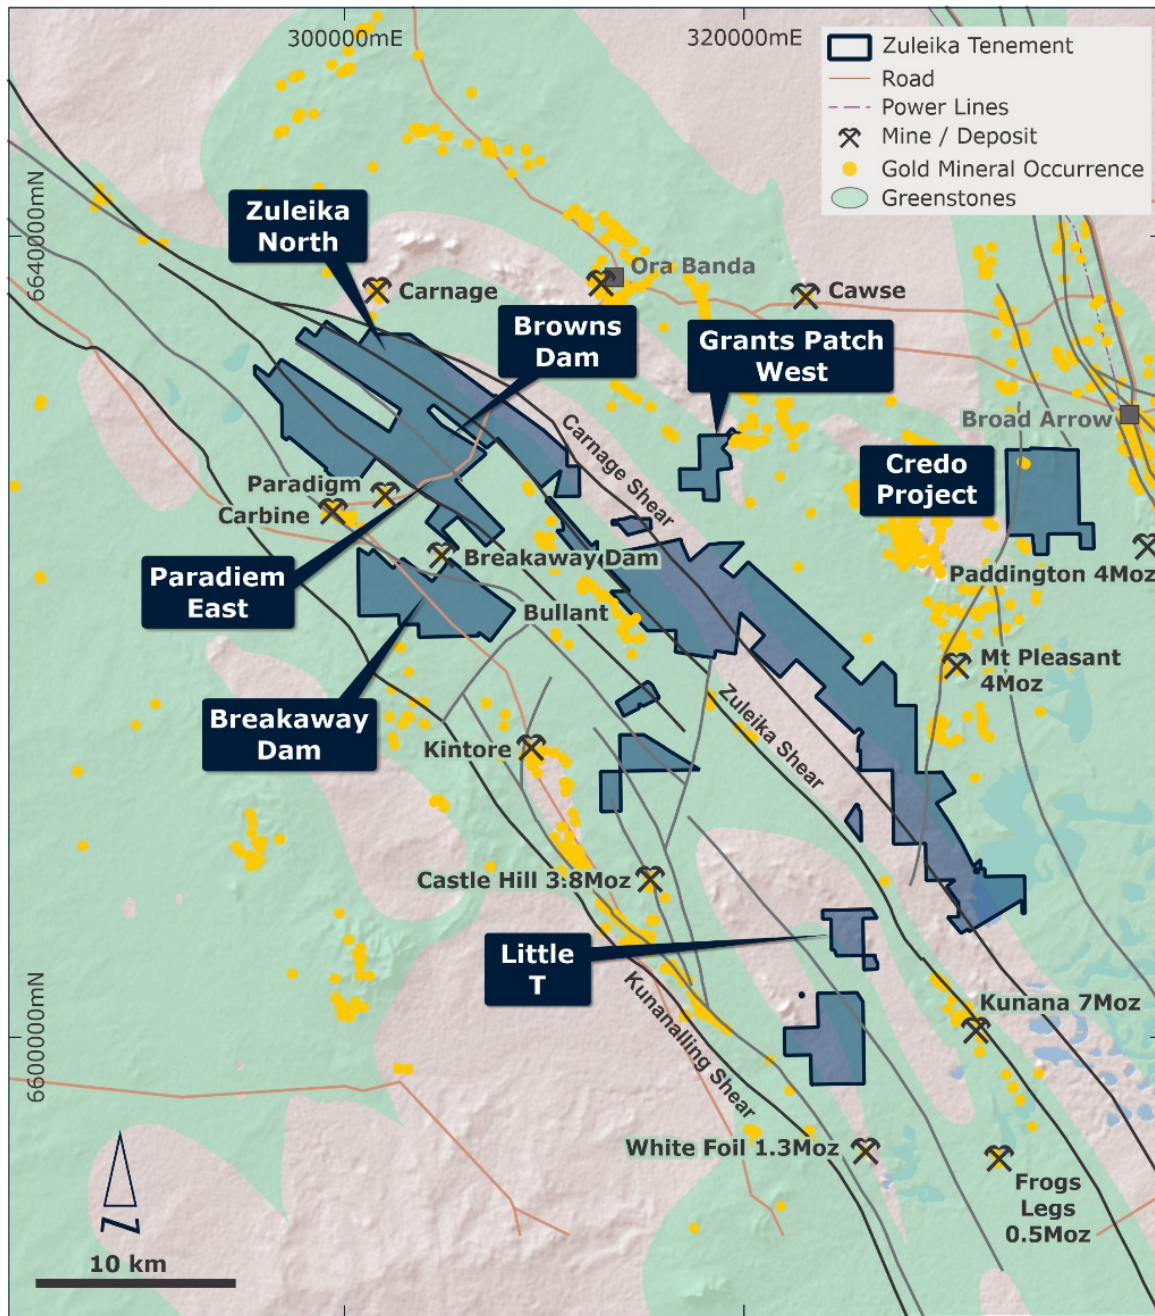

Figure 2 – Location of the Zuleika and Credo Prospects along major gold fertile shear zones

ZULEIKA PROJECT

Page | 5

CREDO PROJECT

No field work completed.

Discussions with mining contractors and mining studies are on-going to determine options for exploiting the high-grade resource defined at Credo Well reported as a JORC compliant Mineral Resource estimate (see ASX Ann. June 28, 2020 – First Drill Program at Credo Delivers JORC Compliant Mineral Resources) of an Inferred Mineral Resource of 87kt @ 4.41g/t for 12.3koz of contained gold.

MENZIES

No field activities were completed during the quarter.

Following a significant gold anomaly being defined from soil programs completed during 2022 and 2023, further review continued during the quarter to assess the results and prioritise the target for drill testing. Drilling approvals are pending, with drilling now planned to commence during the second half of 2024.

GOONGARRIE

No field activities were completed during the quarter.

The Goongarrie Project tenements (E29/1051 and E29/1010) are located ~90km north of Kalgoorlie and 20km west of the Goldfields Highway. Access is via the highway and well-made secondary roads and station tracks. The tenements cover over 230 km² of the northern section of the Wongi Hills Greenstone Belt, which extends 50 km north northwest from the mining centre at Siberia. Zuleika Gold is earning an 80% interest in both tenements from separate parties.

Following soil programs completed during 2022 and 2023, further review continued during the quarter to assess the results and prioritise targets for drill testing. Drilling approvals are pending, with drilling now planned to commence during the second half of 2024.

Background on Zuleika Gold and its key projects

Zuleika Gold is a Western Australian focused gold explorer with a large and highly prospective tenement holding in the Kalgoorlie to Menzies region of the Eastern Goldfields. Zuleika Gold has four exploration projects and equity in the K2 deposit:

1. **Zuleika Project** – large landholding immediately northwest of Kalgoorlie in an area richly endowed with gold mineralisation (e.g., near Kundana) and well structurally prepared, yet ineffectually explored owing to recent transported cover. Geological interpretation and highly sensitive soil geochemistry followed by drilling are the main tools to identify new prospects.
2. **Credo Project** – north of Kalgoorlie and close to the Paddington operation. Several drill phases resulted in a JORC compliant Mineral Resource estimate at Credo being released in June 2020 of an Inferred Mineral Resource of 87kt @ 4.41g/t for 12.3koz of contained gold. More recent drilling indicates the resource could increase in size and separate zones, representing repetitions along the mineralised corridor, are being evaluated. The potential for toll treated at nearby plants is being assessed.
3. **Goongarrie Project** – large landholding covering a major greenstone belt (20km long) with a favourable structural setting around 90km north of Kalgoorlie. Soil geochemistry supports the potential for gold and nickel mineralisation and no drilling has been recorded on the tenements. Further geochemical and geophysical targeting is planned followed by drilling in 2024.

Background on Zuleika Gold and its key projects (continued)

4. **Menzies Project** – large tenement holding immediately west of the major gold producing centre at Menzies considered to have significant potential to host high grade Menzies style lode mineralisation and possibly granite hosted stockworks. Geochemical soil sampling has been completed with drilling planned in 2024.
5. **K2 Project** – Zuleika Gold has a beneficial interest of 4.1% of the K2 Project that is located 35km north of the Plutonic Mine in WA. Originally Zuleika Gold had the right to earn 50% of the project through a binding agreement but following the vendor repudiating the farm-in process a legal action saw the Supreme Court of WA finding in Zuleika Gold's favour. Further legal action is planned in which Zuleika Gold intends to claim significant damages for breach of contract.

Zuleika Gold aims to identify and prove up mineral resources through the diligent application of shareholder funds with an aim of becoming a gold producer in the medium term. Zuleika Gold is focused on successful and efficient gold exploration.

CORPORATE

Zuleika Gold's Litigation concerning the K2 Project

Zuleika Gold is actively seeking damages, costs and an order requiring the transfer of Zuleika Gold's beneficial interest earned pursuant to the K2 Project Farm-in-Joint Venture Binding Term Sheet against Vango Mining Limited (ASX:VAN) (**Vango**) and its wholly owned subsidiary Dampier (Plutonic) Pty Ltd (DPPL) (ASX: Ann. 16/5/2017). In the 2022 court decision, Zuleika Gold was confirmed as having a 4.1% beneficial interest in the mining lease, and any contiguous tenements which cover adjacent, on-strike or down-dip extensions of the K2 orebody or mineralised zones. The process for transferring to Zuleika the 4.1% interest in M52/183, including the K2 project, is well advanced.

In 2023, Vango was taken over and is now a wholly owned subsidiary of gold miner Catalyst Metals Ltd (**Catalyst**), (ASX:CYL). Catalyst subsequently consolidated the mineral field following the completion of an arrangement with Canadian listed Superior Gold Inc and hence Catalyst acquired the Plutonic Mining operation. Legal advice has confirmed that Catalyst's takeover of Vango does not affect Zuleika Gold's entitlement to recover costs from Vango and DPPL or Zuleika Gold's claim for damages.

Following the verdict from the stage 1 legal proceedings announced in 2022, that overwhelmingly found in Zuleika Gold's favour, Zuleika Gold attended the appeal hearing on 6 November 2023.

- 1) Vango and DPPL did not appeal the primary trial judge's finding that they engaged in multiple repudiatory breaches of contract which entitled Zuleika to terminate the BTS and sue for damages.
- 2) Vango and DPPL appealed the primary trial judge's finding that Zuleika had earned a "Joint Venture Interest" pursuant to a Binding Term Sheet dated 12 May 2017 (BTS), which entitled Zuleika to the immediate transfer of a 4.1% interest in tenement ML 52/183.

On 16 May 2024, the Court of Appeal handed down its judgment dismissing Vango and DPPL's appeal and ordering that Vango and DPPL pay Zuleika's costs of the appeal. to be assessed if not agreed. Following a negotiation between the parties' solicitors, Vango and DPPL agreed to pay \$47,500 (inclusive of GST) to Zuleika in full and final satisfaction of the Costs Orders.

Zuleika Gold's Litigation concerning the K2 Project (continued)

Now that the appeal proceedings are finalised, Zuleika intends to vigorously pursue the next stage of litigation to determine the quantum of damages payable by Vango and DPPL on account of their breaches of the BTS.

Zuleika Gold has continued discussions with Catalyst in an attempt to resolve the litigation. Zuleika Gold hopes for a positive outcome from the discussions, but if not forthcoming will continue its legal action as vigorously and as quickly as possible. Zuleika has sought discovery from Vango and DPPL to enable it to quantify its damages claim, which it expects to advance in the second half of 2024.

Payments to Related Parties

During the June 2024 quarter, a total of \$106k was paid to related parties of the Company as follows:

- \$28k for director's fees, including superannuation
- \$78k for the provision of technical services

Listing Rule 5.3.1

Zuleika Gold advises that in accordance with ASX Listing Rule 5.3.1, the Company spent \$150k on exploration and evaluation activities during the June 2024 quarter. The Company's exploration activity has been outlined in exploration section above with the majority of the costs spent on the continued evaluation of targets and recurring holding costs across all projects.

Authorised for release by the Board.

Annie Guo

Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments

7. Financing facilities

Note: the term "facility" includes all forms of financing arrangements available to the entity.

Add notes as necessary for an understanding of the sources of finance available to the entity.

**Total facility
amount at quarter
end
\$A'000**

**Amount drawn at
quarter end
\$A'000**

7.1 Loan facilities

700

-

7.2 Credit standby arrangements

-

-

7.3 Other (please specify)

-

-

7.4 **Total financing facilities**

700

-

7.5 **Unused financing facilities available at quarter end**

700

7.6 Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.

As approved by shareholders on 11 December 2020, a \$700,000 loan facility provided by Auracle Group Pty Ltd (a company related to H Guo) to be used by the Company to fund costs associated with the litigation against Vango Mining Limited.

8.	Estimated cash available for future operating activities	\$A'000
8.1	Net cash from / (used in) operating activities (Item 1.9)	(102)
8.2	Capitalised exploration & evaluation (Item 2.1(d))	(150)
8.3	Total relevant outgoings (Item 8.1 + Item 8.2)	(252)
8.4	Cash and cash equivalents at quarter end (Item 4.6)	2,691
8.5	Unused finance facilities available at quarter end (Item 7.5)	700
8.6	Total available funding (Item 8.4 + Item 8.5)	3,391
8.7	Estimated quarters of funding available (Item 8.6 divided by Item 8.3)	13.44

8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: N/A

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: N/A.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A.

Compliance statement

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".

5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
