About icetana

icetana produces AI video analytics software to help Security and IT teams manage large scale surveillance networks.

Security Operators often have thousands of cameras to monitor and IT teams need to configure these camera streams. icetana offers a practical solution.

Its AI technology learns what's normal for each camera, identifying and reporting any unusual or potentially dangerous events in real time.

Designed to handle large scale surveillance networks, icetana's technology eliminates the need for individual camera stream configurations or rule-setting.

The company provides AI video analytics software, hardware, and cloud solutions, serving diverse industries including guarding services, retail, hospitality, public safety, transportation, education, and large enterprise.

icetana has a global footprint, with its AI solution used across 31 clients, 71 sites, and approximately 15,000 cameras in 14 countries.
