

Adjournment of Scheme Meeting to a date to be determined

Brisbane, Australia, 19 August 2022 - ResApp Health Limited (ASX: RAP) (**ResApp**) refers to the proposed acquisition of ResApp by Pfizer Australia Holdings Pty Limited (a wholly-owned subsidiary of Pfizer Inc., a global biopharmaceutical company) (**Pfizer**) by way of a scheme of arrangement (**Scheme**).

ResApp advises that the Supreme Court of New South Wales today agreed to an adjournment of the meeting for shareholders to vote on the Scheme (**Scheme Meeting**) to a date to be determined.

This means the Scheme Meeting will no longer be held on 2:00pm Friday, 19 August 2022. ResApp will advise shareholders as to when the Scheme Meeting will be held.

About ResApp Health Limited

ResApp Health Limited (ASX: RAP) is a leading digital health company developing smartphone applications for the diagnosis and management of respiratory disease. ResApp's machine learning algorithms use sound to diagnose and measure the severity of respiratory conditions without the need for additional accessories or hardware. ResApp's regulatory-approved and clinically validated products include ResAppDx, a smartphone-based acute respiratory disease diagnostic test; SleepCheckRx, a prescription-only smartphone application that screens adults for moderate to severe sleep apnoea; and SleepCheck, a smartphone application which allows consumers to self-assess their risk of sleep apnoea.
