PRINCIPAL ACTIVITIES

Netlinkz Limited (Netlinkz or the Company) (ASX:NET) provides secure and efficient cloud networking solutions. The Company provides a physical and virtual secure 'Network as a Service' (NaaS) for enterprises of all sizes with its patented technology and products. Netlinkz is focused on cloud-first, security, scalability, and simplicity, allowing its customers to concentrate on business growth, team collaboration, and global sharing of critical data. The technology makes Fortune-500 security commercially available for organisations of all sizes. NET has received numerous industry awards for its technology, including being a worldwide winner of the Global Security Challenge.

In November 2022 Netlinkz was appointed a global reseller of the Starlink satellite based highspeed, low latency broadband internet to enterprises, government, and non-government organisations. The agreement with Starlink creates a direct channel to market for the Company's proprietary network solution, the Virtual Secure Network (VSN). By bundling the VSN with Starlink, end users are provided with a fully encrypted invisible private network for all devices connected to the network that access the internet. This will provide enterprises, governments, rural and indigenous communities with enhanced security as protection against growing cybercrime without compromising the network performance.

REVIEW OF OPERATIONS

The Directors of Netlinkz are pleased to present their report on the consolidated entity and the entities it controlled at the end of the half-year period ended 31 December 2022. In the six months ended 31 December 2022, Netlinkz has increased its revenue year-on-year and continued investment in positioning the business outside of China, including costs to support the partnership with SpaceX on Starlink.

Revenue for the half-year ended 31 December 2022 of \$10,433,174 was 17% up on the prior half-year (31 December 2021: \$8,876,561). The net loss for the half-year ended 31 December 2022 amounted to \$6,363,218 (31 December 2021: loss of \$4,428,389). The current period included ~\$1.6m in share-based payment expenses relating to the recruitment and retention of key resources to drive future growth.

During the half-year, the Company entered into an agreement with Space Exploration Technology Corp. (SpaceX) for Netlinkz to be a non-exclusive global reseller of the Starlink satellite based high-speed, low-latency broadband internet. Netlinkz is targeting sales to rural and remote businesses offering a bundled service that provides access to reliable fast and secure internet in rural and remote areas. The Company will generate revenue streams from hardware sales, service, and licensing fees.

In late December 2022 the Company received a Letter of Intent from ALT Telecom Public Company Limited (ALT), a listed Thailand Stock Exchange company, to form a partnership to distribute Netlinkz services, and VSN as network product bundles, for enterprises in Thailand to be followed by other Southeast Asian markets. ALT is a fully integrated telecommunication infrastructure provider, providing internet services, wholesale bandwidth, digital and renewable

energy infrastructure planning and construction. ALT holds a Type-III telecommunications license in Thailand. The partnership will have an initial focus on an integrated communication platform, Network as a Service (NaaS) for enterprises based in Thailand. This will be followed across the south-east Asian region which is seeing increasing demand for manufacturing as a result of global supply chain issues. ALT see a significant opportunity to support digitisation for enterprise which is leading to an increasing demand for NaaS integrated with a multi-cloud approach.

China

China revenue totalled \$8.1m for the half-year (31 December 2021: \$7.3m). Key sources of revenue included VSN and NaaS based services, including secure networking design, implementation, and engineering work. China continues to grow its contracted recurring revenue base with enterprise customers, which are predominantly foreign companies based in China. The business previously completed its restructure to facilitate a focus on business unit reporting and profitability.

Australia

SSI won a significant contract with a telecommunications company based in Australia and New Zealand for its interception software during the period entering into a master services contract with a 3 year duration. The company has a number of master services agreements in place with Telcos and government enterprises. SSI revenues were ~45% up on the previous half year to ~\$1.6 million.

MENA & ROW

The Company is expanding into MENA via the Al Rabban venture to provide master services for Telcos and government enterprises.

Netlinkz's Joint Venture with Al Rabban, Qatar continues to focus on the development of business in Qatar, Kuwait, Kingdom of Saudi Arabia, United Arab Emirates, Bahrain, Oman, Jordan, Lebanon, Egypt and Iraq.

Following the agreement with ALT the Company is working on building an integrated communication platform, Network as a Service (NaaS) for enterprises in Thailand, to be expanded into other south-east Asian countries. Hutchison Global Communications has recently joined the partnership to expand the NaaS into over its core network in 10 different countries.

Product Development

Development and evolution of VSN 3.0

Product releases continue with release of versions 3.0 and 3.1 code complete, focussed on enhancing platform security, industry interoperability with 3rd party solutions. This also included the validation of VSN inter-operability with SpaceX Starlink, augmenting their technology with client mobility and cloud Virtual Secure Networking.

Corporate Overview

Personnel

On 20 October 2022 the Company appointed Mr Hakan Eriksson as an independent non-executive director. Mr Eriksson is a globally experienced board director and technology leader, having worked extensively with R&D, innovation and strategy in multiple functions, organisations and countries. Mr Eriksson's corporate experience includes Chief Technology Officer at Telstra from 2017 to 2020, and a number of roles with Ericsson from 1998 to 2017, including Group Chief Technology Officer 2003-2012, culminating in the role of Chief Strategy Officer South East Asia and Oceania. Mr Eriksson has a Master of Science, Electrical Engineering and an Honorary PhD from Linköping University, Sweden.

Mr Hualin Zhang retired as a Director on 14 November 2022.

Ms Anthea Ye was appointed Chief operating Officer on 15 October 2022. Ms Ye has been the CEO – Australia and Oceania for China Telecom since 2010. Ms Ye has 19+ years' Asia Pacific experience, in building and managing, cross-functional, cross-border teams, delivering programs and project excellence, for complex Telecommunication / ICT projects. Ms Ye has a Bachelor of Computer Science, Nanjing University of Posts and Telecommunications, Nanjing, China, a Master of Computer Science, Beijing University of Posts and Telecommunications, Beijing, China and an MBA, Hong Kong University of Science and Technology, Hong Kong.

Funding

Equity placement facility

The Company drew down \$3m of the Regal Funds Management \$20.5m facility during the half-year. On settlement the Company issued 196,078,431 shares, at an effective price of \$0.0153 per share.

Debt facilities

Amounts drawn under debt facilities at period end amount to \$3.815m. Of this amount \$1.815m was provided by Booker Super Services Pty Limited (see ASX Announcement 9 May 2022) and a further short-term facility of \$2m was provided by Juel Litigation Finance Pty Ltd to fund an inventory purchase from Starlink Internet Services Pte Limited, repayable on 23 April 2023. The facility provided by Juel Litigation Finance Pty Ltd is a working capital facility and is not related to any litigation activity. At 31 December 2022 the Company had \$1.0m of Starlink inventory on hand.

SIGNIFICANT CHANGE IN THE STATE OF AFFAIRS

It is the opinion of the Directors that there were no significant changes in the state of affairs of the consolidated entity during the half-year period ended 31 December 2022, except as otherwise noted in this report.

SIGNIFICANT EVENTS SUBSEQUENT TO THE END OF THE PERIOD

On 2 February 2023 the Company acquired the 20% minority interest in iLinkAll held by iSoftStone Information and Technology (Group) Co. Ltd for RMB500,000 (approximately \$105,000).

Subsequent to half-year end the Company drew down a further \$4m on the Regal Funds Management (Regal) equity placement facility and issued 261,437,909 shares. The shares are an estimate of the shares required to be issued to Regal on settlement date, being 27 March 2023.

No other matter or circumstance has arisen since 31 December 2022 that has significantly affected, or may significantly affect the entity's operations, the results of those operations, or the entity's state of affairs in future financial years, except as otherwise stated in this report.

DIVIDENDS

No dividends have been declared for the half-year period ended 31 December 2022 or for the previous corresponding period.

PROCEEDINGS ON BEHALF OF THE GROUP

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

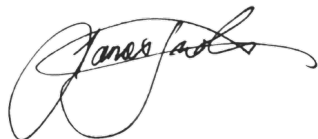

AUDITOR INDEPENDENCE

A copy of the Auditor's Independence Declaration as required under Section 307C of the *Corporations Act 2001* is included in this report.

AUDITOR

BDO Audit Pty Ltd continues in office in accordance with section 327 of the Corporations Act 2001.

This report is made in accordance with a resolution of the Board of Directors.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

General information

The financial statements cover Netlinkz Limited as a consolidated entity consisting of Netlinkz Limited and the entities it controlled at the end of, or during, the period. The financial statements are presented in Australian dollars, which is Netlinkz Limited's functional and presentation currency. Netlinkz Limited (ASX:NET) is a listed public company limited by shares, incorporated and domiciled in Australia.

Basis of preparation

The half-year financial report is a general-purpose financial report prepared in accordance with the Corporations Act 2001 and AASB 134 *Interim Financial Reporting*, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report. The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Group's annual financial report for the year ended 30 June 2022.

Going concern

These financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

The Group incurred a loss after income tax of \$6,363,218 (31 December 2021: \$4,428,389) for the half-year, had net cash outflows from operating activities of \$6,646,210 (31 December 2021: \$3,480,206) for the half-year and net working capital of \$3,353,252 at 31 December 2022 (31 December 2021: \$3,427,520).

The Directors believe that it is reasonably foreseeable that the consolidated entity will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report after consideration of the following factors:

- The Group is demonstrating strong revenue growth, with a 17% increase on the comparative period.
- the Company has the ability to raise debt via a Debt Funding Facility (approximately \$8.2 million undrawn) (see ASX announcement dated 9 May 2022) and issue equity via its Equity Placement Facility (\$13.5 million undrawn as at the date of this report) (See ASX Announcement dated 1 August 2022).
- Subject to shareholder approval, or its available issue capacity pursuant to ASX Listing Rule 7.1, the Company has the ability to issue additional equity under the Corporations Act 2001 to raise further working capital and has a track record for being able to do so.
- The Board receives consolidated profit and loss, balance sheet and cash flow statements on a regular basis. The directors regularly monitor the Group's cash position and consider a number of strategic initiatives to ensure that adequate funding continues to be available.

NOTE 2. OPERATING SEGMENTS

Identification of reportable operating segments

The consolidated entity is organised into two operating segments based on differences in geography: Australia & New Zealand and International, of which China is currently the major part. Each country has a management team to oversee the local operations and undertake local research and development, including source code specific to that country and/or region. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The CODM reviews monthly management and financial reports, including EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements. The information is reported to the CODM on a monthly basis.

Types of products and services

The principal products and services of each of these operating segments are as follows:

- i) Software & licensing revenue: the sale, licensing and support of software.
- ii) Consulting, design & implementation services: the design and execution of secure network migration and deployment services and hardware.

Intersegment transactions

No intersegment transactions occurred during the period.

Intersegment receivables, payables and loans

Intersegment loans are initially recognised at the consideration received. Intersegment loans receivable and loans payable that earn or incur non-market interest are not adjusted to fair value based on market interest rates. Intersegment loans are eliminated on consolidation.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Netlinkz Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Netlinkz Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
