Independent Auditor's Review Report to The Members	19

DIRECTORS' REPORT

The Directors present their report on the consolidated group of Sabre Resources Ltd (the “Company”) and its controlled entities (the “Group”) for the half year ended 31 December 2023.

1. DIRECTORS

The names of Directors in office during the half year and up to the date of this report:

Michael Scivolo
 Basil Conti
 Michael Norburn

2. REVIEW OF OPERATIONS

Sherlock Bay and Andover East Nickel and Lithium Projects, WA

During the reporting period the Company added large new tenement applications¹ at its Andover East project to expand its ground holding in Western Australia’s world-class northwest Pilbara lithium province to over 300km². These major tenement holdings cover key targets on extensions and repeats of the northeast-trending corridor that hosts the major Andover lithium discovery of Azure Minerals Ltd (ASX:AZS) (see Andover East Targets, Figure 1).

Figure 1: Sabre’s key nickel and lithium tenements in Sherlock Bay area, NW Pilbara

Detailed drone magnetic surveys are well advanced over both the Andover East and Andover Northeast target areas (see Figure 1). These surveys will define the large soil-covered, magnetic-low lithium-pegmatite target corridors for follow-up ground based, geophysical surveys and initial drilling.

Sabre has also identified a major new nickel sulphide and gold target corridor – the Sherlock North Trend² - immediately north of, and parallel to, the 20km Sherlock Bay sulphide corridor (Figure 2).

DIRECTORS' REPORT (continued)

REVIEW OF OPERATIONS (continued)

Figure 2: Sherlock Bay Project granted tenements and applications over Key nickel corridors.

Significant, higher-grade intersections of nickel-copper-cobalt and gold mineralisation have been encountered in the final two of four diamond holes drilled into the new sulphide discovery², associated with a major electromagnetic (EM) anomaly southwest of the existing Sherlock Bay Mineral Resource on the Sherlock Trend.

The results of these holes confirmed that the sulphides are nickel-copper-cobalt bearing and also included strong gold values of up to 2.69 g/t Au in diamond drillhole SBDD010, as summarised below (see Figure 3):

- 16.82m @ 0.74% NiEq* (0.26% Ni, 0.14% Cu, 0.04% Co and 0.75g/t Au) from 328m
incl. 8.0m @ 0.92% NiEq* (0.30% Ni, 0.11% Cu, 0.05% Co and 1.07g/t Au) from 331m
incl. 4.0m @ 1.13% NiEq* (0.26% Ni, 0.09% Cu, 0.07% Co and 1.60 g/t Au) from 335m
incl. 1m @ 1.64% NiEq* (0.33% Ni, 0.09% Cu, 0.05% Co and 2.69 g/t Au) from 335m

These results highlight the prospectivity of the many, untested EM anomalies within these corridors. The Company will seek WA Government co-funding to define and drill test these targets.

Eastern Goldfields, WA – Cave Hill Lithium Targets and Nepean South Nickel Targets

During the period, Sabre announced initial results from soil sampling over its extensive Cave Hill Project tenements³ that cover over 700km² of lithium-pegmatite target areas under shallow soil/alluvial cover in WA's highly-prospective Eastern Goldfields Lithium Province (see Figure 3).

Three large lithium-in-soil anomalies have been identified south, along strike, of the Kangaroo Hills lithium discovery⁴ (see Figure 3). Further sampling is in progress and, following results, priority soil anomalies and geophysical targets will be drill-tested.

DIRECTORS' REPORT (continued)

REVIEW OF OPERATIONS (continued)

Figure 3: Cave Hill Project tenements on aeromagnetics with new lithium anomalies deposits

Ngalia Basin, NT – High-Grade Sandstone Unconformity and Calcrete Uranium Targets

During the period Sabre launched an aggressive exploration program at the Dingo Uranium Project within the Company's 1,100km² Ngalia Basin tenement package in the Northern Territory, to follow up on high-grade results of up to 5,194ppm U₃O₈ identified in historical drilling⁵ (Figure 4).

The high-grade uranium drilling results are from Eclipse 1 Prospect within the highly-prospective Mt Eclipse Sandstone, which hosts significant, high-grade, uranium Mineral Resources at the Bgyrlyi⁶ and Camel Flat⁶ deposits within this area (see Figure 4). The Mt Eclipse Sandstone is interpreted to continue for 50km within the Company's tenements.

DIRECTORS' REPORT (continued)

REVIEW OF OPERATIONS (continued)

Figure 4: Dingo Project tenements showing uranium deposits and targeted Mt Eclipse Sandstone

The Company's exploration program includes a drone magnetics program to define the un-tested extensions of the MES under shallow-cover and cross-cutting fault structures and thrusts associated with strong radiometric anomalies. In addition, detailed gravity and passive seismic will be carried out in the soil-covered areas to locate uranium-enriched palaeo-channels under shallow cover⁷. This work will also be carried out on the Lake Lewis uranium prospect, on EL32864, to the east of the Dingo Project, which lies immediately along strike from the Napperby uranium Mineral Resource⁸.

The aim of these geophysical programs is to define aircore and RC drilling targets on immediate extensions of known uranium deposits/trends and the previous high-grade results identified in the MES, as well as extensive palaeo-channel targets which continue under shallow cover.

Ninghan Gold Project, WA

The Company's 100% owned Ninghan Gold Project in Western Australia's southern Murchison district is less than 20km along strike from the Mt Gibson gold mine. Previous RAB and aircore drilling at Ninghan has defined two strongly anomalous zones of gold mineralisation.

The Company has acquired an extensive tenement holding at the Ninghan project and exploration is planned to include follow-up aircore drilling and selective RC drilling to test bedrock gold anomalies and other geophysical targets for high-grade gold deposits.

DIRECTORS' REPORT (continued)

REVIEW OF OPERATIONS (continued)

Cautionary Statement regarding Forward-Looking information

This document contains forward-looking statements concerning Sabre Resources Ltd. Forward-looking statements are not statements of historical fact and actual events and results may differ materially from those described in the forward-looking statements as a result of a variety of risks, uncertainties and other factors.

Forward-looking statements are inherently subject to business, economic, competitive, political and social uncertainties and contingencies. Many factors could cause the Company's actual results to differ materially from those expressed or implied in any forward-looking information provided by the Company, or on behalf of, the Company. Such factors include, among other things, risks relating to additional funding requirements, metal prices, exploration, development and operating risks, competition, production risks, regulatory restrictions, including environmental regulation and liability and potential title disputes.

Forward looking statements in this document are based on the company's beliefs, opinions and estimates of Sabre Resources Ltd as of the dates the forward-looking statements are made, and no obligation is assumed to update forward looking statements if these beliefs, opinions and estimates should change or to reflect other future developments.

Competent Person Statements

The information in this report that relates to exploration results, metallurgy and mining reports and Mineral Resource Estimates has been reviewed, compiled and fairly represented by Mr Jonathon Dugdale. Mr Dugdale is the Chief Executive Officer of Sabre Resources Ltd and a Fellow of the Australian Institute of Mining and Metallurgy ('FAusIMM'). Mr Dugdale has sufficient experience, including over 34 years' experience in exploration, resource evaluation, mine geology, development studies and finance, relevant to the style of mineralisation and type of deposits under consideration to qualify as a Competent Person as defined in the 2012 Edition of the Joint Ore Reserves Committee ('JORC') Australasian Code for Reporting of Exploration Results, Minerals Resources and Ore Reserves. Mr Dugdale consents to the inclusion in this report of the matters based on this information in the form and context in which it appears.

Regarding the Mineral Resource Estimate for the Sherlock Bay Nickel Deposit, released 12 June 2018. The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcements, principally the Sabre Resources Ltd announcement of 12th June 2018: "Resource Estimate Update for Sherlock Bay Nickel Deposit". The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

*NICKEL EQUIVALENT CALCULATION

The conversion to nickel equivalent (NiEq) grade must take into account the plant recovery/payability and sales price (net of sales costs) of each commodity. Approximate recoveries/payabilities and sales price are based on leach testing information summarised in the Sabre Resources Ltd ASX release of 27th January 2022, "Sherlock Bay Ni Scoping Study Delivers Positive Cashflow".

The NiEq calculation is $Ni\%+Cu\% \times 0.38+Co\% \times 1.5+Pd \text{ ppm} \times 0.21+Pt \text{ ppm} \times 0.15+Au \text{ ppm} \times 0.31$

3. FINANCIAL RESULT

The Group incurred a loss after income tax of \$881,013 for the half year period (2022: loss of \$915,441). As at 31 December 2023, the Group had cash funds of \$5,378,287 (30 June 2023: \$4,511,761).

Net assets of the group have increased by \$1,649,788 from \$11,459,917 at 30 June 2023 to \$13,109,705 at 31 December 2023.

DIRECTORS' REPORT (continued)

4. AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on the following page.

This report is made in accordance with a resolution of the Board of Directors.

Michael Scivolo
Director

Perth, dated this 13th day of March 2024

**AUDITOR'S INDEPENDENCE DECLARATION
UNDER SECTION 307C OF THE CORPORATIONS ACT 2001
TO THE DIRECTORS OF SABRE RESOURCES LIMITED**

As auditor for the review of Sabre Resources Limited and its subsidiaries for the half-year ended 31 December 2023, I declare that, to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements as set out in *the Corporations Act 2001* in relation to the review, and
- b) no contraventions of any applicable code of professional conduct in relation to the review.

NEIL PACE
PARTNER

MOORE AUSTRALIA AUDIT (WA)
CHARTERED ACCOUNTANTS

Signed at Perth on the 13th day of March 2024.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2023**

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

Sabre Resources Ltd is a company domiciled in Australia.

This general-purpose financial report for the interim half year reporting period ended 31 December 2023 has been prepared in accordance with requirements of the Corporations Act 2001 and Australian Accounting Standards including AASB 134 Interim Financial Reporting. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Sabre Resources Ltd and its controlled entities (the Group). As such, it does not contain information that represents relatively insignificant changes occurring during the half year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2023 together with any public announcements made during the half year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

The Group has considered the implications of new or amended Accounting Standards, but determined that their application to the financial report is either not relevant or not material.

The interim financial statements have been approved and authorised for issue by the Board of Directors.

2. DIVIDENDS

No dividends have been paid or proposed during the half year ended 31 December 2023.

3. CAPITAL COMMITMENTS AND CONTINGENCIES

There has been no material change in contingent liabilities and commitments since the end of the last annual reporting period.

4. OPERATING SEGMENTS

Segment Information

Identification of reportable segments

The Group has identified its operating segments based on the internal management reports that are reviewed and used by the executive management team (the chief operating decision makers) in assessing performance and determining the allocation of resources. As the Group is focused on mineral exploration, the Board monitors the Group based on actual exploration expenditure incurred by area of interest. The internal reporting framework is the most relevant to assist the executive management team with making decisions regarding the Group and its ongoing exploration activities, while also taking into consideration the results of exploration work that has been performed to date.

The Company is managed on the basis of area of interest. Operating segments are therefore determined in the same basis.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2023

4. OPERATING SEGMENTS (continued)

Segments

The Group has two reportable segments as follows:

- (i) Australian Projects
- (ii) Namibian Projects

Basis of Accounting for purposes of reporting by operating segments

Accounting Policies Adopted

All amounts reported to the Board of Directors as the chief decision maker with respect to operating segments are determined in accordance with accounting policies that are consistent to those adopted in the annual financial statements of the Group.

There are no inter-segment transactions. Segment assets are clearly identifiable on the basis of their nature. Segment liabilities include trade and other.

Segment Performance – December 2023	Australia	Namibia	Total

SABRE RESOURCES LTD

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2023**

5. EXPLORATION AND EVALUATION EXPENDITURE

	Consolidated	
	31 December 2023	30 June 2023
	\$	\$
Opening balance	7,571,034	3,951,410
Expenditure for period (including foreign exchange movements)	801,831	3,942,431
Exploration and evaluation impairment/written off	(626,606)	(322,807)
	7,749,259	7,571,034

The ultimate recoupment of costs carried forward for exploration and evaluation phases is dependent on the successful development and commercial exploitation or sale of the respective mineral areas.

Exploration and evaluation activities in the area of interests to which the Exploration and Evaluation Expenditure relates has not at the reporting date reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest are continuing.

6. ISSUED CAPITAL

Date	Details	Number of Shares	Amount \$
1 July 2022	Balance	2,789,731,008	68,313,092
21 September 2022	Conversion of SBRO options	125,000	1,000

8 November 2023	Issue of SBR fully paid shares	702,576	30,000
24 November 2023	Issue of SBR fully paid shares	4,900,000	200,900
	Capital raising costs	-	(308,396)
31 December 2023	Balance	362,088,763	70,819,796

The Company's capital consists of Ordinary Shares. The Company does not have a limited amount of authorised share capital. The shares have no par value and are entitled to participate in dividends and the proceeds on any winding up of the Company in proportion to the number of shares held.

At shareholders' meetings a poll is called and each fully paid ordinary share is entitled to one vote.

SABRE RESOURCES LTD

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2023

7. SHARE OPTION RESERVE

Date	Details	Number of Options	Amount \$
1 July 2022	Balance	1,575,375,418	167,579

The Directors are not aware of any other matter or circumstance not otherwise dealt with in this report or financial statements that has significantly or may significantly affect the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in subsequent financial periods.

SABRE RESOURCES LTD

DIRECTORS' DECLARATION

In the opinion of the Directors of Sabre Resources Ltd:

- (a) the consolidated financial statements and notes, as set out on the accompanying pages, are in accordance with the Corporations Act 2001 including:
 - (i) complying with Australian Accounting Standard, AASB 134: Interim Financial Reporting; and
 - (ii) giving a true and fair view of its financial position as at 31 December 2023 and of its performance for the half year ended on that date.
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Board of Directors.

Michael Scivolo
Director

Perth, dated this 13th day of March 2024

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF SABRE RESOURCES LIMITED

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Sabre Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of comprehensive income, consolidated statement of changes in equity, the consolidated statement of cash flows for the half-year then ended, notes comprising a summary of material accounting policies and other explanatory information and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- ii. complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with Auditing Standards on Review Engagements *ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the Directors for the Half-Year Financial Report

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF SABRE RESOURCES LIMITED (CONTINUED)**

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the financial report based on our review. ASRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial report is not in accordance with the *Corporations Act 2001* including:

- i. giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and
- ii. complying with *Accounting Standard AASB 134: Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
