archTIS Awarded \$342,540 Contract with Australian Naval Infrastructure for Kojensi

archTIS Limited (“archTIS”; **ASX:AR9, OTCQB:ARHLF**), a global provider of data-centric software solutions for the secure collaboration of sensitive information, is pleased to announce that the Company has signed an agreement with Australian Naval Infrastructure Pty Ltd (ANI) to license Kojensi. Kojensi is a government-accredited software as a service (SaaS) platform that is designed to share and collaborate on sensitive and classified information between Government agencies, industry and industry supply chain.

ANI has signed a total contract value of A\$342,540 (including GST) of which \$112,200 is for annual recurring licensing revenue (ARR) across an initial 100 users; with the ability to purchase additional licenses during the contract period. The contract term runs until 30 October 2026 and can be terminated only in the first 30 days (by either party through written notice), after which time it cannot be terminated.

ANI is a Government Business Enterprise. ANI's joint shareholders are the Minister for Finance and the Minister for Defence. ANI's primary objective is to support the Commonwealth's continuous naval shipbuilding program by being the owner, developer and manager of infrastructure and related facilities. ANI is also tasked with providing access and efficiently and effectively managing the infrastructure to ensure an integrated and coordinated approach to delivery of all aspects of the shipbuilding program. ANI has focused on fulfilling these functions through the expansion and modernisation of the Osborne Naval Shipyard into a world-class shipbuilding precinct, and the continued operation and maintenance of Common Use Infrastructure.

Daniel Lai, archTIS Managing Director, said: “ANI is an important win for archTIS. Their selection of Kojensi validates the value it offers to quickly deploy a secure platform for sensitive information exchange. It is another milestone in our continued drive to make Kojensi the preferred platform for the secure sharing and collaboration of classified information between partners across Defence and the supply chain.”

-ENDS-

Authorised for issue by order of the Board of Directors
