<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

<sup>2</sup> Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

- (a) have and disclose a diversity policy;**
- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity, in the composition of its board, senior executives and workforce generally; and**
- (c) disclose in relation to each reporting period:**
  - (i) the measurable objectives set for that period to achieve gender diversity;**
  - (ii) the entity's progress towards achieving those objectives; and**
  - (iii) either:**
    - (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or**
    - (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.**

The Company complied with Recommendation 1.5(a) and (c) in full for the whole of the Reporting Period, but did not comply with Recommendation 1.5(b).

The Board and the Company as a whole is committed to an inclusive workplace that embraces and values diversity while always upholding the principle of meritocracy.

During the Reporting Period:

- (a) the Company had in place a Diversity Policy which was disclosed on its website;
- (b) for the reasons set out below, the Board did not set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally;
- (c) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation are set out below. The Company defines its senior executives as those executive employees identified as "Key Management Personnel" in the Remuneration Report of the Company's latest Annual Report:
  - 20% of the Company's Board members as at 30 June 2022 were female;
  - 0% of the Company's senior executives as at 30 June 2022 were female; and
  - 33% of the Company's entire workforce of 24 people, were female.
- (d) The Company was not in the S&P/ASX300 Index at the commencement of the Reporting Period

Notwithstanding the Board's commitment to diversity in the workplace, the Company did not comply with Recommendation 1.5 in full during the Reporting Period, as given the size of the Company and its workforce, it does not currently have sufficient resources to be able to define and implement a formal diversity program that is compliant with the Recommendations. Further, the Board considers that, at this stage, the incremental benefits of a structured diversity program are disproportionate to the implementation costs involved, when compared to the Company's current

practices.

The Company has, however, adopted a tiered approach to the implementation of its Diversity Policy which is relative to the size of the Company and its workforce. The Company's policy provides that where the Company employs 100 or more employees, the Board undertakes to adopt practices in line with the Recommendations of the ASX Corporate Governance Council, including compliance with the requirement for the Company to set and report against measurable objectives for achieving gender diversity.

Whilst the Company's workforce remains below this threshold, the Board will continue to drive the Company's diversity strategies on an informal basis and will apply the initiatives contained in its Diversity Policy to the extent that the Board considers relevant, practical and achievable in the context of the Group's needs and available resources.
