## **ABOUT SKY AND SPACE COMPANY LIMITED**

Sky and Space Company Limited is an ASX listed (SAS) satellite company regulated by the UK Space Agency with aerospace, satellite, and software industry expertise.

The Company's core business is to provide communications infrastructure and services based on nanosatellite technology and deploy highly sophisticated software systems that launch, maintain orbit, control, and manage global communication networks in space.

The Company was the first to build and operate a nanosatellite based commercial telecom network. It currently benefits from over 50 agreements with future customers, award winning technology and many nanosatellite world firsts including propulsionless formation flying and inter satellite communications.
