## UP TO ~\$8,500,000 CAPITAL RAISING TO ACCELERATE DEVELOPMENT OF ANCUABE

### Shanghai Stock Exchange Main Board Listed Shandong Yulong Cornerstone Raising with A\$5m Commitment

---

- ✓ **As previously announced, Major Chinese listed commodities trading and resources company, Shandong Yulong Gold Co Ltd, has conditionally agreed to invest A\$5m in Triton in Tranche 2 of the Placement**
- ✓ **Firm commitments received from other institutional and sophisticated investors for a further A\$3.472m under Tranche 1 of the Placement**
- ✓ **Funds raised to accelerate Triton toward production via the advancement of studies, approvals and the construction of a Commercial Pilot Plant at Ancuabe**
- ✓ **The Triton Board, Shandong Yulong and Jigao have the shared ambition of near-term graphite development and production at Ancuabe**

---

**Triton Minerals Limited** (ASX: TON, Triton or Company) is pleased to announce a conditional two-tranche placement to raise up to A\$8.472 million through the issue of up to approximately 302.5 million fully paid ordinary shares (**Shares**) at an issue price of A\$0.028 per Share (**Placement**). The Placement also comprises an offer of options to investors on the terms set out below, with each option having an expiry date of 31 December 2025 and an exercise price of A\$0.04 (**Option**).

The Placement includes the A\$5m cornerstone commitment from Shandong Yulong Gold Co Ltd (**Shandong Yulong**) as announced by the Company on 5 September 2022 pursuant to which, subject to shareholder approvals and other conditions precedent set out at the annexure to that announcement, Shandong Yulong agrees to invest (directly or via a subsidiary) A\$5 million in Triton by subscribing for 178,571,429 Shares, each with one (1) free-attaching Option under the Placement (**Shandong Yulong Placement**). Further details of the key terms of the Shandong Yulong Placement are set out in the annexure to the announcement released on 5 September 2022.

Additionally, Triton is pleased to advise it has received firm commitments for a further A\$3.472 million from other institutional and sophisticated investors, representing approximately 124 million Shares (**Institutional and Sophisticated Investor Placement**) which will be issued on or around 15 September 2022 under the Company's available Listing Rule 7.1 capacity. Investors under the Institutional and Sophisticated Investor Placement will also be entitled to:

- one Option for every two Shares issued under the Institutional and Sophisticated Investor Placement (representing up to approximately 62.5 million Options) (**Tranche 1 Options**); and
- subject to the receipt of shareholder approval, one additional Option for every two shares issued under the

Institutional and Sophisticated Investor Placement (representing up to approximately a further 62.5 million Options) (**Tranche 2 Options**).

The Placement therefore comprises:

1. Shares to be issued under the Institutional and Sophisticated Investor Placement and the Tranche 1 Options, which will all be issued on or around 15 September 2022 under the Company’s available Listing Rule 7.1 capacity;
2. the Tranche 2 Options, which will be subject to shareholder approval at an extraordinary general meeting of the Company expected to be held in late October 2022; and
3. the Shandong Yulong Placement (Shares and Options), which will be subject to shareholder approval at a general meeting of the Company expected to be held in the first half of 2023.

Funds from the Placement are intended to be used towards the development of the Company’s Ancuabe Project, including through the advancement of studies, approvals and the construction of a Commercial Pilot Plant and working capital purposes.

In complement to the cornerstone commitment, the entire Triton Board and its major shareholder Jigao, have reconfirmed their intention to develop Triton’s Ancuabe Project as soon as reasonably practicable, with Triton management being authorised by the Board to take actions to develop and construct the Commercial Pilot Plant at the project.

Triton’s Executive Director, Andrew Frazer said:

*“The Board welcomes the proposed significant investment by Shandong Yulong in Triton. Just as important as the commitment of A\$5.0 million is the agreement, with Jigao, to back Triton’s plans of bringing the Company into production as soon as possible. This will ensure the Company capitalises on the green energy transition which has seen demand for graphite continue to build at a rapid rate, given its use in batteries for electric vehicles and energy storage as well as significant demand from flame retardant building material sector. We are also working closely with government authorities on the potential reinstatement of Nicanda Hill, for which discussions continue.*

*In addition, we are pleased to have received firm commitments of A\$3.472 million from other institutional and sophisticated Investors. We thank these investors, many who are long term existing shareholders for their continued support of the Company.”*

### Lead Manager

RM Corporate Finance Pty Ltd has been appointed as Lead Manager to the Institutional and Sophisticated Investor Placement for which it will receive a management and placement fee totaling 6% of gross proceeds raised under the Institutional and Sophisticated Investor Placement plus 20 million Options, subject to shareholder approval.

### **Not an offer in the United States**

This announcement has been prepared for publication in Australia and may not be released to US wire services or distributed in the United States. This announcement does not constitute an offer to sell, or a solicitation of an offer to buy, securities in the United States or any other jurisdiction. Any securities described in this announcement have not been, and will not be, registered under the US Securities Act of 1933 and may not be offered or sold in the United States except in transactions exempt from, or not subject to, the registration requirements under the US Securities Act and applicable US state securities laws.

### **Not an offer of securities**

This announcement does not constitute or contain an offer, invitation, solicitation of recommendation to subscribe for, acquire or sell any securities in the Company. This announcement is not a prospectus, product disclosure statement or other offering document under Australian law or any other law, and will not be lodged with the Australian Securities and Investments Commission.

### **Forward-Looking Statements**

This release may include forward-looking statements. These forward-looking statements are not historical facts but rather are based on Triton's current expectations, estimates and assumptions about the industry in which Triton operates, and beliefs and assumptions regarding Triton Minerals Limited's future performance. Words such as "anticipates", "expects", "intends", "plans", "believes", "seeks", "estimates", "potential" and similar expressions are intended to identify forward-looking statements.

The forward-looking statements in this announcement are based on Triton's good faith assumptions relating to the financial, market, regulatory and other relevant environments that will exist and affect Triton's business and operations in the future. Forward-looking statements are only predictions and not guaranteed, and they are subject to known and unknown risks, uncertainties and assumptions which may cause Triton's actual results, performance and achievements to differ materially, some of which are outside the control of Triton. Relevant factors may include, but are not limited to, conditions to the Shandong Yulong Placement conditions not being met, changes in commodity prices, foreign exchange fluctuations and general economic conditions, increased costs and demand for production inputs, the speculative nature of exploration and project development, including the risks of obtaining necessary licenses and permits and diminishing quantities or grades of reserves, political and social risks, changes to the regulatory framework within which Triton operates or may in the future operate, environmental conditions including extreme weather conditions, recruitment and retention of personnel, industrial relations issues and litigation.

Past performance is not necessarily a guide to future performance and no representation or warranty is made as to the likelihood of achievement or reasonableness of any forward-looking statements or other forecast. Given these uncertainties, recipients are cautioned not to place reliance on forward looking statements. Any forward-looking statements in this release speak only at the date of issue of this release. Subject to any continuing obligations under applicable law and the ASX Listing Rules, Triton Minerals Limited does not undertake any obligation to update or revise any information or any of the forward-looking statements in this release or any changes in events, conditions or circumstances on which any such forward looking statement is based.
