

NON-EXECUTIVE DIRECTOR APPOINTMENT

Experienced finance focused professional appointed to the AVL Board

KEY POINTS

- **Anna Sudlow appointed to the AVL Board as Non-Executive Director.**
- **Strong complementary skillset in finance and corporate strategy.**
- **Board evolution supporting progress on the Australian Vanadium Project.**

Australian Vanadium Limited (ASX: AVL, “the Company” or “AVL”) is pleased to announce that it has appointed Ms Anna Sudlow to the AVL Board as Non-Executive Director with effect from 1 June 2023.

Chair of the Board, Cliff Lawrenson comments, *“I would like to welcome Anna to AVL as we evolve the Board of Directors to include the skills we require to bring the Australian Vanadium Project into production. I am confident that Anna’s work ethic and deep financial knowledge will add to the existing rigour that the AVL Board employs, particularly in aspects relating to the financing of the Project and the Company.”*

Ms Sudlow is a corporate finance executive with experience in the mining and resources sectors across a range of commodities and jurisdictions. She holds a Bachelor of Commerce, is a Certified Practising Accountant (CPA) and holds a Master of Business Administration (MBA). Ms Sudlow has held senior roles at Woodside Energy and Paladin Energy and has experience in strategy, capital management and funding, commercial analysis, business development, risk and financial reporting and governance.

Ms Sudlow is currently the CFO of Paladin Energy Limited (ASX: PDN), an Australian listed uranium company on the S&P/ASX 200 Index.

Ms Sudlow comments, *“I am delighted to be joining the team at Australian Vanadium Limited at such an important time in the global energy transition. AVL’s Project has a key role to play in this energy transition through the delivery of critical minerals and energy storage solutions. I look forward to contributing to the success of AVL and the delivery of its strategy.”*

Relevant key details of Ms Sudlow’s appointment are set out in Appendix 1 below.

ABOUT AUSTRALIAN VANADIUM LTD

AVL is a resource company focused on vanadium, seeking to offer investors a unique exposure to all aspects of the vanadium value chain – from resource through to steel and energy storage opportunities. AVL is advancing the development of its world-class Australian Vanadium Project at Gabanintha. The Australian Vanadium Project is one of the most advanced vanadium projects being developed globally, with 239Mt at 0.73% vanadium pentoxide (V_2O_5), containing a high-grade zone of 95.6Mt at 1.07% V_2O_5 and an Ore Reserve of 30.9Mt at 1.09% V_2O_5 comprised of a Proved Reserve of 5Mt at 1.11% V_2O_5 and a Probable Reserve of 20.4Mt at 1.07% V_2O_5 , reported in compliance with the JORC Code 2012 (see ASX announcement dated 1st November 2021 '*Mineral Resource Update at the Australian Vanadium Project*' and ASX announcement dated 6th April 2022 '*Bankable Feasibility Study for the Australian Vanadium Project*').

VSUN Energy is AVL's 100% owned renewable energy and energy storage subsidiary which is focused on developing the Australian market for vanadium redox flow batteries for long duration energy storage. VSUN Energy was established in 2016 and is widely respected for its VRFB expertise. AVL's vertical integration strategy incorporates processing vanadium to high purity, manufacturing vanadium electrolyte and working with VSUN Energy as it develops projects based on renewable energy generation and VRFB energy storage.

APPENDIX 1

- The appointment of Ms Sudlow to the Board commenced on 1 June 2023.
- Ms Sudlow will receive a fee of \$100,000 per annum (inclusive of superannuation) and will be eligible to participate in the Company's Performance Incentive Scheme, under which she will be able to apply for 10,000,000 performance rights which are subject to the vesting criteria below:

ASX CHAPTER 5 COMPLIANCE AND CAUTIONARY AND FORWARD-LOOKING STATEMENTS

ASX Listing Rules 5.19 and 5.23

ASX Listing Rule 5.19

The information in this announcement relating to production targets, or forecast financial information derived from a production target, is extracted from the announcement entitled 'Bankable Feasibility Study for the Australian Vanadium Project' released to the ASX on 6th April 2022 which is available on the Company's website www.australianvanadium.com.au.

The Company confirms that all material assumptions underpinning the production target, or the forecast financial information derived from a production target, in the original market announcement continue to apply and have not materially changed.

ASX Listing Rule 5.23

The information in this announcement relating to exploration results and mineral resource and ore reserve estimates for the Australian Vanadium Project is extracted from the announcement entitled 'Bankable Feasibility Study for the Australian Vanadium Project' released to the ASX on 6th April 2022 which is available on the Company's website www.australianvanadium.com.au.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement, and that all material assumptions and technical parameters underpinning the estimates in the original market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the competent person's findings are presented have not been materially modified from the original market announcement.

Forward-Looking Statements

This release may contain certain forward-looking statements with respect to matters including but not limited to the financial condition, results of operations and business of AVL and certain of the plans and objectives of AVL with respect to these items.

These forward-looking statements are not historical facts but rather are based on AVL's current expectations, estimates and projections about the industry in which AVL operates and its beliefs and assumptions.

Words such as "anticipates," "considers," "expects," "intends," "plans," "believes," "seeks," "estimates", "guidance" and similar expressions are intended to identify forward looking statements and should be considered an at-risk statement. Such statements are subject to certain risks and uncertainties, particularly those risks or uncertainties inherent in the industry in which AVL operates.

These statements are not guarantees of future performance and are subject to known and unknown

risks, uncertainties, and other factors, some of which are beyond the control of AVL, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements. Such risks include, but are not limited to resource risk, metal price volatility, currency fluctuations, increased production costs and variances in ore grade or recovery rates from those assumed in mining plans, as well as political and operational risks in the countries and states in which we sell our product to, and government regulation and judicial outcomes. For more detailed discussion of such risks and other factors, see the Company's Annual Reports, as well as the Company's other filings.

AVL cautions shareholders and prospective shareholders not to place undue reliance on these forward-looking statements, which reflect the view of AVL only as of the date of this release.

The forward-looking statements made in this announcement relate only to events as of the date on which the statements are made.

AVL will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this announcement except as required by law or by any appropriate regulatory authority.
