

8VI Appendix 4C & Quarterly Activity Report

Singapore, 29 July 2022

8VI Holdings Limited (“8VI” or the “Group”) releases its cash flow report for the quarter ended 30 June 2022 (Appendix 4C) and provides an update on the key areas of activity during the quarter ended 30 June 2022.

- The Group continues to operate digitally with the sale and subscription of VI App and its range of online financial education programmes through VI College.
- Within the quarter, the Group successfully integrated the brokerage services of Tiger Brokers (Singapore) Pte Ltd’s (“Tiger Brokers”) into the VI App, following similar collaboration with iFast Financial Pte Ltd (“iFast”) in the previous quarter. The integration of such brokerage services enables VI App users to trade through their Tiger Brokers and iFast accounts linked to VI App seamlessly.
- The Group also hosted its inaugural, METAVI Summit 2022, on 28 & 29 May 2022, aimed at educating the public and the investing community on the emerging opportunities in the FinTech sphere. A collaboration between VI College and MetaVI World, the event featured speakers, trainers and investors who are early adopters and pioneers in the blockchain, NFTs, cryptocurrencies and Metaverse spheres and attracted over 5,000 online attendees.

The virtual METAVI Summit 2022 was accompanied by an in-person exhibition on NFTs by multiple artists, including local creators from 8VI’s community in the Group’s revamped office space between 30 May to 3 June 2022.

This ‘phygital’ (physical and digital) experience demonstrated 8VI’s efforts in leveraging technology for innovative ways to engage and inspire our community and clients.

- The Group enjoyed rapid exponential growth in both our VI App subscriber base and VI College graduate base throughout FY2020/2021 at the height of the COVID-19 pandemic. Despite experiencing reduced growth rates over the course of the year as the world returns to normalcy, the base of our community and total users have increased significantly as compared to before the pandemic.
- As such, 8VI presents overall dampened financial performance for Q1 FY2023 as compared to the previous financial quarter.
- For VI College, total number of graduates for the quarter stands at 4,524 as compared to 4,977 in the previous quarter (Q4 FY2022).

- The key performance indicators for VI App for the period ended June 2022 are as shown in the table below:

VI App	CMGR	LTM
Total User Growth Rate	2%	28%
Subscriber Growth Rate	-3%	-28%

*Table 1. VI App performance metrics for period ended June 2022
CMGR - Compounded Monthly Growth Rate, LTM - Last Twelve Months*

- In the interest of restructuring VI App's offerings for larger scale adoption, VI App has also switched to a new pricing strategy in July 2022 in line with its Blue Ocean plans and rolled out its new Freemium model on <https://vi.app> which provides free-to-view information to the public looking for insights into the preliminary user experience.
- 8VI is cognisant of the ever-changing landscape in the market and continues to refine its business model and strategy, while working to grow new revenue verticals and reduce customer acquisition costs as a Group.
- Q1 FY2023 revenue (unaudited) stands at S\$4.9 million, down 37% as compared to S\$7.6 million in Q1 FY2022.
- Cash receipts from customers for the June 2022 quarter was recorded at S\$7.1 million, down 24% as compared to S\$9.3 million in the previous quarter (Q4 FY2022).

Table 2. Cash Receipts from Customers

- Liquid assets which include cash and cash equivalents and investment in securities ("Stocks") as of 30 June 2022 stands at S\$24.0 million, 8% decrease as compared to S\$26.0 million from end of the previous quarter (Q4 FY2022).

Table 3. Cash & Stocks Balance Over Time

- Cash inflows from operating activities for the June 2022 quarter was recorded at S\$565 thousand, a drop of 81% from previous quarter (Q4 FY2022: S\$3.0 million).
- Free cash flows for the June 2022 quarter stood at S\$175 thousand, as compared to S\$2.8 million in the previous quarter (Q4 FY2022). In comparison to Q4 FY2022, the reduction mainly caused by lower operating cash inflow.

Related Party Payments:

- During the quarter, the Company made payments of S\$186 thousand to related parties and their associates. These payments relate to the existing remuneration agreements and service agreements between the Company and its related parties.

In conclusion, the Board and Management is mindful of the macro-economic challenges and will continue to work and respond to the changing conditions in ensuring that 8VI remain well positioned to navigate the extraordinary circumstances and global environment.
