Entitlement Offer Update

KEY POINTS

- GBM advises that it has received a firm commitment for up to ~A\$1 million of any shortfall to the Entitlement Offer from Wise Walkers Limited (Wise Walkers), a Hong Kong registered investment company.
- The Company and Wise Walkers undertook due diligence regarding a potential investment in the Company which included site visits to White Dam and the Drummond Basin projects late last year. The parties intend to advance discussions regarding further potential funding interest in the Company following completion of the Entitlement Offer. If a binding agreement on any further investment is finalised, GBM will advise the market.

GBM Resources Limited (ASX: GBZ) (GBM or the Company) is pleased to provide an update of progress relating to securing additional funding to advance its significant asset base, in particular its flagship Drummond Basin gold projects which currently hold 45.6 million tonnes @ 1.26 g/t gold for 1.84 million ounces.

Wise Walkers has provided the Company with an application for up to \$1 million in shortfall securities (Application), in relation to the current GBM Non-Renounceable Pro-Rata Entitlement Offer (Entitlement Offer) (refer ASX:GBZ releases 3 January 2024 and 11 January 2024). The maximum number of securities that may be issued pursuant to the Application will be 111,111,111 shares and 55,555,555 options that would amount to a maximum interest in the Company's issued shares of up to approximately 10% on an undiluted basis. The full amount of the funds relating to the Application have been transferred to the Company's lawyers and are being held in trust for the Company.

There is no guarantee that there will be a shortfall under the Entitlement Offer and therefore there is no guarantee that Wise Walkers will receive any Shares or Options under the Shortfall Offer.

The parties intend to advance discussions regarding further potential funding interest in the Company following completion of the Entitlement Offer.

GBM Managing Director & CEO, Peter Rohner, commented: “GBM welcomes Wise Walkers’ interest in becoming a key shareholder following site visits and discussions during the latter part of 2023 and is looking forward to future discussions.”

About GBM Resources

GBM Resources Limited (ASX: GBZ) is a well-funded Queensland based mineral exploration and development company focused on the discovery of world-class gold and copper deposits in Eastern Australia. The company has a high calibre project portfolio, hosting district scale mineral systems, located in several premier metallogenic terrains.

GBM's flagship project in the Drummond Basin (QLD) holds ~1.84 Moz of gold in JORC resources (Mt Coolon, Yandan and Twin Hills). Some tenements in the Basin have recently become the subject of a A\$25m farm-in with Newmont. 2023 will see an expanded drilling program which is aiming to define 2-3 Moz and support GBM's transition into a mid-tier Australian gold company.

Separately GBM also holds tenements in the Mt Morgan district, in the Mt Isa Inlier in Queensland (JV with Nippon Mining Australia - 56%) and also holds a 100% interest in the White Dam Gold-Copper Project in South Australia. Divestment of these non-core assets is in progress.

About Wise Walkers Limited
