Change of Share Registry Details

Lithium Australia Ltd (ASX:LIT) ("**Lithium Australia**" or the "**Company**") advises that as of Monday, 4 March 2024, the provider of shareholder registry services for the Company will change from Advanced Share Registry Limited to Automic Pty Ltd ("**Automic**").

Our new Share registry contact details are as follows:

Automic
Level 5, 126 Phillip Street
Sydney NSW 2000

GPO Box 5193
Sydney NSW 2001

Shareholders can easily and efficiently manage their holdings via Automic's secure and highly accessible online investor portal. The portal provides, among other things, an online interface to update and manage shareholder details, view balances and transaction history.

Shareholder registration online

Shareholders that are not already a user of Automic's investor portal may visit <https://investor.automic.com.au> and signup to register their details using the two simple steps provided in the setup process.

Shareholders with any queries in relation to their Lithium Australia Ltd holding are advised to contact Automic at hello@automicgroup.com.au or on 1300 288 664 (within Australia) or +61 2 9698 5414 (outside Australia).

Authorised for release by the Company Secretary.

Forward-looking statements

This announcement contains forward-looking statements. Forward-looking statements are subject to a variety of risks and uncertainties that it is beyond the Company's ability to control or predict and which could cause actual events or results to differ materially from those anticipated in such forward-looking statements.

About Lithium Australia

Lithium Australia is aiming to lead and enable the global transition to sustainable lithium production. The Company operates Australia's market leading battery recycler, produces critical battery material lithium ferro phosphate (LFP), and has developed a patented lithium extraction technology. Lithium Australia's revenue-generating recycling business and technologies are well-placed to capitalise on growing global lithium-ion battery demand and provides diversification benefits to global supply chains.
