## QUARTERLY ACTIVITIES REPORT – QUARTER ENDED 31 MARCH 2021

Caeneus Minerals Limited (ASX: CAD) (“Caeneus” or “the Company”) is pleased to provide the following report on its activities for the quarter ended 31 March 2021.

### HIGHLIGHTS

- Field program carried out on Roberts Hill defining drill locations to test selected aeromagnetic features
- Program of Work for Roberts Hill drilling submitted which includes 19,500 metres of air-core drilling
- Review of USA Lithium Projects underway

### SUMMARY OF EXPLORATION ACTIVITIES

#### *Roberts Hill Project E47/3846*

During the quarter, the Company has been completing field trips in preparation for its maiden drill program on its Roberts Hill Project. Proposed drill sites have been inspected and a full review of all proposed track clearing requirements has been completed.

*Figures 2 (left) and 3: Sparse occurrences of calcrete development within the Roberts Hill tenement*

The Roberts Hill Exploration Licence is situated in the highly prospective Mallina Basin and is located only 6km from De Grey Mining Limited's (ASX: DEG) flagship Hemi discovery. Work done by previous explorers has been limited to one water bore drill hole and sporadic soil sampling. Caeneus will be the first Company to drill test the aeromagnetic intrusive features recently identified in this property, with its planned 2021 drilling program.

*Figures 4 (left) and 5: All aeromagnetic features are covered by at least 40 metres of sand cover. New tracks as well as track repair are proposed.*

During the quarter, the Company submitted its Program of Work (PoW) to the Department of Mines, Industry Regulation and Safety (DMIRS) for the proposed Roberts Hill drilling program of 19,500 metres of air-core drilling. Delays have been encountered with the approval of the PoW due to some of the drilling locations requiring extra environmental care when drilling within affected parts of the Yule River water catchment. The Company will update the market as information comes to hand in respect to the Program of Work approval and other relevant approvals.

#### Other Pilbara Projects

There is no material information to report on the Company's other Pilbara projects during the quarter.
