

28<sup>th</sup> July 2023

## QUARTERLY ACTIVITIES REPORT FOR PERIOD ENDING 30th JUNE 2023

---

### HIGHLIGHTS

#### Santy Gold and Base Metals Project

- **Induced Polarisation (IP) survey undertaken at the IZ5 Gold and Base Metals Prospect with two conductive zones identified.<sup>1</sup>**
- **Electro-Magnetic survey undertaken to constrain conductive zones for drill testing.**
- **Gold and polymetallic mineralisation identified at IZ5 during previous drilling:**
  - **SRC006 - 1m @ 0.89g/t Au, 90.3ppm Ag, 2.03% Cu & 0.19% Pb+Zn (66-67m)<sup>2</sup>**

#### Claw Gold Project

- **Environmental Survey undertaken during the quarter as part of the drilling approval process.**
- **Subject to environmental and heritage survey results, extensive, +10,000m Aircore (AC) drilling program targeted to commence later in the year.**
- **Claw immediately along strike of Capricorn Metals (ASX: CMM) Mt Gibson Gold 2.7Moz Project<sup>4</sup>.**

#### Corporate

- **BPM remains well-funded with cash of circa A\$3.9M.**
- **BPM continues to assess various project opportunities in the precious, base and battery metal space on an ongoing basis.**

**BPM Minerals Limited** (ASX:BPM, 'BPM' or 'the Company') is pleased to present its quarterly activities report for the quarter ended 30th June 2023. Exploration during the quarter focussed on the Company's Santy and Claw Projects located in Western Australia.

## Santy Gold and Base Metals Project

The Santy Project comprises five granted Exploration Licences (EL's) and a further Exploration License application totalling 540km<sup>2</sup>. The Project lies within the Talling Greenstone Belt, considered prospective for mesothermal gold, Volcanogenic Hosted Massive Sulphide (VHMS) base-metal mineralisation, magmatic Ni-Cu-Co-PGE's and Iron Ore. The endowment of the belt is proven by two former significant mining operations; the Talling Peak Iron Ore mine (Mt Gibson Iron Ltd ASX:MGX) and the Snake Well Gold and Base Metal Project (Adaman Resources Pty. Ltd.).

The IZ5/Santy Well Prospect is considered prospective for mesothermal style gold and VHMS style precious and base metal mineralisation. During the quarter, a Gradient Array Induced Polarisation (GAIP) survey was completed at the prospect with two conductive zones identified: IPC1 & IPC2<sup>1</sup>.

The conductive zones are considered to be indicative of massive sulphide accumulations containing precious and base metals. Encouragingly, both conductive zones are approximately 250m in length, a realistic size for a massive sulphide accumulation and do not appear to be stratigraphic.

The prospectivity of the IZ5 prospect for precious and base metal mineralisation was highlighted during RC drilling in late 2022 producing the following intriguing result:

- **SRC006 - 1m @ 0.89g/t Au, 90.3ppm Ag, 2.03% Cu & 0.19% Pb+Zn (66-67m)<sup>2</sup>**

This intercept is spatially associated with conductive zone IPC1. At this stage it is not known if the mineralisation is associated with the conductor or if the conductor lies deeper than the current drilling window (>80m). Conductor IPC2 is located close to previous drill holes however the conductive zone is untested by drilling.

Figure 1 - Santy Project - IZ5 Prospect - GAIP Survey Conductivity

A ground based Electro-Magnetic (EM) survey commenced during the following quarter. The aim of the EM survey is to constrain the two conductive zones in 3D. The initial GAIP survey is a quick, 'first pass' way of covering large areas of prospective ground, highlighting areas of conductivity, resistivity and chargeability, however it can only identify anomalies in 2D with no depth constraint. The EM survey is designed to identify conductors in 3D that can then be targeted and tested by drilling later in the year.

The IZ5 prospect is mostly under alluvial cover. Historically, multiple exploration programs have focussed around the areas of limited outcrop with historical rock chipping returning highly encouraging assay values >100g/t Au in addition to highly anomalous Ag, Cu, Pb, Zn & W.<sup>2</sup> BPM's strategy at the prospect is to explore under the surrounding cover by utilising multi-element regolith drilling and geophysical techniques to highlight prospective areas for deeper drill testing.

Further significant precious and base metal intercepts from drilling in late 2022 highlighting the prospectivity of IZ5 include:

- SRC005 - 4m @ 0.18g/t Au & 0.55g/t Ag (23-27m)
- SRC006 - 5m @ 0.11g/t Au, 11.04g/t Ag & 0.27% Cu (81-86m)
- SRC007 - 1m @ 0.144g/t Au, 7.7g/t Ag & 0.27% Cu (83-84m)<sup>1</sup>

The drilling results achieved by BPM are considered significant due to the polymetallic composition of the mineralised zones. It is thought that the mineralisation is VHMS related. The Talling Greenstone Belt contains known VHMS mineral occurrences to the east at the Snake Well Gold and Base Metal Project (Adaman). The multi-deposit, polymetallic Golden Grove VHMS camp is also a prominent operation in the region.

Figure 2 - Santy Project - Structural Target Overview

## Claw Gold Project

The Project is immediately along strike of Capricorn Metals Ltd.'s (ASX: CMM) Mt. Gibson Gold Project ('MGGP'). The Claw Project represents a rare opportunity in Western Australia - 33km of largely untested strike across a highly prospective shear zone, that hosts a multi-million-ounce gold deposit (Fig. 3).

The company is currently in the drilling approval process with the various underlying stakeholders associated with the project area. An environmental survey was completed during the quarter as part of the drilling approval process. Pending the outcomes of the survey and granting of drilling permit by DMIRS, it is anticipated that drilling will commence towards the end of 2023.

Figure 3 - BPM's Claw Gold Project, located in Western Australia's Murchison Region.

An access agreement is in place with the Pastoral Lease holder as part of the tenement application. Access has been agreed with the relevant freehold landowners to undertake 'first pass' geochemical sampling.

As part of the drilling approval process with DMIRS, DBCA and the pastoral lease holder, Environmental Management Plans (EMP's), Program of Works (PoW's), environmental and heritage surveys must be submitted/undertaken before drilling commences. The Company is currently progressing through this process and expects to commence drilling towards the end of 2023.

Two priority, drill ready, mineralised prospects are located within the Pastoral Lease, Chickie and Louie (Fig. 4)<sup>6</sup>. The prospects are located directly along strike of Mt Gibson with the Louie anomaly being located on the tenement boundary, ~1km along strike from Capricorn's conceptual open pit, the company remains focussed on these prospects as an exploration priority.

Figure 4 -Claw Project - Chickie and Louie Drilling Anomalies

### Nepean Ni-Cu-Co-PGE Project

The Nepean Project is located near Coolgardie in the Eastern Goldfields of WA. The project consists of typical Archaean greenstone lithologies and is prospective for gold and Ni-Cu-PGE's. The Company has undertaken two aircore drilling programs and a MLEM geophysical survey over the past two years. Several compelling EM conductors, that are spatially related to ultramafic rocks, have been identified and are believed to be indicative of massive Ni-Cu sulphide mineralisation.

An EIS co-funded drilling grant was awarded during the quarter. The proposal is to diamond drill-test an electromagnetic conductor that is interpreted to represent an accumulation of Ni-Cu massive sulphides. The company is currently reviewing options to undertake the drilling later in the year.

### Earaheedy Pb-Zn-Ag Projects

The Company owns 3 granted exploration tenements in the Proterozoic aged Earraheedy Basin located 200km north of Wiluna in Western Australia. The Basin is prospective for MVT related Pb-Zn-Ag mineralisation and is host the Rumble Resources Ltd.'s (ASX: RTR) Chinook Pb-Zn-Ag Deposit. No work was undertaken upon the company's portfolio of Earraheedy Basin Projects during the quarter. The Rhodes Project (E69/3824) was divested after the reporting period as per ASX Announcement: 10<sup>th</sup> July 2023 – Divestment of Rhodes Project.

### Project Generation

The Company continues to review new opportunities that are internally generated or presented to the company. The Company is focussed upon precious, base and battery metal related minerals within jurisdictions that are familiar with the Company's broader technical team including Australia, North America and Africa.

<sup>1</sup> BPM ASX Announcement – Conductors Identified at Santy Gold and Base Metals Project (26<sup>th</sup> June 2023)

<sup>7</sup> BPM ASX Announcement – Claw Project Granted with Early Exploration Confirming Gold Potential (7<sup>th</sup> September 2022)

### Corporate

- As per ASX Listing Rule 5.3.2, there were no substantive mining production and development activities undertaken during the quarter.
- As per ASX Listing Rule 5.3.1, a summary of the Company's exploration activities for the quarter is contained herein, with exploration expenditure incurred during the period of circa A\$218k.
- Section 6.1 of the Appendix 5B provides for an amount paid to related parties of A\$38,390 for directors' fees and salaries.
- BPM Minerals remains well-funded with cash of circa A\$3.9M at 30th June 2023.

- END -

This release is authorised by the Board of Directors of BPM Minerals Limited.

**Competent Persons Statement**

The information in this announcement that relates to Exploration Results is based on information compiled by Oliver Judd, who is a Member of AusIMM and who has more than five years’ experience in the field of activity being reported on. The information in the market announcement is an accurate representation of the available data.

Mr. Judd has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’. Mr. Judd consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

**2023 JUNE QUARTER - ASX ANNOUNCEMENTS**

This Quarterly Activities Report contains information extracted from ASX market announcements reported in accordance with the 2012 edition of the “Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves” (“2012 JORC Code”). Further details (including 2012 JORC Code reporting tables where applicable) of exploration results referred to in this Quarterly Activities Report can be found in the following announcements lodged on the ASX:

## ABOUT BPM MINERALS

BPM Minerals Limited (ASX:BPM) is a Perth-based base and precious metals explorer with a portfolio of projects located across some of Western Australia's most endowed greenstone belts and sedimentary basins. The Company seeks to build its landholdings within major mining regions, close to existing deposits and quality infrastructure.

Figure 7 - BPM Minerals portfolio of Projects in some of Western Australia's most prospective greenstone Belts and Base-Metal Basins.

| 4.4                                  | Net cash from / (used in) financing activities (item 3.10 above)                        | (9)                        | (94)                                   |

## Mining exploration entity or oil and gas exploration entity quarterly cash flow report

| <b>Consolidated statement of cash flows</b> |   | <b>Current quarter<br/>\$A'000</b> | <b>Year to date (12<br/>months)<br/>\$A'000</b> |
|---|---|------------------------------------|---|
| 4.5   | Effect of movement in exchange rates on cash held | -                                  | -   |
| <b>4.6</b>                                  | <b>Cash and cash equivalents at end of period</b> | <b>3,941</b>                       | <b>3,941</b>                                    |

| <b>5.</b>  | <b>Reconciliation of cash and cash equivalents</b><br>at the end of the quarter (as shown in the consolidated statement of cash flows) to the related items in the accounts | <b>Current quarter<br/>\$A'000</b> | <b>Previous quarter<br/>\$A'000</b> |
|------------|---|------------------------------------|-------------------------------------|
| 5.1        | Bank balances   | 3,941                              | 4,245                               |
| 5.2        | Call deposits   | -                                  | -                                   |
| 5.3        | Bank overdrafts   | -                                  | -                                   |
| 5.4        | Other (provide details)   | -                                  | -                                   |
| <b>5.5</b> | <b>Cash and cash equivalents at end of quarter (should equal item 4.6 above)</b>  | <b>3,941</b>                       | <b>4,245</b>                        |

| <b>6.</b>   | <b>Payments to related parties of the entity and their associates</b>                   | <b>Current quarter<br/>\$A'000</b> |
|---|---|------------------------------------|
| 6.1   | Aggregate amount of payments to related parties and their associates included in item 1 | 38                                 |
| 6.2   | Aggregate amount of payments to related parties and their associates included in item 2 | -                                  |
| <i>Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments.</i> |   |                                    |

## Mining exploration entity or oil and gas exploration entity quarterly cash flow report

| <b>7. Financing facilities</b>  | <b>Total facility amount at quarter end<br/>\$A'000</b> | <b>Amount drawn at quarter end<br/>\$A'000</b> |
|---|---|--|
| <i>Note: the term "facility" includes all forms of financing arrangements available to the entity.<br/>Add notes as necessary for an understanding of the sources of finance available to the entity.</i>   |   |  |
| 7.1 Loan facilities   | -   | -  |
| 7.2 Credit standby arrangements   | -   | -  |
| 7.3 Other (please specify)  | -   | -  |
| <b>7.4 Total financing facilities</b>   | -   | -  |
| <b>7.5 Unused financing facilities available at quarter end</b>   |   | -  |
| 7.6 Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well. |   |  |
|   |   |  |

| <b>8. Estimated cash available for future operating activities</b>  | <b>\$A'000</b> |
|---|----------------|
| 8.1 Net cash from / (used in) operating activities (item 1.9)   | (195)          |
| 8.2 Payments for exploration & evaluation classified as investing activities (item 2.1(d))  | (100)          |
| 8.3 Total relevant outgoings (item 8.1 + item 8.2)  | (295)          |
| 8.4 Cash and cash equivalents at quarter end (item 4.6)   | 3,941          |
| 8.5 Unused finance facilities available at quarter end (item 7.5)   | -              |
| 8.6 Total available funding (item 8.4 + item 8.5)   | 3,941          |
| <b>8.7 Estimated quarters of funding available (item 8.6 divided by item 8.3)</b>   | 13.36          |
| <i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i> |                |
| 8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:   |                |
| 8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?   |                |
| Answer: N/A   |                |
| 8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?              |                |
| Answer: N/A   |                |
| 8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?   |                |
| Answer: N/A   |                |
| <i>Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i>  |                |

## Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: ..... 28 July 2023.....

Authorised by: .....The Board.....  
(Name of body or officer authorising release – see note 4)

## Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
