Prodigy Gold – Exploration update

AGM – 16 October 2023

Important Information and Competent Person

IMPORTANT INFORMATION

This presentation has been prepared by Prodigy Gold NL ("Prodigy Gold" or the "Company"). This presentation is for information purposes only and should not be considered as an offer or invitation to subscribe for or purchase any securities in the Company or as an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for securities in the Company will be entered into on the basis of this presentation.

This presentation contains forecasts and forward-looking statements and information which are based on internal business data and information obtained from external sources. Forward looking statements may be identified by the use of words such as "anticipate", "expect", "estimate", "planned", "forecast", "likely", "intend" and other similar expressions. Such forecasts and information are not a guarantee of future performance and involve unknown risks, uncertainties and contingencies which may impact future outcomes on the Company. Actual results and developments will therefore almost certainly differ materially from those expressed or implied. Prodigy Gold has not audited or investigated the accuracy or completeness of the information, statements and opinions contained in this presentation. Accordingly, to the maximum extent permitted by law, Prodigy Gold makes no representation and gives no assurance, guarantee or warranty, express or implied, as to, and takes no responsibility and assumes no liability for, the authenticity, validity, accuracy, suitability or completeness of, or any errors in or omission from, any information, statement or opinion contained in this presentation.

For the disclosure of visual information and rock chip descriptions, the Company cautions that the images displayed and samples described are for general illustrative purposes only and that the samples displayed and visual methods gold identification should not be considered as a proxy for laboratory analysis, and that laboratory analysis is required to determine the grades of the rock chip samples. Visual information also potentially provides no information regarding impurities or deleterious physical properties relevant to valuations. The rock chip samples are point samples (typically 0.35-2.0kg weights) taken in the field and do not represent true trends or widths of mineralisation.

The information in this presentation is given in summary form and does not purport to be all inclusive or contain all information which you may require in order to make an informed assessment of the Company's prospects. Nothing contained in this presentation constitutes investment advice, financial product advice or legal, tax, accounting or other advice, nor does it take into account the financial situation, objectives or needs of any person. Prodigy Gold is not licensed to provide financial product advice.

You should not act or refrain from acting in reliance on this presentation material. You should conduct your own investigation, perform your own analysis and obtain independent professional advice, in order to satisfy yourself as to the accuracy and completeness of the information, statements and opinions contained in this presentation and in making any investment decision in respect of Prodigy Gold.

Prodigy Gold - Summary

Focused Gold Explorer in the Tanami Region of the NT

- Significant land holding in an underexplored gold province hosting one of Australia's best performing mines – Newmont Australia's Tanami Operation
- Focused on gold exploration, strategy is clear to develop the Tanami North, Buccaneer and Lake Mackay projects
 - Drilling at Tregony and Hyperion this year successfully supported this strategy with several holes showing significant grades and widths
- Supporting our work with our JV partners and neighbours some of whom are Australian majors
 - Newmont, IGO, Northern Star, Tanami Gold, Blackcat & Australasian Metals
- Actively looking to reduce costs by divesting and surrendering non-core assets

Competent Person Statement for Resources

IMPORTANT INFORMATION

Competent Persons Statement for the Mineral Resources

The information in this report that relates to Mineral Resource for Buccaneer was released to the ASX on the 11 August 2023 – Buccaneer Mineral Resource Update. This document can be found at www.asx.com.au (Stock Code: PRX) and at www.prodigygold.com.au. The information was compiled by Mr. Shaun Searle who is a member of the Australasian Institute of Geoscientists and reviewed by Mr. Mark Edwards who is a Fellow of the Australasian Institute of Mining and Metallurgy. At the time of the 11 August 2023 release Mr. Edwards was a full-time employee of Prodigy Gold NL and Mr. Searle was a full-time employee of Ashmore Advisory Pty Ltd. Mr. Edwards is the Mineral Resource Competent Person for the Buccaneer estimate and consents to the release of this information in the form and context in which it appears. Mr Edwards has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity he was undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (the “2012 JORC Code”).

The information in this report that relates to Mineral Resource for Tregony was released to the ASX on the 15 February 2023 – Maiden Mineral Resource for Tregony Deposit and re-stated in the Annual Mineral Resource Statement on 15 August 2023. These documents can be found at www.asx.com.au (Stock Code: PRX) and at www.prodigygold.com.au. The 15 February 2023 and 15 August 2023 releases fairly represents information reviewed by Mr. Mark Edwards, a Competent Person who is a Fellow of the Australasian Institute of Mining and Metallurgy. At the time of the 15 February 2023 and 15 August 2023 release Mr. Edwards was a full-time employee of Prodigy Gold. Mr. Edwards has provided written consent for the 15 February 2023 and 15 August 2023 releases.

The information in this report that relates to Mineral Resource for Old Pirate was previously released to the ASX on the 19 August 2016 – Old Pirate Updated Mineral Resource Estimate. This document can be found at www.asx.com.au (Stock Code: PRX) and at www.prodigygold.com.au. The 19 August 2016 release fairly represents information reviewed by Mr. David Williams, a Competent Person who is a member of the Australasian Institute of Mining and Metallurgy. At the time of the 19 August 2016 release Mr. Williams was a

full-time employee of CSA Global Pty Ltd. Mr. Williams had previously provided written consent for the 19 August 2016 release.

The information in this report that relates to Mineral Resource for Hyperion (previously called Suplejack) was previously released to the ASX on the 31 July 2018 – Suplejack Resource Update. This document can be found at www.asx.com.au (Stock Code: PRX) and at www.prodigygold.com.au. The 31 July 2018 release fairly represents data and geological modelling reviewed by Mr. Matt Briggs who is a member of the Australasian Institute of Mining and Metallurgy and grade estimation and Mineral Resource estimates reviewed by Mr. Ian Glacken who is a Fellow of the Australian Institute of Geoscientists. At the time of the 31 July 2018 release Mr. Briggs was a full-time employee of Prodigy Gold NL and Mr. Glacken was a full-time employee of Optiro Pty Ltd. Mr. Briggs and Mr. Glacken had previously provided written consent for the 31 July 2018 release. This Mineral Resource was re-stated as of 15 August 2023 in the Annual Mineral Resource Statement for Prodigy Gold. At the time of the 15 August 2023 release Mr. Edwards was a full-time employee of Prodigy Gold. Mr. Edwards has provided written consent for the 15 August 2023 release.

The Company confirms that it is not aware of any new information or data that materially affects the Mineral Resources as reported on the 11 August 2023, 15 February 2023, 19 August 2016, and 31 July 2018 and re-stated on 15 August 2023, and the assumptions and technical parameters underpinning the estimates in the 11 August 2023, 15 February 2023, 19 August 2016 and 31 July 2018 releases continue to apply and have not materially changed.

The information in this announcement relating to Mineral Resources from Tregony, Old Pirate, Buccaneer and Hyperion is based on information reviewed and checked by Mr. Mark Edwards. Mr. Edwards is a Fellow of the Australasian Institute of Mining and Metallurgy (AusIMM) and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (the “JORC Code”). Mr. Edwards is a full-time employee of the Company in the position of Managing Director and consents to the inclusion of the Mineral Resources in the form and context in which they appear.
