

Wubin – Storage and Handling Revenues Committed

Highlights

- Ammonium Nitrate (AN) storage and handling revenues committed for 1,500t.
- AN storage expansion study underway targeting 10,000t capacity.

Diversified mining services provider Aquirian Limited (**ASX: AQN**) (**'Aquirian'** or **'the Company'**) is pleased to report it has received its first Ammonium Nitrate (AN) storage and handling commitment for 1,500t through its 100% owned Western Energetics, Wubin facility.

Commencing in Q4 FY24, Western Energetics has agreed confidential terms for AN storage and handling with a leading industry partner for all current available capacity at the Wubin site.

Additionally, Western Energetics has commenced its AN storage expansion study targeting increasing Wubin AN capacity towards 10,000t.

Managing Director - David Kelly commented:

"This storage and handling commitment marks a significant milestone for Aquirian, achieving first committed revenues from our Wubin facility since financial settlement last month. This early engagement reflects confidence in our facility from the broader market and aligns with AQN's energetics and technology strategy. We look forward to expanding our commercial offerings from the Wubin facility."

-ENDS-

This announcement has been approved for release by the Managing Director of the Company.

About Aquirian

Aquirian is an emerging specialist mining services company providing people, equipment and innovative products that support mining clients across their operations.

The Company has a strong national and international presence with reputable, in-house capabilities and, through its extensive, in-depth relationships built up over many years of working in mining services locally and globally, it has attracted and maintained a long-term, tier-one client base. It provides specialised **People Services** (training, labour, recruitment), and **Mining Services** (equipment leasing, maintenance & repair, engineering services, drill and blast products and onsite field services) to the mining and resources, and civil and defence sectors in Australia and internationally.
