About Burgundy Diamond Mines Limited

Burgundy Diamond Mines is focused on the mining, production and sale of polished Fancy Colour diamonds through a vertically integrated business model, with the vision to become the world's leading end-to-end diamond company

In mid-2021, Burgundy acquired capability and facilities for the cutting and polishing of rough diamonds in Perth, Western Australia. This capability is used for cutting and polishing of Burgundy's own production from future mining operations, as well as rough diamonds from third party producers. In mid-2022, Burgundy

launched the exclusive ultra-luxury diamond brand of Maison Mazerea, producing extraordinary cuts of the most exquisite natural Fancy Colour diamonds, and bringing the concept of Haute Diamanterie to exceptional jewellery. Marketing and sales is conducted under this visionary brand with collaborative sales and profit-sharing agreements with the world's leading independent jewellers, to cement its position in the high-value, niche sector of Fancy Colour diamonds.
