IMPORTANT INFORMATION

DISCLAIMER

This document is confidential and may not be reproduced, redistributed or passed on, directly or indirectly. This document is neither a prospectus nor an offer to subscribe for Shares. QMines Limited ACN 643 212 104 (**QMines**) and its directors, officers, employees, advisers, agents and consultants make no representations or warranties as to the accuracy, reliability or completeness of this document including the accuracy or attainability of any forward-looking statements, and have no liability, including liability to any person by reason of negligence of, or contained in or derived from, or for any omissions from this document, except liability under statute that cannot be excluded.

EXPLORATION

The information in this document that relates to mineral exploration and exploration targets is based on work compiled under the supervision of Mr Hamish Grant, a member of the Australian Institute of Geoscientists (AIG). Mr Grant is QMines' principal geologist and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity that he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves' (JORC 2012 Mineral Code). Mr Grant consents to the inclusion in this document of the exploration information in the form and context in which it appears.

COMPETENT PERSON

The information in this document that relates to the Mineral Resource Estimate and Exploration Targets is based on information compiled by Mr Simon Tear, a member of the Australian Institute of Mining and Metallurgy. Mr Tear is a director and consultant geologist with H&S Consultants Pty Ltd and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity he is undertaking to be a Competent Person for the reporting of Mineral Resources according to the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Tear consents to the inclusion in this document of the information relating to Mineral Resources and exploration information in the form and context in which it appears.

MT CHALMERS COPPER GOLD PROJECT

The historical exploration results in relation to the Mt Chalmers project contained in this document have been validated and reported in accordance with the JORC 2012 Mineral Code and the Competent Person has undertaken sufficient work to disclose the historical exploration results in accordance with the JORC 2012 Mineral Code.

LIMITED HISTORY

The Company was recently incorporated on 4 August 2020 and has only limited operating history and limited historical financial performance. Exploration and production has previously been conducted on the area of land the subject of the tenements, however, the Company is yet to conduct its own exploration activities or had the opportunity to confirm any historical information in relation to these tenements.

FUTURE PERFORMANCE

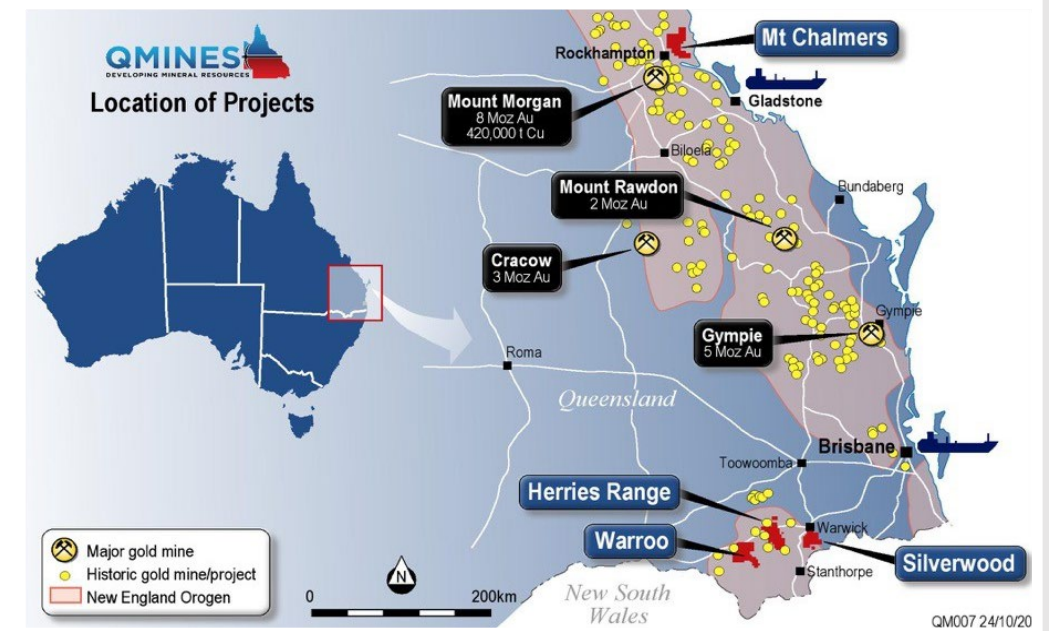

This document contains references to certain targets and plans of QMines which may or may not be achieved. Any forward-looking statements are necessarily based upon a number of estimates and assumptions that, whilst considered reasonable by QMines and the Competent Person, are inherently subject to significant technical, business, economic, competitive, political and social uncertainties and contingencies, involve known and unknown risks and uncertainties that could cause actual events or results to differ materially from estimated or anticipated events or results reflected in such forward-looking statements. The performance of QMines may be influenced by a number of factors, risks and uncertainties, many of which are outside the control of QMines and its directors, officers, employees, advisers, agents and consultants.
